Safety Data Sheet

acc. to OSHA HCS (29CFR 1910.1200) and WHMIS 2015 regulations

1 Identification

- · Product identifier
- · Trade name: Bead Sealer
- · Article number: 14-101, 14-101A, 14-101B, 14-104, 14-104A, 14-104B

· Recommended use and restriction on use

Recommended use: Sealant

Tire maintenance.

- · Restrictions on use: No relevant information available.
- · Details of the supplier of the Safety Data Sheet
- · Manufacturer/Supplier:
- 31 Incorporated

2 Hazard(s) identification

· Classification of the substance or mixture Flam. Liq. 2 H225 Highly flammable liquid and vapor. Skin Irrit. 2 H315 Causes skin irritation. Eye Irrit. 2B H320 Causes eye irritation. Skin Sens. 1 H317 May cause an allergic skin reaction. Carc. 2 H351 Suspected of causing cancer. Repr. 2 H361 Suspected of damaging fertility or the unborn child. Route of exposure: Inhalation. STOT SE 3 H336 May cause drowsiness or dizziness. STOT RE 2 H373 May cause damage to the central nervous system through prolonged or repeated exposure. Route of exposure: Inhalation. · Label elements · GHS label elements The product is classified and labeled according to the Globally Harmonized System (GHS). · Hazard pictograms: GHS02 GHS07 GHS08 · Signal word: Danger · Hazard statements:

H225 Highly flammable liquid and vapor. H315+H320 Causes skin and eye irritation.

(Cont'd. on page 2)

ade name:	Bead Sealer
	(Cont'd. of page
H317	May cause an allergic skin reaction.
H351	Suspected of causing cancer.
H361	Suspected of damaging fertility or the unborn child. Route of exposure: Inhalation.
H336	May cause drowsiness or dizziness.
H373	May cause damage to the central nervous system through prolonged or repeated exposur Route of exposure: Inhalation.
· Precaution	nary statements:
P210	Keep away from heat/sparks/open flames/hot surfaces. No smoking.
P233	Keep container tightly closed.
P240	Ground/bond container and receiving equipment.
P241	Use explosion-proof electrical/ventilating/lighting/equipment.
P242	Use only non-sparking tools.
P243	Take precautionary measures against static discharge.
P260	Do not breathe mist/vapors/spray.
P264	Wash thoroughly after handling.
P271	Use only outdoors or in a well-ventilated area.
P272	Contaminated work clothing must not be allowed out of the workplace.
P280	Wear protective gloves/protective clothing/eye protection.
P303+P36	1+P353 If on skin (or hair): Take off immediately all contaminated clothing. Rinse skin wi water/shower.
P304+P34	IF INHALED: Remove person to fresh air and keep comfortable for breathing.
P305+P35	1+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, present and easy to do. Continue rinsing.
P308+P313	
P333+P31	
P337+P313	3 If eye irritation persists: Get medical advice/attention.
P363	Wash contaminated clothing before reuse.
P370+P378	In case of fire: Use foam, powder, or carbon dioxide for extinction.
P403+P23	5 Store in a well-ventilated place. Keep cool.
P405	Store locked up.
P501	Dispose of contents/container in accordance with local/regional/national/internation regulations.
· Other haz	ards There are no other hazards not otherwise classified that have been identified.

3 Composition/information on ingredients

\cdot Chemical characterization: Mixtures

 • Components:

 108-88-3
 toluene

 • Flam. Liq. 2, H225

 • Repr. 2, H361; STOT RE 2, H373; Asp. Tox. 1, H304

 • Skin Irrit. 2, H315; STOT SE 3, H336

 Eye Irrit. 2B, H320

Trade name: Bead Sealer (Cont'd. of page 3) Indication of any immediate medical attention and special treatment needed: If swallowed, gastric irrigation with added, activated carbon. If necessary oxygen respiration treatment. Later observation for pneumonia and pulmonary edema. 5 Fire-fighting measures · Extinguishing media · Suitable extinguishing agents: CO2, extinguishing powder or water spray. Fight larger fire with alcohol resistant foam. · For safety reasons unsuitable extinguishing agents: Water stream. · Special hazards arising from the substance or mixture Formation of toxic gases is possible during heating or in case of fire. · Advice for firefighters · Protective equipment: Wear self-contained respiratory protective device. Wear fully protective suit. · Additional information: Eliminate all ignition sources if safe to do so. 6 Accidental release measures · Personal precautions, protective equipment and emergency procedures Use respiratory protective device against the effects of fumes/dust/aerosol. Wear protective equipment. Keep unprotected persons away. Ensure adequate ventilation. Keep away from ignition sources. Protect from heat. Environmental precautions Do not allow to enter sewers/ surface or ground water. Inform respective authorities in case of seepage into water course or sewage system. Methods and material for containment and cleaning up Allow to solidify. Pick up mechanically. Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Send for recovery or disposal in suitable receptacles. Reference to other sections See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information. 7 Handling and storage Handling

- · Precautions for safe handling: Use only in well ventilated areas.
- · Information about protection against explosions and fires:
- Keep ignition sources away Do not smoke.
- Protect against electrostatic charges.

(Cont'd. on page 5)

Trade name: Bead Sealer

(Cont'd. of page 4)

Flammable gas-air mixtures may be formed in empty containers/receptacles.

· Conditions for safe storage, including any incompatibilities

- · Storage
- · Requirements to be met by storerooms and receptacles:
- Store in cool, dry conditions in well sealed receptacles.
- Provide ventilation for receptacles.

Avoid storage near extreme heat, ignition sources or open flame.

- · Information about storage in one common storage facility:
- Store away from foodstuffs. Store away from oxidizing agents.
- Further information about storage conditions: Keep containers tightly sealed.
- · Specific end use(s) No relevant information available.

8 Exposure controls/personal protection

· Control parameters

12 Ecological information

- Toxicity
- Aquatic toxicity Toxic for aquatic organisms
- Persistence and degradability No relevant information available.
- · Bioaccumulative potential: No relevant information available.

(Cont'd. on page 10)

Trade name: Bead Sealer

(Cont'd. of page 9)

• Mobility in soil: No relevant information available.

· Additional ecological information

· General notes:

Do not allow product to reach ground water, water course or sewage system.

Due to available data on eliminability/decomposition and bioaccumulation potential prolonged term damage of the environment can not be excluded.

- · Results of PBT and vPvB assessment
- **PBT:** Not applicable.
- · vPvB: Not applicable.
- · Other adverse effects No relevant information available.

13 Disposal considerations

· Waste treatment methods

· Recommendation:

The user of this material has the responsibility to dispose of unused material, residues and containers in compliance with all relevant local, state and federal laws and regulations regarding treatment, storage and disposal for hazardous and nonhazardous wastes.

· Uncleaned packagings

• Recommendation: Disposal must be made according to official regulations.
