

AMERICAN CAR CRAFT INSTRUCTIONS

Hummer Rear Running Light Trim Rings 3pc

Part #492005 Patent Pending

PARTS INCLUDED:

- 3-Stainless Running Light Trim Rings
- 1-Tube of Adhesive Promoter

Your new bezels are designed to fit around your rear running lights.

1. You will need to pop your running lights out; this can be done by simply pulling them. Once they are detached from their locations clean the painted area around your factory running light openings with household rubbing alcohol to remove any dirt and wax. Then swipe the area once with the adhesive promoter provided.
2. Peel the red release liner from the back of the stainless rings and carefully set them evenly around your factory running light openings and press firmly to set. Push your running lights back into position.

DO NOT GET WET FOR 24 HOURS.

Thank you and enjoy your purchase!
