THE INSTALLER'S CHOICE

DEAR CUSTOMERS AND FRIENDS,

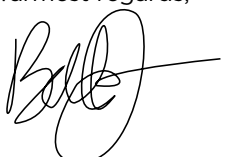
METRA is now celebrating over 70 years in the 6 Volt/12 Volt business. We have been at the art of autosound and communications for a very long time. Unlike other companies in business for such a long time however, we continue to rejuvenate our endeavor and remain young in our thoughts, ideas and innovations. In other words, we continue to evolve and stay up and even ahead of technology. We have done it, kept up with it, and continue to innovate and adapt to the new demands of our extremely complicated business. As we enter our 71st year, we would like to thank you, our customers and friends, past and present, for being loyal to our brand and working hand in hand with us to create and manufacture some of the finest products in our industry. We are a thousand plus strong American manufacturer that designs, creates and produces nearly 70% of our products right here in sunny Daytona Beach, Florida, U.S.A.!

Once again, in the pursuit to bring the finest quality products to our automotive marketplace, we continue to add the latest and greatest technological innovations to our factory in Daytona Beach. We have just completed a further expansion to the facility by adding two new 20,000 square foot buildings to our current campus. One building will be exclusively devoted to our brand new state of the art painting and water appliqué machinery and paint booths. As you know, we strive to duplicate the OEM factory finish to our dash and installation kits. As such, it is imperative to keep up with the demands for the varied finishes and appearance of our dash components. We now stand ready to keep up with any demands required to keep you, our end users, fully stocked and fully equipped for any and all challenges. Our other building will provide expansion and breathing room for the manufacturing needs of our Axxess line. Metra is a true prime source for automotive interfaces and steering wheel controls, all designed, engineered, programmed and assembled in the U.S.A..

Speaking of Axxess, this has been a banner year so far for this unique product line. We continue to lead in technology and have introduced more interfaces that will make the installer's job even easier.

Thanks to all of our customers (our friends) for you're continued support for over 70 years.

Warmest regards,



Bill Jones
President/CEO
Metra Electronics Corporation

TURBO WIRE

Part Number Conversion

Model numbers represent the aftermarket radio type and corresponding Turbo Wire four digit part number suffix. For specific vehicle applications, see the Turbo Wire section of this catalog and the application chart at the back. A "universal" Smart Cable with 0001 as the suffix is just the radio plug with 5 1/2" wires and no vehicle side harness on the other end.

COMBINATION DESIRED:

PIONEER **Radio** to GENERAL MOTORS **1988-2005**
JVC **Radio** to NISSAN **1995-UP**
ALPINE **Radio** to TOYOTA **1987-UP**

about Metra

We at Metra always strive to listen to our customers. You have told us to do a better job at telling the Metra story. For over 70 years, Metra has maintained its cutting edge by paying attention to our marketplace and innovating products to the needs of the installer. We are the "Installer's Choice" because we are installers.

We design our products to be easy to use and easy on the eyes. If you can see a Metra product, then we haven't done our job. Metra Turbokits are designed to be heard but not seen. This means that our fit and finish is the best in the business.

Our GSXL Turbowires are designed with the same philosophy in mind. Their longer length for ease of installation and thicker OEM cables with OEM connectors make for a mighty install, with no down time on returns or angry customers.

It is with this in mind that we proudly introduce our new website. So what are you waiting for? Get your buyers guide to check out the new lines and let us know what you think. We at Metra have always known that the installer is our real "end user"—not the buyer, not the distributor and not the customer who owns the car. We are the "Installer's Choice" because our customer is the installer, and with this philosophy we built a company... Metra. Thank you for all your loyal support.

SATELLITE RADIO ANTENNAS

The Metra Roof-Mount Satellite Radio Antenna specifically for Sirius and XM Satellite Radio reception have dual-mode functionality, receiving simultaneous signals from satellites and terrestrial repeaters to ensure continuous reception. These are antennas that offer all the benefits of satellite radio and compliment the vehicle's appearance.

FEATURES:

1. Low-profile mounted design, safe for low-clearance conditions, including car washes.
2. Roof mount adhesive acrylic foam pads and necessary mounting hardware and color-coded cable connectors included.
3. Tested and proven to Automotive Environmental Standards shock-and vibration-proof design.

FREIGHT:
Freight on board (F.O.B.) from point of shipment.

CREDIT:
In order to establish a credit line with Metra, an application for credit must be submitted listing a minimum of two (2) trade references and a bank with their addresses and phone numbers and must be signed by a principal or authorized officer of the company. A credit line will be established by our credit Manager and must be maintained in a current status according to our terms (net 30 days). Credit not established or revoked requires remittance with order. Will be placed on any amounts that are 30 days or more past due.

RESALE TAX EXEMPTION CERTIFICATE:
California customers must provide a valid resale card before an order can be placed.

CLAIMS:
Title and risk of loss passes to buyer at F.O.B. Shipping point and all claims must be filed with Carrier. Any discrepancies must be reported to Metra within ten (10) days of receipt of shipment.

RETURNS:
All sales are final. No returns or exchanges will be allowed without prior written authorization from Metra. All returns are subject to a 20% handling charge, must be in a saleable condition, and must have been purchased within sixty (60) days of return request. No stock balancing permitted. Copies of invoices must be mailed in advance for any return authorization (R.A.).

LIMITED WARRANTY:
Metra warrants all of its products, including all electronic kits, to be free from defects in material and workmanship for a period of 1 year from date of purchase. Metra will, at its option, repair, replace or allow credit on any part which, in Metra's opinion, is found defective under normal use. Warranty void on items misused, altered in any way, tampered with or serviced by anyone other than Metra. This warranty of merchantability of fitness neither assumes or authorizes any other person to assume for it, any other liability in connection with its products. In no event shall we be liable for any incidental or *consequential damages, or do we assume any other liability except provided herein.

BACK ORDERS:
If an item is temporarily unavailable for immediate shipment, we will back-order the item and ship as soon as possible from the nearest available warehouse, unless otherwise instructed.

Metra reserves the right to make changes in or deletions of products or prices without prior notice.

*Metra will not assume any responsibility for damages to person or property due to incorrect interpretation of the material in this publication. Metra is not responsible for typographical or printing errors. Reproductions of editorial or pictorial content is strictly prohibited without prior consent from Metra.
