

AMERICAN CAR CRAFT INSTRUCTION

POLISHED CHALLENGER SIDE MARKER LIGHT BEZELS

PART# 152007 patent pending

PARTS INCLUDED:

- 4-Stainless Side Marker Bezels
- 1-Adhesive Promoter Tube

Your side marker bezels are designed to attach directly on the side marker lens.

- 1. Clean each side marker lens with household rubbing alcohol to remove any wax and dirt then swipe the area once with the adhesive promoter provided.**
- 2. Place each bezel into position to familiarize yourself with each placement before removing liner. VERY IMPORTANT: It will be necessary to hand form the bezels to conform to the shape of the car before installing; doing this will prevent any possibility of the bezel popping loose or lifting long term.**
- 3. Once they are fitted properly peel the release liner from the back of each bezel and carefully set them nice and evenly around each light. Press firmly to set.**

DO NOT GET WET FOR 24 HOURS

Thank You and Enjoy Your New Purchase!
