CELEBRATING 29 YEARS

SERVING THE CAR OPENING INDUSTRY WITH PRIDE SINCE 1986
JACK SETS LIKE NO OTHER IN THE INDUSTRY

51" Long

THE IDEAL LENGTH FOR A LONG REACH TOOL. Not too long, not too short. Just the right size.

NEW STORE-N-GO™ HANDLE
Keeps fresh tips at hand

SCRATCH-PROOF SHIELD (WON’T SCRATCH PAINT)
All other long reach tools out there are hard powder coating

ATTACH YOUR ACCESSORY BAG HERE
Keep your One Hand-Jack and Air Wedge in a heavy duty carrying case like the one that comes with most jack sets.

EPDM RUBBER TIPS (NOT SLIPPERY VINYL)
Won’t slip off of door lock button

OUR LONG REACH TOOLS COME IN 3 DIFFERENT LENGTHS AND 2 DIFFERENT TYPES OF MATERIAL

REGULAR

BIG MAX LONG REACH (58”)

QUICK MAX LONG REACH (51”)

LITTLE MAX LONG REACH (36”)

STAINLESS STEEL

BIG MAX LONG REACH (58”)

QUICK MAX LONG REACH (51”)

LITTLE MAX LONG REACH (36”)

All Stainless Steel Long Reach Tools Come With A Lifetime Warranty*

BASIC USE OF YOUR JACK SET

1. Carefully insert the One Hand Jack in between the door frame and the center frame to create enough room to insert the Air Jack air wedge. **Door-to-door frame only.** DO NOT pry the One Hand Jack against the roof of the vehicle or against any other part of the vehicle that consists of sheet (soft) metal.

2. Inset the Air Jack air wedge at the top of the door. Swing the Air Jack left and right to help insertion. Once inserted, close the air valve and inflate the Air Jack to create enough room to insert the long reach tool.

3. With the Air Jack still inserted and inflated, carefully insert the long reach tool and maneuver it to the lock button or to the handle to open the vehicle.

USE LONG REACH TOOL TO OPEN CAR

FRAMELESS WINDOWS

1. For vehicles without frame around glass **do not use** the One Hand Jack as it might break the glass. Instead, carefully insert the Glassman tool under the glass. Swing the Glassman up and down to aid insertion.

2. Carefully insert the long reach tool inside the Glassman Wedge and maneuver it to the lock button or to the handle to open the vehicle.
LONG REACH SETS

CHOOSE YOUR JACK SET BASED ON:
Air Wedge Size | One Hand Jack Style | Long Reach Tool Length | Long Reach Tool Material

**AIR JACK® AIR WEDGE** ITEM # AW

**MINI STARTER AIR JACK® AIR WEDGE** ITEM # MAW

**AIR WEDGE REPAIR KIT** ITEM # AW-RPK

**ONE HAND JACKS**

An alternative to the standard door-stopper style wedge, the One Hand Jack works as a pry-bar pivoting the door from the door frame without contacting the weather stripping and causing damage.

**SUPER ONE HAND JACK** ITEM # SOHJ

**ONE HAND JACK** ITEM # OHJ

**GLASSMAN WEDGE**

A must-have tool for any frameless window vehicle, the Glassman Wedge replaces the One Hand Jack and Air Wedge typically used on vehicles. The Glassman Wedge provides the gap needed to insert the long reach tool inside the wedge itself, preventing the glass from shattering.

**GLASSMAN WEDGE** ITEM # GM2
The only long reach tools on the market that are vinyl coated rather than painted, keeping the user from scratching the vehicle when performing a lockout. Available in multiple lengths and flex-levels, there is a long reach perfect for every vehicle. The Store-N-Go handle on most of the tools holds multiple extra long reach tool tips, as well as provides a place to clip the accessory bag.

**LIGHTNING ROD**
The perfect long reach for anyone working in low-light conditions where the LED tip on the Lightning Rod sheds much needed light inside the vehicle.
SNAP-N-LOCK
The only two piece tool on the market that does not screw together. The Snap-N-Lock design ensures a strong, durable, easy to use connection that allows the long tool to break down for each storage and transportation. Optional accessories in the Complete Kit make the tool more usable with the LED lighted tip, magnetic tip, and loop tip for vertical button vehicles.

Add 12 replacement tips: ITEM # SNG-TIPS

TWO PIECE LIGHTNING ROD
The perfect long reach for anyone working in low-light conditions where the LED tip on the Lightning Rod sheds much needed light inside the vehicle. This product features our Snap-N-Lock technology making it easy to store and transport.

VERTICAL LOCK BUTTON TOOLS

BUTTON MASTER
The world’s best way to open vehicles with vertical lock buttons. A flexible tool with a snare loop that makes it easy to maneuver inside the vehicle and grab any button, opening a vehicle in seconds.

ITEM # RCBM

HEAVY DUTY BUTTON MASTER
The Heavy Duty version features a thicker more durable curl-resistant wire.

ITEM # RCBMHD

STAINLESS STEEL BUTTON MASTER
The Stainless Steel version is an upgrade to the standard Button Master featuring a rust-resistant material.

ITEM # RCBMSS

MEGA MASTER
The Mega Master is twice the length of the Button Master, with a loop large enough to grab door handles and loose keys inside the vehicle.

ITEM # RCMM

BUTTON STRIP TOOL
A favorite for decades, this flexible tool features a gritty material in the center which grips most vertical buttons with ease.

ITEM # BS
COMPLETE LOCKSMITH SETS

For any professional who wants access to our famous Car Opening Manual from a computer or laptop.

CAR OPENING MANUAL ON CD-ROM ITEM # CD

INSTRUCTIONAL DVD
A collection of openings on video to help give you an idea on how to use various tools on various vehicles. A great training aid for any novice professional.

INSTRUCTIONAL DVD ITEM # INSTDVD
SLIM JIM
An old favorite updated for modern vehicles. A variety of Slim Jims work many vertical lock button vehicles.

INDIVIDUAL IN THE DOOR TOOLS
Replacement tools for the Complete Locksmith Sets, great for anyone who has lost an important tool or would like a backup of their favorite tool. The popular “S” tool (#47) is an industry standard.

REPLACEMENT CARRYING CASES
Replacement carrying cases for our Complete Locksmith Sets and Long Reach Tool sets. If your case has worn out after many years of use, you can easily replace or upgrade your case.
ACCESS SMART LIGHT
If you perform any work in low-light conditions, at night, or on vehicles with heavily tinted windows then this windshield mounted flashlight is a must-have. 24 bright LEDs run on 4 AA batteries and suction cups to the windshield providing a floodlight effect, illuminating the vehicle making your job much easier.

STORE-N-GO REPLACEMENT TIPS
A dozen replacement tips for any of our long reach tools feature the White Tip.

POWER GRIP TIP SET
An assortment of tips that complements our Complete Locksmith Sets. A few of every tip we have, great for replacing worn out tips on your older tools.

WEDGEE WEDGE
Designed for in-the-door tools, this Wedge with its integrated Strip Savers will make tool insertion easy into any door panel, bypassing all weather-stripping preventing damage to the vehicle.

TRUCK WEDGE
Designed for heavy duty doors like those found on commercial trucks, this wedge helps provide the space needed to insert your in-the-door tool without damage to the weather stripping. Not recommended for use on long reach openings.

CLASSIC DOUBLE WEDGE
(Not sold individually)

WONDER SHIELD
Designed to help protect the weather stripping when inserting a wedge into a door jam, the Wonder Shield is a must-have for anyone performing long reach style openings.

STRIP SAVERS
Designed to help protect the weather stripping when inserting a wedge into a door panel, the Strip Savers are a must-have for anyone performing in-the-door style openings. Sold in pairs.

WEDGE PACK
An assortment of different wedges, including the Wedgee Wedge and Truck Wedge, giving you many choices for your in-the-door tool openings. Not recommended for use on long reach openings.
SMASH FILM
Heavy Duty Collision Film designed to protect a vehicle’s interior during transport and storage. Cover any broken or damaged window or windshield. Features a high-tack no-residue adhesive, UV protective coating, and a puncture resistant extra thick 4MM material. 36” wide x 100’ long. Great for the towing, recovery, and transportation industries as well as in body shops and repair facilities.

SMASH FILM
ITEM # SF

DAMAGE GUARD
Vehicles with delicate painted B-pillars and door frames require extra protection to ensure a damage-free opening. This roll of heavy duty 5MM protective tape is perforated every 6” for easy dispensing. Apply a small strip to the vehicle where you will be working and enjoy the peace of mind knowing you will not scratch the vehicle. 100’ roll provides enough for about 200 lockouts.

DAMAGE GUARD
ITEM # DG

LONG REACH TRUCK RACK
Gone are the days of throwing your long reach tools and accessories behind the seat in your pickup truck or tow truck cab, only to find them mangled and damaged from knocking around under your seat. This rack installs with no vehicle modifications or tools required. No drilling, taping, gluing, cutting, or welding. Simply slip into place, secure the tension nuts and hang all of your tools. Fits virtually all pickup trucks and tow trucks.

LONG REACH TRUCK RACK
ITEM # LRTR
EASY OFF TWIST SOCKET SET
Locking Security Lug Nuts and Damaged Lug Nuts are no match for this socket set. Simply tap the socket onto the lug nut and spin it off with a breaker bar or socket wrench. Not for use with an Impact Gun. The five included sizes cover virtually every vehicle on the road.

EASY OFF TWIST SOCKET SET
ITEM # EO

SPARE TIRE KIT
Designed as a replacement to the key and crank included with vehicles that feature spare tires mounted underneath the vehicle. Rather than search for the customers key and crank, which can be time consuming and dangerous, the Spare Tire Kit makes this job a cinch. Use the included Manual to find the correctly numbered tool, snap it together with the crank extension and lower the spare tire in seconds.

SPARE TIRE KIT
ITEM # STK

WHEEL BULLETS
Holds wheel in place while working on European vehicles without studs. Wheel Bullets are guide pin wheel hangers designed to aid in the safe and effective removal and installation of wheels on European vehicles that lack the wheel studs American vehicles have.
