Wheel Pros has been at the forefront of the automotive aftermarket industry, fueling the passion of enthusiasts everywhere. What started as a couple of gearheads with a love for wheels has grown into a global powerhouse, offering the most innovative designs and cutting-edge performance solutions for vehicles of all kinds. From the racetrack to the street, our wheels, tires, and accessories are crafted to outperform at every turn.

All of our products are designed by enthusiasts in the U.S.A., with domestic and international manufacturing facilities, and a distribution and dealer network capable of fulfilling orders to enthusiasts anywhere, anytime. No other company does it like Wheel Pros.

CUSTOM. FROM COAST TO COAST.

Home of the biggest and baddest, our custom forged operations span state-of-the-art facilities in California and South Carolina. From design and engineering to machining, finishing, and packaging, our US-based team handles it all.

The Black Rhino **Removable Rock Guard** is a bolt-in HDPE protective ring designed to shield the wheel lip against scrapes and dings. Our rock guard retains its color when scratched, keeping wear and tear low-key and ensuring a cleaner look. This non-structural ring is easy to swap in your driveway, making it a cost-effective alternative to costly wheel repairs or replacements. It's the ultimate accessory for off-road enthusiasts who want more time on the trails and less on upkeep.

BEADLOCK WHEELS

We engineer our beadlock wheels to handle the most demanding terrains. Combining function and form, these wheels come equipped with an external locking ring that clamps the tire bead firmly against the wheel. This ensures unmatched tire retention even under extreme conditions.

Beadlock wheels are not DOT approved and for off-road use only.

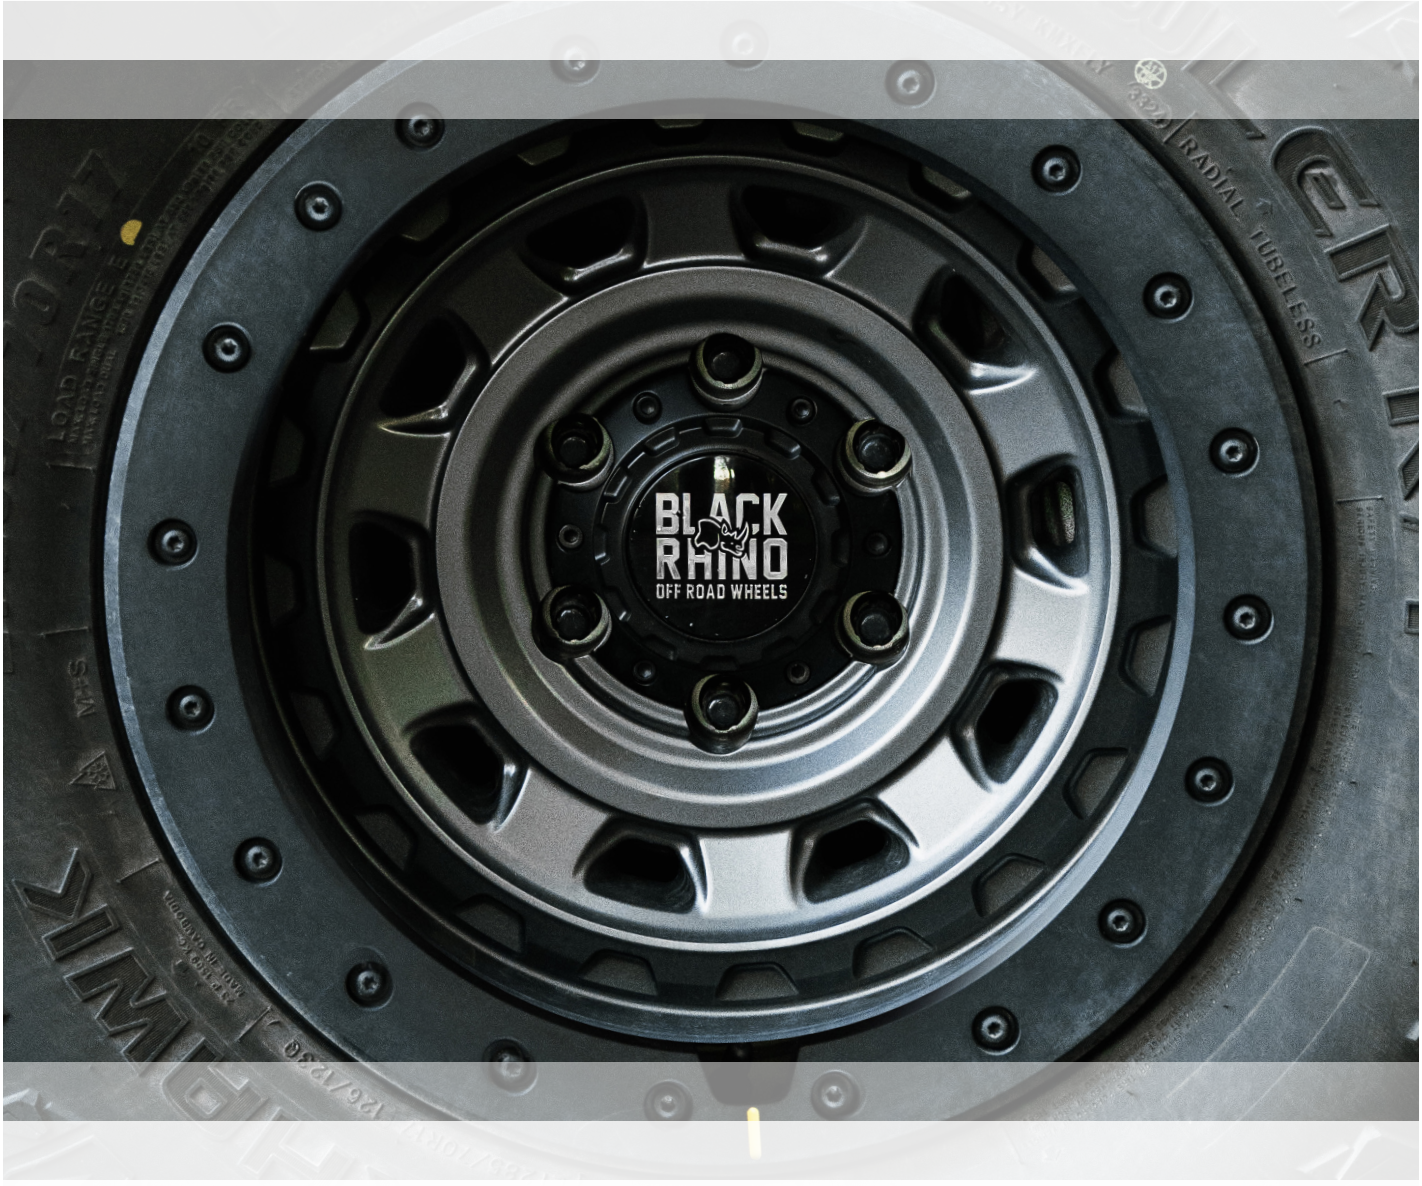
NEW PRODUCT SPOTLIGHT OPTIONAL MODULAR CENTER CAPS



Personalize and stylize your Black Rhino wheels with our new center caps. Designed for off-road durability and bold looks, these caps are easily swappable using only three bolts and fit a wide range of wheels, including all new Black Rhino styles and BR020 models onward. Available in three unique designs: Classic Stripe (SKU: BRCAP104), Mountain (SKU: BRCAP105), and Rhino Logo (SKU: BRCAP106). These caps are perfect for 5 & 6-lug applications (not compatible with 8-lug wheels).

FUEL OFF-ROAD

FUSION FORGED™

STYLE SO ADVANCED, IT'S BEYOND MEASURE

We just rewrote the rules on wheel design. Introducing the all-new Fuel Off-Road Fusion Forged Series. These wheels feature a unique hybrid construction that's guaranteed to enhance and reshape your ride's style and performance. Constructed from a 6061-T6 forged aluminum barrel and an engineered cast center, each wheel is assembled using a process called fusion forging. This process allows us to build wheels with the weight savings and strength of a forged construction with the complex and intricate styling of a cast wheel.

Key features:

- Fusion Forged Technology (friction-based welding process)
- Combines lightweight forged barrel with an engineered cast center.
- Features weight savings and added strength benefits of forged construction wheels.
- Enables cast design refinement and limitless spoke and lip styling options. Including the over the lip floating spoke design you see on all 3 of our new Fuel Fusion Forged Designs.
- Available in two-toned and multi-finish options.

Fuel Off-Road Beadlock wheels deliver unmatched off-road performance and rugged style. Designed for extreme terrain, beadlock technology locks the tire securely to the rim, preventing bead slippage under low air pressure.

Beadlock wheels are not DOT approved and for off-road use only.

TRUE BEADLOCK DESIGN

Fuel Off-Road's cast one-piece dually wheels are made in fitments for street, lifted, and extreme trucks running traditional or super single front wheels. Dial in the perfect fitment with three backspace options. Choose from 2.5", 3.5", or 4.5" spacing options and take your stance to the next level. The dually lineup is offered in a variety of standout finishes, from Chrome to Gloss Black with milled accents. Backspace options give you the ability to customize your stock or modified dually truck. We offer three different specs to play with: 2.5", 3.5", or 4.5" spacing, each for a specific look and style.

STREET 2.5" SPACING

2.5" spacing for street and A/T tires as wide as 275mm

LIFTED 3.5" SPACING

3.5" spacing for street and A/T Tires 285 325mm wide and 12.50 wide M/T tires.

EXTREME 4.5" SPACING

4.5" spacing for 13.50 wide or wider M/T tires.

XD FLOATER CAP

Finish	Size	Offset	PCD
Matte Black w/ Gloss Black Insert	20x9 / 20x10	1 / -18 / 20	5 / 6 / 8 - Lugs

The Bomber features a removable and replaceable rock ring that ensures your wheels stay in top shape even after intense off-roading adventures. Our new floating center cap stays upright and stationary while you drive, letting everyone know you roll with XD. We make the floating cap easily removable, so you can paint it, dip it, or customize it however you'd like.

ASANTI

Asanti designs and engineers wheels to enhance contemporary luxury vehicles' style, stance, and performance. From cast monoblock wheels in aggressive, staggered fitments to fully custom, forged two-piece setups, there is an Asanti wheel to complement every modern luxury machine.

ASANTI

At Asanti, we understand that owners of luxury vehicles aren't just driving; they're making a statement. Style and status go hand-in-hand, and our design philosophy embraces this. Asanti forged wheels are constructed from 6061-T6 forged aluminum and feature the perfect blend of style, status, and performance for sedan and SUV enthusiasts.

AERODISC FOR BUC-M, LAS-R & RSE CAST MONOBLOCK WHEELS

Thread-on wheel fan for 19x8.5 BUC-M, LAS-R and RSE cast monoblock wheels only. Available in both gloss white and gloss black, the new Rotiform AeroDisc is an easy and exciting way to customize your vehicle. Download our free graphics packages, or run them as is for that vintage motorsport look. AeroDisc must be used with new Billet Hex fastener. Billet Hex is sold individually.

American Racing CUSTOM WHEELS

CAST 2-PIECE & 2 PIECE FORGED WHEELS

Stronger and lighter than cast alternatives, the American Racing two-piece forged lineup is 100% made in the USA. Each wheel is constructed from 6061-T6 forged aluminum and hand-crafted to your specifications. Choose your style, size, fitment, and finish, and give your ride the ultimate style and performance enhancement.

U.S. MAGS CUSTOM WHEELS

2-PIECE & FORGED WHEELS

U.S. Mags pay homage to American automotive heritage, offering a seamless fusion of classic style and modern performance. With a deep-rooted history dating back to the golden era of hot rodding, U.S. Mags is the go-to choice for enthusiasts looking to capture the spirit of vintage and muscle car culture.

ASSEMBLED TO SPEC. OUR CAST CENTER 2-PIECE WELDED WHEELS ARE AVAILABLE IN ALMOST ANY SIZE AND CONFIGURATION THAT YOU COULD WANT.

We'll handle the robotic welding to ensure your wheels fit perfectly, giving you the custom look and finish your vehicle deserves. The following charts show sizing available for both soft lip and traditional lip for each style of U.S. MAGS cast center 2-piece wheels.

LIP STYLE	SIZES
STEP	15x4, 15x6, 15x7, 15x8, 15x9, 15x10, 15x12, 15x14, 15x15
SMOOTH	17x7, 17x8, 17x9, 17x10, 18x7, 18x8, 18x9, 18x10, 18x11, 18x12, 20x8.5, 20x9, 20x10, 20x10.5, 20x11, 20x12, 20x14, 20x15

STREET HEAT BY U.S. MAGS

Get a taste of the U.S. Mags Street Heat Series. Featuring a 2-piece billet construction and white-hot styles of the 90s mini truck scene, the U.S. Mags Street Heat Series is here to spice things up like it's 1999. We went all out on fitment. Available in 17" through 28" sizes and custom offsets, the Street Heat Series is ready for flawless fitment on everything from your Chevy S-10 Xtreme to your modern Ford Maverick.

2-PIECE FORGED

Our 2-Piece Forged wheels offer flexibility in sizes, offsets, bolt patterns, and finishes that cannot be matched by a cast wheel. With sizes ranging from 17" to 28" and the ability to build backspacings in 1/8” increments, there is practically no fitment that can’t be built.

FORGED

FORGED PRECISION SERIES

FORGED PRECISION SERIES

Your ride demands superior performance and unparalleled style, and the U.S. Mags Precision Series delivers. Our Precision Series wheels are designed and manufactured in the USA. Each wheel is machined from a single 6061 T-6 Aluminum alloy forging and available in 20" through 26" sizes. Offered in three standard finishes and build times as low as 2-weeks, U.S. Mags is the ultimate solution, no matter the ride.

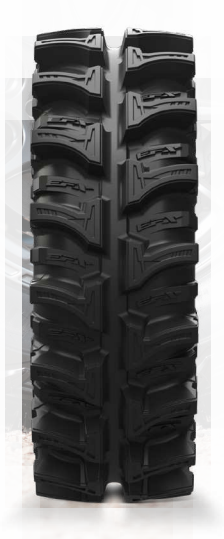
EFX TIRES

UTV TIRES

EFX Tires are the ultimate companion for MSA Off-Road Wheels. Built to conquer the toughest trails, these tires deliver unmatched grip, durability, and performance. Paired with MSA's rugged, high-performance wheels, your off-road experience will never be the same.



MUD
MOTOSLAYER

Make the elements dread the tread with the all-new EFX MotoSlayer. Owning up to its namesake, the MotoSlayer shows no mercy while brutalizing the mud pits and its competition along the way. Neurotically engineered to be the most capable mud tire in the industry, the MotoSlayer boasts an updated checkmark tread design built for ample tracking in forward and reverse.

MUD
MOTOHAVOK

The MotoHavok is unparalleled in deep mud traction with a 6-ply carcass and enormous 2"+ lugs. The MotoHavok is the only ag-style mud tire to feature an ultra-deep wheel lip protector, armoring your custom wheels from debris when in motion. The tread pattern is industry first check mark design giving you ample traction in both drive and reverse.

KMC WHEELS

Unmatched Strength. Unstoppable Performance.
When the terrain gets tough, KMC UTV Beadlock Wheels rise to the challenge. Built to endure extreme off-road conditions, these wheels provide superior strength and reliability, ensuring your tires stay securely in place no matter how rugged the path gets. The beadlock design offers unbeatable performance, so you can push your UTV to its limits with confidence.

FORGED OTR WHEELS

We build wheels for the long haul, crafted to meet the demands of every trucker. From subtle designs to full-blown wild styles, our lineup includes premium cast and forged wheels, all backed by American Racing's renowned quality and craftsmanship.

Elevate your build with our custom-forged steering wheels from top brands like Asanti, DUB, American Racing, Fuel Off-Road, and U.S. Mags. Our design process involves integrating styling cues and finishes from the wheel, adding a leather grip, and featuring an integrated horn button with a logo center cap. This approach ensures a unique piece that resonates with your customer's individuality. Like our wheels, the customization possibilities are endless

GORILLA®
AUTOMOTIVE PRODUCTS

WHEEL ACCESSORIES

With over 40 years of experience, Gorilla Automotive Products remains at the forefront of wheel accessories. Our extensive catalog includes lug nuts, lug bolts, and wheel locks for both OEM and aftermarket wheels. Complemented by a variety of sockets, tools, and installation accessories, Gorilla offers everything you need to stay on the road.

OE/FACTORY LUGS

Factory replacement one-piece lugs. Available for multiple OE applications.

SPIKE LUGS

Available in multiple colors and thread pitches.

SPLINE LUGS

Available in multiple colors and thread pitches.

WHEEL LOCKS

Available in black and chrome finishes. Supports OE and aftermarket applications.

STUD BOLTS

Available in chrome or black, splined or hex heads and multiple thread pitches and thread lengths.

INSTALL KITS

ADHESIVE WHEEL WEIGHTS

Available in strips and rolls in silver and black

TORQUE WRENCHES

#TW605- 20-150FT/LBS
#TW705 -50-250 FT/LBS

FORGED WHEEL SPACERS/ADAPTERS

Available in multiple bolt patterns.

HUBCENTRIC SPACERS*

Available in silver and black, multiple bolt patterns and thicknesses.

**It is recommended to use extended lug studs when using these on a vehicle.*

PROGRAMMABLE TPMS SENSOR

Most Popular variant of EZ-Sensor, single-SKU dual band solution, same fit/finish as OE sensors and over 95% coverage of VIO.

Powered by Schrader

MASTER KEY SET

#MASTER-KEYG

Thin-walled 16-piece set. With spline style keys, hex/star keys and double-hex head.

PRO COMP

Since 1985, Pro Comp has been dedicated to delivering high-quality, durable products for off-road enthusiasts. From performance suspension systems to off-road wheels and lighting, our precision-engineered designs set the standard for innovation, quality, and value in the off-road industry.

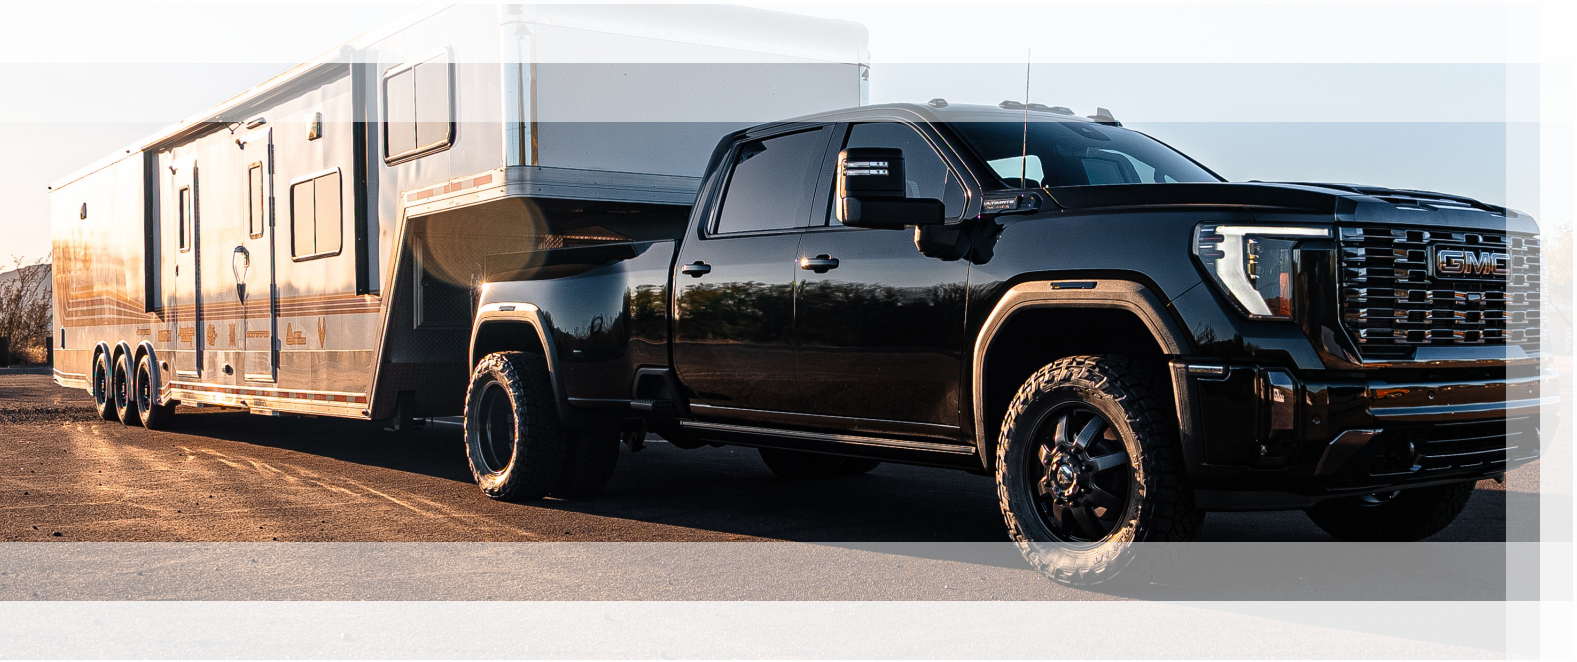
LOGIQ
AIR SUSPENSION SOLUTIONS

AIR SUSPENSION

LOGIQ products simplify the air suspension experience while providing maximum performance and versatility in a user-friendly and reliable package. Whether you're towing your RV, going off-roading, or just looking for a more comfortable ride, LOGIQ has the right solution for you.

AIR ON THE SIDE OF INNOVATION



AIRIQ

AirIQ delivers the ultimate control for your load leveling air suspension and helper bags. Complete Air Management packages for load leveling are factory assembled and tested for guaranteed performance. Our ready to bolt-on packages fix weight related rear squat, with options for side-to-side leveling and on-board air.

8 PRESSURE PRESETS

More intelligent pressure control.

BIG AIR COMPRESSOR

Higher capacity and more durable.

QUICK & EASY INSTALLATION

Pre-assembled and tested packages.

APP CONTROL

Easy-to-use app has longer range and more features.

UNIVERSALLY COMPATIBLE

Pairs with ReadyAIR load leveling air springs or other helper bag brands.

LIFETIME WARRANTY

All AirIQ components come with a Limited Lifetime Warranty and 2-year compressor Warranty.

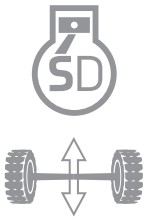
AirIQ SD1

PN: 50-41100

Our most affordable AirIQ solution with a Standard Duty compressor and single channel valving for control of both air springs together.

Standard Duty Air Compressor
25% Duty Cycle
2.03 CFM @ 0 psi

1-Channel
Rear Raise/ Lower (Together)



AirIQ SD2

PN: 50-41200

Upgrade to independent corner control with dual valving to manage offset or top-heavy loads and reduce roll while cornering.

Standard Duty Air Compressor
25% Duty Cycle
2.03 CFM @ 0 psi

2-Channel
Rear Raise/ Lower (Individual/Together)

AirIQ HD2

PN: 50-42200

Step up to a Heavy Duty compressor along with the dual channel valving for ultimate performance.

Heavy Duty Air Compressor
33% Duty Cycle
2.62 CFM @ 0 psi

2-Channel
Rear Raise/ Lower (Individual/Together)

2-CHANNEL REMOTE CONTROL

PN: 50-21200

The AirIQ Bluetooth Remote Control allows real-time pressure adjustment and preset selection of any AirIQ SD1/ SD2/HD2 from up to 200 feet away. The full color LCD display offers crystal-clear daytime and nighttime operation while 3 AAA batteries ensure extended use. The included magnetic visor dock secures the remote for easy access.

BOOST TANK

PN: 50-10200

Add a 2-gallon Aluminum Air Tank to your AirIQ system for faster recovery and additional air storage capacity. This aluminum air tank is powder coated and includes easy frame mounting brackets and tank plumbing kit.

EASY-TO-USE APP
Scan to download on the App

Download on the App Store

GET IT ON Google Play

The product offering from LOGIQ encompasses Air Management alongside load leveling Air Spring Kits – ReadyAIR redefines "helper bags" as innovative air suspension that elevates modern hauling capabilities.

INTELLIGENT LOAD LEVELING

READYAIR POWERED BY LOGIQ

LOGIQ's ReadyAIR line specializes in air suspension systems built to enhance your truck's towing capabilities. Each ReadyAIR suspension package addresses common challenges like vehicle squat issues during heavy towing while maintaining factory ride quality and comfort.

QUICK & EASY INSTALLATION

100% preassembled design with "clamp around" brackets provides a simple installation with no drilling.

OEM HITCH INTEGRATION

Compatible with a wide variety of OEM and aftermarket 5th wheel hitches.

ENHANCED STABILITY & LOAD SUPPORT

LOGIQ high-endurance air springs provide up to 7,200 lbs of load support (dual spring models).

EXCELLENT RIDE QUALITY

OE-style LOGIQ air springs feature a low frequency design for smooth performance, even while towing and hauling.

PRECISION FITMENT

Built-in features that locate off the factory frame and leaf springs guarantees proper fitment and operation for every install.

LIFETIME WARRANTY

ReadyAIR kits come with a Limited Lifetime Warranty and FREE ReadyGUARD 5-year - 60,000 mile Powertrain Warranty.

READYLIFT SUSPENSIONS

SUSPENSION

ReadyLIFT is the #1 preferred manufacturer of truck and SUV Suspension from Leveling Kits, SST Mid-Level Lift Kits, and Big Lift Kit Suspension Systems. Retain your factory ride while providing the looks and lift every vehicle owner wants. ReadyLIFT kits give you room to run larger tires, increase ground clearance, and provide a better stance all while retaining or improving the factory ride quality.

BIG LIFT KITS

Elevate your driving experience with ReadyLIFT Premium MAX Suspension Systems! Engineered for those who demand the best, these systems combine race-inspired technology, precision craftsmanship, and rugged durability to dominate any terrain. Whether you're conquering rocky trails, hauling heavy loads, or making a bold statement on the road, ReadyLIFT delivers with the cutting-edge Falcon MAX3.3 Suspension featuring Falcon 3.3 shocks. Transform your vehicle's stance, performance, and capability while easily accommodating larger wheels and tires. ReadyLIFT isn't just an upgrade—it's a game-changer for on-road and off-road adventures. ReadyLIFT also offers a full line of standard Big Lift Kits.

PN: 46-20253

ELEVATE YOUR ADVENTURE WITH READYLIFT PREMIUM SUSPENSION SYSTEMS

- **Race-Inspired Performance:** Experience increased vehicle stability and significant improvements in both on-road comfort and off-road capability with our VOD (Volume Optimized Damping) technology.
- **Vehicle-Specific Performance-Tuned Falcon 3.3 Dampers:** Custom-tuned for all four corners for optimal handling.
- **Fast Adjust Dampers:** Falcon 3.3 Fast Adjust Dampers offer a wide range of adjustability for specific terrain and/or handling characteristics with two separate knobs to tune to your preference.
- **Fast Adjust Knob:** 3-Position Fast Adjust Knob for Soft, Custom, and Firm Compression. Soft mode allows a partial bypass of the main piston for a softer ride
- **Micro Adjust:** 8-Position Micro Adjust Dial offers refined damping adjustments
- **Innovative Features:** Benefit from Zone Rate Tuning for enhanced handling without sacrificing ride quality, and an Internal Negative-Rate Coil Spring to minimize top-out clunks and soften impacts.
- **High-Quality Components:** Equipped with a 1-piece Teflon bronze piston wear band and Zerk fittings for easy lubrication, ensuring longevity.
- **All-Weather Performance:** Featuring Red Line synthetic oil for consistent performance across all temperatures, these shocks are reliable in any condition.
- **Salt Spray Resistant:** All hardware passes a 1,000-hour salt spray corrosion resistance test, ensuring durability even in harsh environments.

- **Advanced Technology**: The Falcon 2.1 shocks utilize advanced damping technology that significantly improves ride quality and handling. They feature a unique damping system that balances comfort and performance.
- **Durability**: Built with high-quality materials, these shocks are engineered to withstand extreme off-road conditions. Constructed with heavy-duty components, they ensure longevity and reliability in harsh environments.
- **Adjustability**: Some models offer adjustable settings, allowing you to fine-tune the shocks for specific driving conditions and preferences. This is particularly beneficial for users who frequently switch between on-road and off-road driving.
- **Enhanced Performance**: The Falcon 2.1 shocks provide better control and stability, reducing the likelihood of bottoming out and improving overall handling—crucial for maintaining control over rough terrain.
- **Improved Ride Quality**: Engineered to enhance ride comfort, these shocks minimize the harshness of bumps and vibrations, offering a smoother, more enjoyable ride on or off the road.
- **Rear adjustable 3-position Falcon 2.1 shocks** tuned for daily driving, sport, or work duties.
- **Vehicle-specific performance-tuned Falcon 2.1 dampers on all four corners**:
  - Improved dynamic roll control and low-speed damping.
  - 6061-T6 Aluminum alloy shock body resists impact to protect internal components.
  - Smooth-honed internal shock body surface for long-term performance.
  - 3/4" induction-hardened chrome-plated shaft resists rock damage, corrosion, and buckling.
  - Large shaft diameter allows a wide range of adjustments on adjustable shocks.
  - Hard anodized 6061-T6 Aluminum alloy billet piston.
  - 1-piece Teflon bronze piston wear band with O-ring.

AVIX OFF-ROAD TIRES

TRUCK TIRES

The Avix Trailtek RT is made for adventurers who demand superior off-road performance without sacrificing on-road comfort. Built with rugged durability, this tire is engineered to tackle challenging terrains while providing a smooth, quiet ride on highways With its innovative features, the Trailtek RT combines advanced design with functional benefits for those who need a reliable, high performance tire for their off-road truck, Jeep, or SUV.

TREAD COMPOUND / CONSTRUCTION

Our durable 3-ply construction offers superior puncture resistance for tough off-road conditions, while the silica compound enhances on-road grip and braking in both wet and dry conditions. The all-terrain design resists cuts and wear, extending tire life, with a tread life warranty of up to 45,000 miles (P-Metric) and 40,000 miles (LT/Flotation).

TREAD PATTERN

The dual-purpose tread pattern combines outstanding off-road traction with a quieter on-road ride, making it ideal for all conditions. Its double block shoulder design enhances stability and provides aggressive grip, while the noise-reducing feature ensures excellent grip and reliable braking on wet and dry surfaces.

LADDER STEP TREAD BLOCK

The ladder step tread design enhances stability by reducing tread squirm, while built-in wear indicators at 100%, 75%, 50%, and 25% tread depth provide clear insights into remaining tire life.

TREAD COMPOUND / CONSTRUCTION

Our durable 3-ply construction offers superior puncture resistance for tough off-road conditions, while the silica compound enhances on-road grip and braking in both wet and dry conditions. The all-terrain design resists cuts and wear, extending tire life, with a tread life warranty of up to 45,000 miles (P-Metric) and 40,000 miles (LT/Flotation).

INNOVATE AND CONQUER | BUILT FOR ADVENTURE

TRAILTEK R/T

SIDEWALL DESIGN

Built-in stone and mud ejectors keep the tread clear for consistent traction on rough terrain, while modern sidewall styling offers a cutting-edge look. Customize your appearance with two sidewall design options to suit your style.

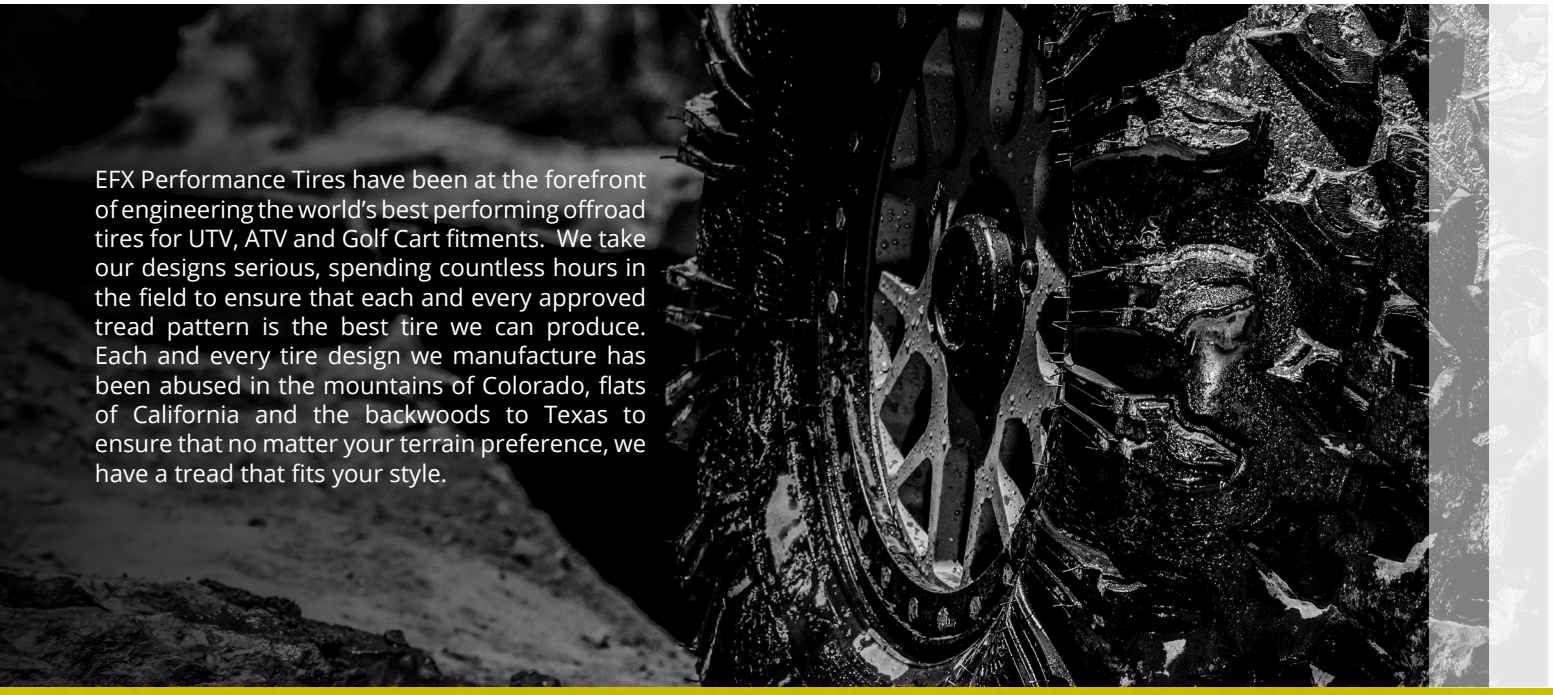
UTV TIRES

When the road ends, EFX Off-Road Tires are just getting started. Designed for the most demanding off-road conditions, EFX tires deliver exceptional durability, traction, and performance in the harshest terrains.

EFX TIRES HAS BEEN LEADING THE WAY IN PERFORMANCE MUD, SAND AND ALL TERRAIN TIRES.



EFX Performance Tires have been at the forefront of engineering the world's best performing offroad tires for UTV, ATV and Golf Cart fitments. We take our designs serious, spending countless hours in the field to ensure that each and every approved tread pattern is the best tire we can produce. Each and every tire design we manufacture has been abused in the mountains of Colorado, flats of California and the backwoods to Texas to ensure that no matter your terrain preference, we have a tread that fits your style.

ALL TERRAIN
MOTORALLY

The MotoRally features an upgraded tread design utilizing increased pattern spacing and improved staggered sidewall lugs – resulting in a hard packed powerhouse that handles rocks with ease.

ALL TERRAIN
MOTOHAMMER

The MotoHammer tire is the single best hard pack tire on the market, boasting the best/largest contact patch, superior traction control, rugged 8-ply carcass and radial performance.

ALL TERRAIN
MOTORAVAGE

Designed to conquer every terrain from rocks to sand, the MotoRavage's 8-Ply rating, soft compound and deep tread blocks don't even blink at a gnarly rock garden or mud pit.

ALL TERRAIN
MOTORAVAGE XL

The all-new MotoRavage XL builds off the wildly successful MotoRavage with a deeper sidewall and increased lug depth of up to 1.5" guaranteed to get you out of the deep mud pits and over the rocks with ease.

ALL TERRAIN
MOTOCRUSHER

- 8-PLY CONSTRUCTION.
- STICKY TIRE MADE WITH A PROPRIETARY COMPETITION-GRADE COMPOUND.
- ALTERNATING SIDE LUGS FOR STEERING IN DEEP RUTS.
- REINFORCED SIDEWALL FOR LOW-PRESSURE APPLICATIONS.

AVAILABLE SIZES
32X10.00R14 / 32X10.00R15 / 33X10.00R15
35X10.00R15 / 37X10.00R15/ 37X10.00R18
40X10.00R18

ALL TERRAIN
GRIPPER RTK
The Gripper RTK has a lightweight carcass, with 10-ply construction. What sets this tire apart is the addition of our proprietary Aramid Fiber (Kevlar) technology, adding unparalleled puncture resistance and strength.

ALL TERRAIN
GRIPPER RT
Tire built for any hard pack terrain, with incredible stability and 10-ply radial construction, providing the utmost in safety and ride quality. The Gripper R/T also features aggressive side lugs, and added puncture resistance, while also featuring our lightest casing.

ALL TERRAIN
MOTOCLAW
The MotoClaw comes standard with incredibly strong lugs, spaced precisely right to provide a smooth ride under the most intense terrain. This ATV tire will climb rocks, grab roots, latch on to side ruts and perform in light mud.

ALL TERRAIN
MOTOFORCE
The EFX MotoForce has a tough 6-ply bias construction with deep 3/4" lug depth that extends beyond the shoulder into the sidewall for superior sidewall protection from rocks, ruts or hazards.

UTV TIRES

When the road ends, EFX Off-Road Tires are just getting started. Designed for the most demanding off-road conditions, EFX tires deliver exceptional durability, traction, and performance in the harshest terrains.

EFX TIRES HAS BEEN LEADING THE WAY IN PERFORMANCE MUD, SAND AND ALL TERRAIN TIRES.

ALL TERRAIN
MOTO MTC

The MotoMTC boasts a 6-Ply construction with enormous 1.25" lugs, spaced just right to provide a smooth ride under the most intense terrain. This tire will climb rocks, grab roots and even perform in light mud and sand.

ALL TERRAIN
MOTOMAX

The MotoMax ATV tire is an all-purpose mud tire designed to perform in medium to light mud while providing a stable, comfortable ride on hard pack surfaces. Designed with deep 1" lugs and evenly spread contact patch for stable traction

ALL TERRAIN
MOTOVATOR

The MotoVator is a true radial, steel belted, puncture resistant tire, capable of high speeds on any hard pack surface. Utilizing light truck engineering, the inner and outer bead are steel belted to ensure the smoothest, quietest ride quality on the market.

ALL TERRAIN
MOTORVATOR R/T

The MotoVator R/T is light weight race tire that is designed for low rolling resistance. An open block tread design coupled with a soft compound makes for an excellent forward bite in all conditions.

MUD
MOTOSLAYER

Make the elements dread the tread with the all-new EFX MotoSlayer. Owning up to its namesake, the MotoSlayer shows no mercy while brutalizing the mud pits and its competition along the way. Neurotically engineered to be the most capable mud tire in the industry, the MotoSlayer boasts an updated checkmark tread design built for ample tracking in forward and reverse.

MUD
MOTOHAVOK

The MotoHavok is unparalleled in deep mud traction with a 6-ply carcass and enormous 2"+ lugs. The MotoHavok is the only ag-style mud tire to feature an ultra-deep wheel lip protector, armoring your custom wheels from debris when in motion. The tread pattern is industry first check mark design giving you ample traction in both drive and reverse.

The NT555RII™ is recommended for dry competition use.

TOYO TIRES®

PARTNER TIRES

Toyo Tires All-Terrain and Mud-Terrain Tires are built to tackle it all. Mud, rocks, and uneven surfaces are no match for the aggressive tread patterns and deep voids that give you maximum grip. Get ready for the road less traveled.
