SPRAY GUNS

HVLP SPRAY GUN & CUP

AES-507

Now's the time to spray more efficiently and economically than ever with the AES-507 HVLP Spray Gun and 600mL Spray Cup. Featuring fast working speed, wide fan pattern and high transfer efficiency. With a wide variety of applications, forget the over-priced alternatives and make the 507 your "Go-To" spray gun today!

Available Nozzle Sizes: 1.2, 1.4, 1.7, 1.8, 2.0mm

1.2MM, 1.4MM & 1.7MM - BASECOAT / CLEARCOAT

1.8MM - PRIMER / SURFACER

2.0MM - PRIMER

507

111

DELUXE 3 GUN HVLP SPRAY GUN KIT

AES-111

The AES-111 is the perfect starter kit that includes everything you need to start spraying automotive base and clearcoat today! Entire spray needle and nozzle assemblies are made from stainless steel and are compatible with water base paints!

- 1.4MM HVLP SPRAY GUN
- 1.7MM HVLP SPRAY GUN
- 1.0MM MINI HVLP SPRAY GUN
- 1L SPRAY CUP
- 600ML SPRAY CUP
- 100ML SPRAY CUP
- 2X 160PSI AIR REGULATORS
- MAINTENANCE KIT

504

MINI HVLP SPRAY GUN & CUP

AES-504

High transfer efficiency means reduced spray mist for a significant reduction in operating costs. Includes stainless steel needle and fluid tip (for use with water-base paint) and a translucent 100ml non-drip plastic paint cup. Complies with all HVLP mandates.

- 1.0MM MINI HVLP SPRAY GUN

INCLUDES 3 POPULAR SPRAY GUN SIZES

1.7MM PRIMER/SURFACER
SPRAY GUN

1.4MM BASE/CLEAR
SPRAY GUN

1.0MM JAMB/DETAIL
MINI GUN

Spray Guns

Gravity Feed

NOZZLE SIZE
1.0mm

Aluminum Body Mini HVLP Spray Gun & Cup AES-592

High atomization with low nozzle air pressure. Saves paint and protects the environment. Complies with environmental regulations. Stainless steel needle and nozzle safe for use with water based paints. Includes 100mL spray cup.

- Waterborne paint compatible
- Compact size great for tight areas
- 1.0mm Spray nozzle

INDIVIDUALLY BOXED

NOZZLE SIZE
1.0mm

Composite Body Mini HVLP Spray Gun & Cup AES-596

Lightweight composite body provides a comfortable grip. High atomization with low nozzle air pressure. Saves paint and protects the environment. Complies with environmental regulations. Stainless steel needle and nozzle safe for use with water based paints. Includes 100mL spray cup.

- Waterborne paint compatible
- Compact size great for tight areas
- 1.0mm Spray nozzle

INDIVIDUALLY BOXED

NOZZLE SIZE
0.5mm

Gravity Feed Spray Gun with 250mL Cup AES-R-2

Economical mini detailing spray gun is well balanced for easy handling and accurate spraying. Excellent gun for pinpoint accuracy and detail jobs.

- Swivel cup helps prevent spills
- Compact size great for tight areas
- 0.5mm Spray nozzle

INDIVIDUALLY BOXED

Siphon Feed

Touch-up Gun with 8oz Cup AES-128

Featuring pinpoint accuracy, the AES-128 is the ideal tool for touch-up work including detailing, shading and spotting. Comfortable design provides increased accuracy and decreases hand fatigue for tedious touch-up and detail tasks. Siphon feed delivery system works with light and medium viscosity sprayable material. Adjustments for both fluid and fan pattern.

NOZZLE SIZE
1.6mm

- Ideal for touch-up situations
- 1.6mm Spray nozzle
- Lightweight design

INDIVIDUALLY BOXED

Professional Siphon Feed Spray Gun & Dripless Cup AES-102

High production spray gun is designed for heavy duty automotive spraying of all refinishing materials including urethanes, enamels, lacquers, primers, stains, acrylics and varnishes. The one-quart cup features an external breather tube for dripless spraying.

- Great for heavy production use
- Waterborne paint compatible
- 2.0mm Spray nozzle

INDIVIDUALLY BOXED

NOZZLE SIZE
2.0mm

AES-128-1	Replacement 8oz Cup Assembly
AES-128-2	Replacement Nylon Cup Gaskets (2 Pack)

Specifications	
Air Consumption:	2.8-4.0 CFM
Air Inlet:	1/4" NPT (M)
Cup Capacity:	8oz
Nozzle Size:	1.6mm
Operating Pressure:	30-50 PSI

1Qt Dripless Spray Cup Assembly with Internal Breather Tube AES-103-D

1 Quart capacity with 3/8" attachment thread. Fits most leading siphon feed spray guns. Heavy duty aluminum construction with internal breather tube. Reinforced base.

INDIVIDUALLY BOXED

CAPACITY
1QT

1Qt Dripless Spray Cup Assembly with External Breather Tube AES-103-NC

1 Quart capacity with 3/8" attachment thread. Fits most leading siphon feed spray guns. Heavy duty aluminum construction with external breather tube. Reinforced base.

INDIVIDUALLY BOXED

CAPACITY
1QT

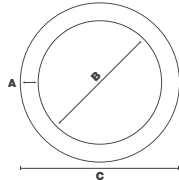

Leather Cup Gaskets

Specifications

Thickness: 3/32"

DIMENSIONS

- A = 3/4"
- B = 2-3/4"
- C = 3-1/2"

- A = 11/16"
- B = 2-7/8"

AES-159

Teflon Coated 2-1/4 Gallon Pressure Tank, Gun & Hoses AES-501

Complete spray gun system for large volume automotive painting. Features a Teflon coated tank for easier clean-up after the job. Can be used to shoot lacquers, basecoat, oil based paints, latex, stains and varnishes. Includes 1.0mm spray gun with 12' hose. Safely pressurizes up to 80 PSI.

INDIVIDUALLY BOXED

2 Qt Pressure Feed Spray Gun & Cup Outfit AES-508

Complete two quart pressurized spray outfit. Hose setup offers the operator greater flexibility as the spray cup does not need to be attached directly to the spray gun. The large two quart cup allows for extended spray time.

INDIVIDUALLY BOXED

AES-508-1	Spray Gun Only (1.0mm)
AES-508-2	2 Quart Cup Assembly
AES-508-3	2 Quart Cup Only
AES-508-4	Pressure Regulator
AES-508-5	6' Air Hose (Red)
AES-508-6	6' Paint Hose (Black)
AES-508-7	Cup Gasket

2 Qt Pressure Feed Spray Gun & Cup Outfit AES-509

Complete two quart pressurized spray outfit. Hose setup offers the operator greater flexibility as the spray cup does not need to be attached directly to the spray gun. The large two quart cup allows for extended spray time.

INDIVIDUALLY BOXED

AES-509-1	Spray Gun Only (1.0mm)
AES-509-2	2 Quart Cup Assembly
AES-509-3	2 Quart Cup Only
AES-509-4	Pressure Regulator
AES-509-5	6' Air Hose (Red)
AES-509-6	6' Paint Hose (Black)
AES-509-7	Cup Gasket

2-1/4 Gallon Pressure Tank, Gun & Hoses AES-503

Complete spray gun system for large volume automotive painting. Can be used to shoot lacquers, basecoat, oil based paints, latex, stains and varnishes. Includes 1.0mm spray gun with 12' hose. Safely pressurizes up to 80 PSI.

INDIVIDUALLY BOXED

AES-503-G-5	Spray Gun Only (1.0mm)
AES-503-G-6	Spray Gun Only (2.0mm)
AES-503-G-7	Spray Gun Only (2.5mm)
AES-503-H	2pc 12ft Hose Set
AES-503-P	2-1/4 Gallon Pressure Tank
AES-503-R	Tank Gasket
AES-503-RG	Pressure Regulator
AES-1114	Pressure Gauge

Compatible with AES-501, 503

2-1/4 Gallon Pressure Tank AES-503-P

Large pressure tank includes regulator and gauge, safety valve, fluid outlet and hang up hook. Pressurizes up to 80 PSI.

INDIVIDUALLY BOXED

Pressure Pot Hoses

Designed to fit AES-501, AES-503, AES-508 and AES-509 and most other brands of pressure tanks and spray gun outfits.

INDIVIDUALLY BAGGED

AES-503-A	25' x 1/2" Air Hose (Red)
AES-503-F	25' x 5/8" Fluid Hose (Black)
AES-503-A50	50' x 1/2" Air Hose (Red)
AES-503-F50	50' x 5/8" Fluid Hose (Black)

Compatible with AES-501, 503, 508, 509

Tag-Along Pressure Paint Pot with Manual Paint Agitator

Spray large volumes of paint without having to stop to move the pressure pot. Equipped with four smooth-rolling casters which allow the pressure pot to "tag-along" with minimal pulling.

- Manual agitator helps operator prevent metallics from settling to the bottom
- Spray large volumes of paint without constantly refilling
- Easy-glide roll-around casters

AES-901

AES-901
Fisheye Killer - 1oz
 Special Silicone formula produces a better paint job by eliminating "fish eye" problems. For use in enamels, lacers & acrylics to improve gloss & flowout.
Easy application tip
 • Eliminate fisheye
 • Improves gloss

AES-902
Fisheye Killer - 2oz
 Special silicone formula produces a better paint job by eliminating "fish eye" problems. For use in enamels, lacers & acrylics to improve gloss & flowout.
Easy application tip
 • Eliminate fisheye
 • Improves gloss

AES-908
Fisheye Killer - 8oz
 Special silicone formula produces a better paint job by eliminating "fish eye" problems. This product is for use in enamels, lacers and acrylics to help improve gloss and flowout.
Easy application tip
 • Eliminate fisheye
 • Improves gloss

AES-916
Fisheye Killer - 16oz
 Special silicone formula produces a better paint job by eliminating "fish eye" problems. This product is for use in enamels, lacers and acrylics to help improve gloss and flowout.
Easy application tip
 • Eliminate fisheye
 • Improves gloss

Dual Action Gravity Feed Airbrush AES-EW-770

The micro air control valve enables infinite control of the airflow. The easy access cut away handle enables the user to pull back the needle chucking nut for a quick and easy clean-up.

INDIVIDUALLY BOXED

Specifications	
Nozzle Size:	0.23mm
Cup Capacity:	9mL
Working Pressure:	15-50 PSI

Dual Action Gravity Feed Airbrush AES-EW-550

Superb atomization and incredible control.

INDIVIDUALLY BOXED

Specifications	
Nozzle Size:	0.23mm
Cup Capacity:	7mL
Working Pressure:	15-50 PSI

Precision Airbrush Kit AES-EW-1000

Most popular airbrush recommended for beginners due to its versatility and ease of use. Siphon-feed model makes it easy to interchange bottles of specific color. Kit includes quality airbrush, 5' braided nylon hose and two 22mL glass paint jars with cover.

HANG-UP BOX

Dual Action Airbrush Kit AES-EW-220

Control the amount of air and paint being sprayed with this dual action trigger air brush. Includes a dual action precision spray air brush, two 22mL glass paint jars, 5mL touch up jar, 5' air hose and 1/4" NPT adapter.

HANG-UP BOX

Professional Internal-Mix Airbrush Kit AES-132

Control the amount of air and paint being sprayed with this dual action trigger air brush. Includes a dual action precision spray air brush, two glass paint jars, 5mL touch up jar, 5' air hose, 1/4" NPT adapter and airbrush nozzle protection cover.

HANG-UP CARD

Pistol Grip Gravity Feed Airbrush Kit AES-EW-2000

Includes a pistol grip type air brush, 5' vinyl hose, 20mL plastic paint cup, propellant regulator cap and 1/4" NPT adapter. Adjustable spray pattern.

HANG-UP BOX

Specifications	
Nozzle Size:	0.5mm
Working Pressure:	15-50 PSI

Airbrush Kit AES-EW-110

A single action precision air brush, 5' vinyl hose, two paint jars, propellant regulator cap and 1/4" NPT adapter.

HANG-UP BOX

Specifications	
Operating Pressure:	15-50 PSI

Airbrush Kit AES-134

A single action precision air brush, 5' vinyl hose, two paint jars, propellant regulator cap and 1/4" NPT adapter.

HANG-UP CARD

Specifications	
Operating Pressure:	15-50 PSI

Airbrush Holder AES-137

Convenient option for storing up to four air brushes on a work table. Special insert holder for use with top and side detachable cup air brushes. Table clamp attaches securely to work table.

- Holds up to 4 air brushes
- Easily attaches to table top
- Convenient and secure

 HANG-UP CARD

Replacement Airbrush Air Hoses

Braided Nylon Airbrush Hose
AES-ABH-001

 INDIVIDUALLY BAGGED

Specifications	
Adapter:	1/4"-1/4x40
Connection:	1/8" NPT (F)
Diameter:	7.5x4.5mm
Length:	10'

Recoil Nylon Airbrush Hose
AES-ABH-002

 INDIVIDUALLY BAGGED

Specifications	
Connection:	1/8" NPT (F)
Diameter:	6x4mm
Length:	10'

Quick-Release Airbrush Hose
AES-132-10

Features a 1/4" NPT fitting for easy attachment to air source and built-in 1/8" quick-release fitting for use with any airbrush.

 INDIVIDUALLY BAGGED

AES-132-5 Brass adapter for 132-10

Specifications	
Connection:	1/4" NPT (F)
Diameter:	6x4mm
Length:	6.5'

Spray Gun Maintenance

Spray Gun Cleaning Brushes

Brushes reach the entire length of fluid tubes and chambers of most standard siphon feed spray guns.

3pc Basic Spray Gun Cleaning Kit AES-210

Includes three basic style brushes: 5/8" natural bristle tube brush, 1/2" natural bristle tube brush and 1" soft bristle exterior cleaning brush.

HANG-UP CARD

12pc Spray Gun Cleaning Kit AES-212

3/8", 1/2" and 5/8" natural bristle tube brushes, 5 Wooden picks, 1 precision cleaning air needle, wooden handle brush, soft exterior brush and lubricant. Chemical and solvent resistant.

HANG-UP CARD

6pc Tip Cleaner Set AES-1766

For cleaning spray gun air cap hole. Sizes: 0.40mm, 0.45mm, 0.50mm, 0.55mm, 0.60mm, 0.65mm

HANG-UP CARD

5pc Mini Spray Gun Cleaning Brush Set AES-209

Give your spray gun a thorough cleaning with these intricate mini brushes. Includes 1/16", 3/32", 1/8", 3/16" and 1/4" brush diameters attached to a key ring for convenient storage. Made from stiff, nylon bristles that won't damage your spray gun.

HANG-UP CARD

4pc Mini Pick & Hook Set AES-52535

Various shapes of picks and hooks great for removing loose hard to reach parts, separate small wires, install and remove o-rings, remove staples and more.

HANG-UP CARD

2-in-1 Seal & O-Ring Pick AES-1765

Great for removing or installing hard-to-reach seals and o-rings. Use for cleaning out threading and crevices in power tools, paint guns, motor parts and more. Chrome vanadium steel construction.

HANG-UP CARD

7-1/4" Double-End Scribe AES-1767

Stainless steel dual-hook tool can be used in a variety of applications from pulling small o-rings, installing and removing small springs and cleaning out machine threading.

HANG-UP CARD

2pc O-Ring Pick Set AES-1768

Fishing a stubborn o-ring or seal out of its seat is easy with this pair of picks.

HANG-UP CARD

5" Gravity Feed Spray Gun Cleaning Brush AES-220-1

Great for cleaning exterior, internal surfaces and paint cup stem on gravity feed spray guns. Convenient 2-in-1 combined tube brush and end brush design. Made from stiff, 100% natural solvent resistant bristles. Clean delicate areas without causing surface damage.

INDIVIDUALLY BAGGED

Specifications	
Diameter:	3/8"
Length:	5"

8" External Spray Gun Cleaning Brush AES-211

Soft bristles reach all the nooks and crannies of any spray gun exterior without scratching the finish. Made from soft, 100% natural solvent resistant bristles. 1-1/4" wide fan shaped bristles.

INDIVIDUALLY BAGGED

Specifications	
Bristle Width:	1-1/4"
Length:	8"

17pc Complete Spray Gun Cleaning & Maintenance Kit AES-208

Designed for cleaning all types of spray guns and equipment. Includes an extra long 12" pick-up tube brush, 1/4" HVLP brush, 12" body cavity brush, detail end brush, nylon bristle parts brush, 5pc mini brush set and a special 6pc precision needle set. Chemical and solvent resistant.

HANG-UP CARD

21pc Ultimate Spray Gun Cleaning & Maintenance Kit AES-207

Kit contains: 6pc precision needle set with handle; 3pc detail end brush set (1/4", 3/8", 1/2") with handle; 5pc precision mini twisted brush set; 1/4" diameter HVLP brush; nylon-bristle parts brush; 12" pick up tube brush; 1/2" body cavity brush; brass power pick-up tube brush; paint gun lubricant; reusable plastic organizer storage case.

HANG-UP BOX

20pc Master Spray Gun Cleaning Kit AES-220

Ideal for cleaning all types of suction, gravity feed, HVLP, touch up, detailing and pressure spray guns, as well as airbrushes and stripping tools.

HANG-UP CARD

Tech Tip

After cleaning and lubricating any spray gun, you should purge the gun by spraying a few blasts of clean solvent.

Air Paint Shaker AES-9000

Ruggedly constructed of steel and aluminum. Rubber coated jaws hold pint, quart and gallon cans securely. Will not loosen while shaking. Includes in-line oiler.

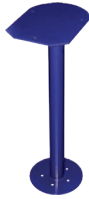

INDIVIDUALLY BOXED

Specifications	
Avg. Air Consumption:	4.3 CFM
Air Pressure:	70-100 PSI
Operating Speed:	700 Cycles/min

Paint Shaker Stand AES-9001

Save precious bench or table space by securely mounting your paint shaker on this steel stand. Includes all necessary hardware for secure mounting.

INDIVIDUALLY BOXED

Mountable Spray Gun & Paint Strainer Stand AES-150-HS

Portable or mountable gun stand with the addition of a paint strainer holder. Provides total convenience when refilling gravity feed spray guns.

INDIVIDUALLY BOXED

Specifications	
Overall Height:	15"

Heavy Duty Mountable Spray Gun & Paint Strainer Stand AES-162

Durable steel construction. Use as a portable unit or mount on any horizontal or vertical surface. The paint filter stand lines up with the paint cup of the resting gun, leaving hands free for mixing and pouring paint.

INDIVIDUALLY BOXED

Specifications	
Overall Height:	17"

Universal Gravity Feed Spray Gun Stand AES-168

Totally portable and convenient way to stand your top-mount or side-mount gravity feed gun while keeping the paint cup level. Economical, lightweight and sturdy.

HEADER CARD

Two-Gun Pneumatic Spray Gun Washer AES-39770

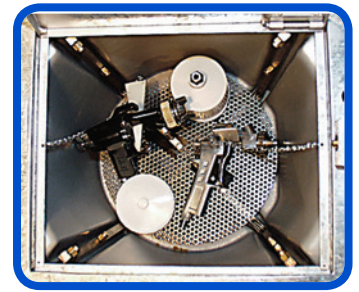

Cleans spray guns, pots and mixing accessories. Pressurized jets of solvent clean all styles of spray guns and accessories in under 60 seconds! Saves time and money; compact size saves space. Operates on air power so there's no motor to burn out. Enclosed cabinet design with auto-shut off lid switch protects working environment and technicians against hazardous waste chemicals and fumes from escaping while the machine operates.

- **No electricity, operates on air**
- **Compact size, saves space in the shop**
- **Clean spray guns, cups and related accessories in under 60 seconds**

INDIVIDUALLY BOXED

AES-39760-1 Replacement Gun Washer Pump

Wall-Mount Gravity Feed Gun Holder AES-160

Easily mount your spray gun to a convenient wall for quick and easy access! The strong steel construction mounts to any vertical surface and can hold any standard gravity feed spray gun with cup. No more just laying the gun on your table, quickly hang it up on this wall mount and it's always there for you to come back to quickly - without the mess! Holds all standard gravity feed spray guns.

HEADER CARD

Specifications	
Weight Capacity:	10 LBS

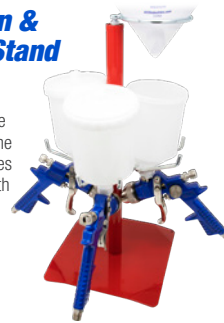

Triple Spray Gun & Paint Strainer Stand AES-164

Designed for conveniently holding and filling up to three gravity feed spray guns at one time. Paint filter holder rotates to aid in filling paint cups with minimal effort. Durable steel construction.

INDIVIDUALLY BOXED

Specifications	
Overall Height:	18"

Magnetic Dual Gravity Feed Spray Gun Holder AES-166

Easily mount two spray guns to a booth wall or tool box for quick and easy access. Powerful magnets attach and won't slide off the walls of spray booths or workstations. Sometimes you just need to put your loaded spray gun down for a minute, now you can.

INDIVIDUALLY BAGGED

Specifications	
Weight Capacity:	12 LBS

Flow-Thru Parts Washer Cleaning Brush AES-51400

Stiff nylon bristles shaped to penetrate deep crevices and loosen stubborn deposits. Easy attachment to any 1/2" parts washer spigot with 16" long hook up tube. Solvent resistant bristles.

HANG-UP CARD

Specifications	
Brush Length:	9"
Hose Length:	16"
Tube Diameter:	1/2"

Magnetic Spray Gun Holder AES-165

Easily holds gravity feed spray gun with one quart of paint anywhere there is a vertical metal surface.

HANG-UP CARD

Specifications	
Weight Capacity:	6 LBS

Waterborne Paint Air Dryer AES-619

The AES-619 Waterborne Paint Air Dryer Gun will circulate air flow and reduce drying time for waterborne paints. The built-in air regulator provides adjustable air flow. Built-in screen mesh filters out dust particles as air passes through.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)

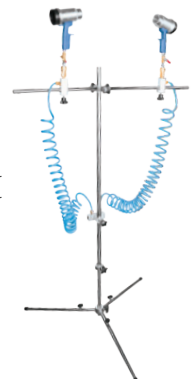

Waterborne Paint Air Dryer Stand AES-619-S

The AES-619-S Air Dryer Gun Stand is the perfect accessory for the AES-619 Air Dryer Gun. Use the gun stand to direct air flow in any application. Fully adjustable and locking stand. Rotate and lock the dryers into place and let the stand do the rest! Includes stand, hoses and couplers.

Air dryers not included.

INDIVIDUALLY BOXED

NEW AND IMPROVED CONSTRUCTION AND FLOW

DAINT STRAINERS

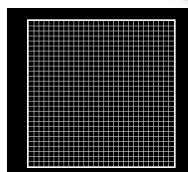

We are proud to introduce a new and improved paint strainer design to replace our existing strainers! This all new design features a premium quality paper stock and true micron nylon mesh. Special solvent-resistant glue secures the nylon mesh filter and lasts longer than traditional glue methods. Try our new strainers today and experience the difference!

- **Strain out unwanted particles from paint prior to spraying**
- **Ultra-flow tip for faster performance with less wasted paint**
- **Premium quality construction will not fall apart during use**

Magnetic Paint Can Opener AES-87947

The AES-87947 is the last paint can opener you'll ever need! The screwdriver style plastic hand grip is both ergonomic and comfortable. Stop wasting time searching for a paint can opener thanks to the super strong magnet built into right into the handle. Stick it to your paint rack, mixing station or anywhere you need to open a paint can!

Canvas Wheel Maskers

Our robust canvas wheel maskers are the toughest on the market. Featuring an ultra thick, heavy duty canvas material that eliminates the risk of bleedthrough while spraying. No need to waste precious time and masking paper to mask car wheels when painting. Steel wire holds the cover behind the tire without slipping. Maskers can be reused and will last through many jobs before needing to be replaced.

Paper Roll Maskers

Our line of paper maskers come in a variety of sizes to accommodate both small and large jobs. Our largest masker holds up to a 36" masking paper roll. All of our paper maskers have a built-in roll holder, tape holder and cutting bar allowing for effortless masking paper dispensing.

CAPACITY
16", 22"

Masking Paper Tree AES-184

Holds masking paper rolls up to 16" on the top two bars and up to 22" on the bottom two bars.

- Four serrated cutting bars

INDIVIDUALLY BOXED

CAPACITY
18", 24", 36"

Triple Tree Masker AES-176

Wide-base design masker holds 18", 24" and 36" rolls of masking paper. Easy to load; positive paper and tape alignment. Non-skid rubber wheels provide easy mobility around the shop.

- Single masker for the 3 most common masking paper roll widths
- Three Serrated cutting bars

INDIVIDUALLY BOXED

CAPACITY
Up to 18"

18" Deluxe Masker AES-200

Dual dispensing machine has sharp anodized blades for clean cutting. Two comfort-grip handles in back for easy maneuverability. Four tape reels can be used for double-side taping. Plenty of storage space for sandpaper and paint guns.

- Two serrated cutting bars
- Four tape holders
- Two-sided taping

INDIVIDUALLY BOXED

CAPACITY
Up to 18"

Stand-On Masker AES-172

Masker can be used as a foot stool for easier masking of vans, SUV's and other high-profile vehicles. Holds one or more rolls of masking paper up to 18" wide. Step holds up to 200lb.

- Holds rolls up to 18"
- Single serrated cutting bar
- Two-sided taping

INDIVIDUALLY BOXED

CAPACITY
Up to 18"

Double Roll Portable Masker AES-173

Dual-delivery machine dispenses any combination of two rolls of paper up to 18" in width. Handy, portable and lightweight 1" tubular steel design.

- Holds rolls up to 18"
- Single cutting bar
- Two-sided taping

INDIVIDUALLY BOXED

500lb Portable Workbench AES-PB-3K

Limited on space? No problem! The AES-PB-3K Portable Workbench is the perfect solution for small shops and garages where space is limited. Both lightweight and foldable, store and move the workbench anywhere around your shop! Store in a closet or hang it on the wall! The 500 LB holding capacity is excellent for working on doors, fenders, hoods, bumpers and more!

INDIVIDUALLY BOXED

Air Filters & Regulators

Brass Air Regulator AES-203

Increase or decrease pressure as the tool and job dictates. Installs in-line at the tool for convenient air flow adjustment. Thumb screw knob for quick and easy air flow adjustment. Brass construction impervious to heat, cold, or rust.

- Quick and easy air flow adjustment
- Brass construction will not rust

HANG-UP CARD

Specifications	
Air Inlet:	1/4" NPT (M)
Air Outlet:	1/4" NPT (F)

Quick Adjust Air Regulator AES-872

Within about 2-1/2 turns, the precision tapered valve will go from fully opened to fully closed. The knob is large, easy to handle and infinitely adjustable. Female swivel thread allows simple installation.

- Quick and easy air flow adjustment
- Swivel female thread

HANG-UP CARD

Specifications	
Air Inlet:	1/4" NPT (M)
Air Outlet:	1/4" NPT (F)

Swivel Air Regulator AES-1827

Air regulator swivels in two places, keeping the air hose straight at all times, no matter what position the air tool is held! Use directly on air tool or on a quick-change adapter.

- Stop fighting twisted air hoses!
- 360° Swivels in two places
- Regulate air pressure at the tool

360° Swivel

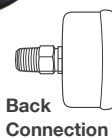

HANG-UP CARD

Specifications	
Air Inlet:	1/4" NPT (M)
Air Outlet:	1/4" NPT (F)

160psi Air Pressure Gauges

Highly accurate, clear print, easy to read pressure gauges come in various sizes and connection configurations to meet your application needs!

INDIVIDUALLY BOXED

SKU	Connection	Dial Diameter	Connection Configuration

AES-1115	1/4" NPT	2"	Bottom Connection

Quick Adjust Air Regulator with 160psi Gauge AES-882

A body shop favorite! Same great function as the AES-872 but with a built-in 160 PSI pressure gauge.

- Easy to read 160psi gauge
- Swivel female thread

HANG-UP CARD

Specifications	
Air Inlet:	1/4" NPT (M)
Air Outlet:	1/4" NPT (F)

Air Regulator with 160psi Gauge AES-880

Heavy duty blue anodized aluminum body with easy adjust knob and 160 PSI pressure gauge.

HANG-UP CARD

Specifications	
Air Inlet:	1/4" NPT (F)
Air Outlet:	1/4" NPT (F)

Diaphragm Air Regulator with 60psi Gauge AES-878

Designed to be used on all spray guns including HVLP. Lightweight construction includes full diaphragm regulation to supply exact and consistent pressure at the spray gun, eliminating surges. Push-to-lock knob prevents accidental pressure changes.

- Precise air pressure control
- Easy to read 60psi gauge

HANG-UP CARD

Specifications	
Air Inlet:	1/4" NPT (F)
Air Outlet:	1/4" NPT (F)

Diaphragm Air Regulator with 180psi Gauge AES-875

Designed to be used on all spray guns including HVLP. Lightweight construction includes full diaphragm regulation to supply exact and consistent pressure at the spray gun, eliminating surges. Push-to-lock knob prevents accidental pressure changes.

- Precise air pressure control
- Easy to read 180psi gauge

HANG-UP CARD

Specifications	
Air Inlet:	1/4" NPT (M)

Disposable Spray Gun Air Filters

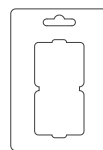

Disposable compact air filter removes moisture and impurities from air lines before it reaches the spray gun. The super sensitive filter will effectively remove oil, aerosols, smoke, condensed moisture and virtually all solid particles. Available in bright "neon" orange, yellow and green. Colors selected at random.

- Can be used with HVLP spray guns
- Significant protection without pressure drop

Specifications	
Air Inlet:	1/4" NPT (M)
Air Outlet:	1/4" NPT (F)

Specifications	
Thread Size:	1/4" NPT (F)
Diameter:	1-1/2"
Material:	Brass

1/4" NPT Air Pressure Regulator AES-1140

Reduce full line pressure to a selected lower pressure and maintain it accurately over a wide range of flows necessary for air motors, impact tools, paint spraying and many other applications. Pressure is adjusted by means of the lockable T-handle.

HANG-UP CARD

Specifications

Thread Size: 1/4" NPT (F)

1/4" NPT Air Pressure Regulator with 160psi Gauge AES-1150

Reduce full line pressure to a selected lower pressure and maintain it accurately over a wide range of flows necessary for air motors, impact tools, paint spraying and many other applications. Pressure is adjusted by means of the lockable T-handle. Pressure is monitored with a precision 160 PSI 2" gauge.

HANG-UP CARD

Specifications

Thread Size: 1/4" NPT (F)

Piggyback Air Line Filter/Regulator with Gauge AES-1340

Compact unit combines the features of a standard filter and regulator and includes a special venting feature that bleeds off downstream pressure. 40 Micron filter element.

HANG-UP CARD

Specifications

Thread Size: 1/4" NPT (F)

Air Line Filter

Removes impurities such as dirt, rust and other airborne solid, as well as most liquid aerosols such as compressor oil mist and condensed water vapor. 40 Micron filter element.

HANG-UP CARD

SKU	Thread Size
AES-1040	1/4" NPT (F)
AES-1080	1/2" NPT (F)

Air Line Filter with Automatic Drain AES-1060

Remove solid impurities such as dirt, rust and other airborne solids, as well as most liquid aerosols such as compressor oil mist and condensed water vapor. Low-maintenance unit features an automatic bleeder drain. Filter element and bowl can be changed without the use of tools. 40 Micron filter element.

HANG-UP CARD

Specifications

Thread Size: 1/4" NPT (F)

Air Shut-off Valve AES-1885

Perfect as a in-line air shut-off to your tool. Brass construction with stainless steel ball and valve handle. Will not rust or corrode from air moisture. Pre-applied thread sealant.

HANG-UP CARD

Specifications

Thread Size: 1/4" NPT (M)
Max. Pressure: 200 PSI
Working Pressure: 90 PSI

Air Filter/Regulator/Lubricator Unit AES-1340

Automatically filters air from air lines, regulates air pressure and lubricates air tools and systems. Bowls feature metal cages and bleeder drains. Easy-to-see orange enamel finish.

Desiccant Filters & Media

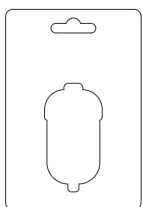

In-Line Desiccant Air Filter

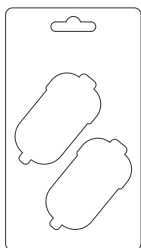

Disposable, mini in-line desiccant dryer removes all traces of water vapor, oil vapor and dirt. Often used directly upstream of spray guns or blow guns as final protection for paint spraying and critical parts blow off. Inside the unit, a 40 micron, porous bronze element removes fine dirt particles, an oil removing media removes oil vapor and desiccant beads absorb water vapor. The see-through housing shows desiccant color change from blue to pink, which indicates that the dryer needs to be replaced.

- Removes all traces of water vapor, oil vapor and dirt
- Filters down to 40 micron
- Color changes to pink when full

Air Couplers

Choose AES High Air Flow couplers and connectors for maximum air flow and performance!

Universal Air Coupler, Female AES-844

Designed to fit all popular brands of air nipples, such as AMFLO, ARO, MILTON, PARKER, TRU-FLATE and more. Tough brass construction.

- Large 3/8" inside diameter for optimal air flow
- Quick connect push-in locking mechanism
- Fits standard 1/4" and 3/8" fittings

HANG-UP CARD

Specifications
Construction: Brass
Thread Size: 1/4" NPT (F)

Universal Air Coupler, Male AES-844-M

Designed to fit all popular brands of air nipples, such as AMFLO, ARO, MILTON, PARKER, TRU-FLATE and more. Tough brass construction.

- Large 3/8" inside diameter for optimal air flow
- Quick connect push-in locking mechanism
- Fits standard 1/4" and 3/8" fittings

HANG-UP CARD

Specifications
Construction: Brass
Thread Size: 1/4" NPT (M)

Universal Safety Quick Coupler, Female AES-849

Eliminate dangerous blow-back with the AES-849 Safety Quick Coupler. Featuring a safety sleeve that releases downstream air pressure prior to disconnecting fittings. Automatic push-in coupling mechanism makes connecting air fittings quick and easy. Fits 1/4" AES, ARO, TRU-FLATE, Milton and Lincoln style connectors.

- Eliminates dangerous blow back during disconnects
- Quick connect push-in locking mechanism
- Fits standard 1/4" fittings

HANG-UP CARD

Continental

3/8" ID Yellow Rubber Air Hose

Tough double-braid wall construction, BPT rated at 1000 burst. 1/4" NPT connections. Genuine rubber with patented reinforced weave of nylon cord. Now Continental, formerly Goodyear, same great quality and guarantee.

- Tough double-braid wall construction
- Fully reinforced nylon cord weave
- Genuine rubber construction

Specifications	
Connection:	1/4" NPT (M)

Replacement Tank Drain Valve AES-1853

OEM compressor tank drain valve replacement. Pre-applied thread sealant for air tight connections. Replaces old leaky or stripped tank drain valves.

HANG-UP CARD

Specifications	
Thread Size:	1/4" NPT (M)

5-Size Air Hose Crimper AES-855

Can crimp 1/4" single braid up to 3/8" double braid air hose. Five popular die sizes are instantly available and it's simple to operate. Self-contained, no separate dies to lose or misplace. The dies are ribbed and made from hardened steel. Can be permanently mounted or used portably.

INDIVIDUALLY BOXED

Air Hose Repair Kits

Each kit contains a barb fitting to match the inside diameter of your hose with a 1/4" NPT thread for replacing damaged hose ends. Hose clamps are included.

WARNING

All of our brass is rated for 300 PSI max. These brass products are designed for compressed air lines only. Do not exceed the pressure limitation of the air hose and/or air tool. Failure to follow this information may cause fittings to separate from the air hose and may result in personal injury and/or property damage.

Blow Guns

Blow Guns

Dual-Chuck Tire Inflator AES-4109

Features a dual locking chuck compatible with both Presta and Schrader. 360° Swivel gauge maxes out at 140psi and glows in the dark for easy reads in low light. Includes two attachments for inflating accessories that conveniently store in the handle.

INDIVIDUALLY BOXED

Specifications

Air Inlet: 1/4" NPT (M)

Brass Air Chuck AES-4101

Fits tires with schrader style valve stems. Shut-off valve keeps hose end sealed tight when not in use. Corrosion resistant heavy duty brass construction.

HANG-UP CARD

Specifications

Air Inlet: 1/4" NPT (F)
Max. Working Pressure: 90 PSI

2-1/4" Mini Pocket Blow Guns

Perfect size for working in tight areas and blowing out dust, metal shavings, filings and more. Fits standard 1/4" couplers. Made from strong, lightweight aluminum.

HANG-UP CARD

Specifications

Connection: 1/4"

AES-325

AES-326

4" Pocket Clip Blow Guns

Conveniently clips to your pocket just like a pen! Perfect size for working in tight areas and blowing out dust, metal shavings, filings and more. Knurled twist-grip allows for quick and easy air flow adjustments. Fits standard 1/4" couplers. Made from strong, lightweight aluminum.

HANG-UP CARD

Specifications

Connection: 1/4"

AES-315

AES-316

Pencil Blow Gun & Tire Inflator AES-341

Convenient blow gun and tire inflator. Compact 4-1/2" length.

HANG-UP CARD

Specifications

Connection: 1/4"

Blow Gun Kit with Safety Nozzle AES-336

Includes a mar-free rubber nozzle, for blowing out hard-to-reach areas like moulding, transmissions, electric motors, etc. Includes OSHA compliant safety nozzle. Safety nozzle reduces pressure down to 30 PSI.

HANG-UP CARD

Specifications

Air Inlet: 1/4" NPT (F)

Blow Gun Kit with 5 Nozzles AES-337

Kits contains special extension concentrators and a mar-free rubber nozzle for blowing out hard-to-reach areas.

HANG-UP CARD

Specifications

Air Inlet: 1/4" NPT (F)

In-line Blow Gun with 3 Nozzles AES-310

Install this blow gun between the coupler and air hose and never worry about misplacing it or disconnecting the tool in use. Compact and lightweight, it won't get in the way or affect the performance of air tools. Includes OSHA compliant safety nozzle. Safety nozzle reduces pressure down to 30 PSI.

HANG-UP CARD

Specifications

Air Inlet: 1/4" NPT (F)
Air Outlet: 1/4" NPT (F)

Flex-it Blow Gun AES-327

Operated by simply bending the flexible nozzle. Ideal for inflating air mattresses and blow-up toys.

HANG-UP CARD

Specifications

Air Inlet: 1/4" NPT (F)
Working Pressure: 90-150 PSI

3pc Blow Gun Nozzle Set AES-309

Includes 1/2", 2" and 3-1/2" long nozzles. Fits AES-336, AES-337 and AES-339.

HANG-UP CARD

Comfort Design Blow Gun AES-339

Blows out dirt, dust fillings and metal chips from your work area. Blow fuel lines. Dry out wet ignitions. Supplied with standard metal tip and rubber tip.

HANG-UP CARD

Specifications

Air Inlet: 1/4" NPT (F)

High Volume Blow Gun AES-330

Comfortable grip with big spray gun type trigger, metal body and large, high volume air nozzle.

HANG-UP CARD

Specifications

Air Inlet: 1/4" NPT (M)

Pistol Type Blow Gun AES-314

Comfortable grip with big spray gun-type trigger, metal body and concentrator air nozzle.

HANG-UP CARD

Specifications

Air Inlet: 1/4" NPT (M)

FLEXIBLE HOSE RETAINS SHAPE WHEN BENT

Blow Gun Kit with 12" Flexible Extension Nozzle AES-334

Includes a chrome-plated blow gun with 1/4" NPT inlet, hang-up hook, metal concentrator nozzle and special rubber extension hose with OSHA safety nozzle.

HANG-UP CARD

Specifications

Air Inlet: 1/4" NPT (F)

Blow Guns & Sandblasting

Variable Pressure Blow Guns

Variable pressure control trigger with comfort-grip handle. Super-durable reinforced plastic body with extra long stainless steel nozzle.

HANG-UP CARD

SKU	Nozzle Length	Specifications
AES-317	4" Nozzle	Air Inlet: 1/4" NPT (F) Max. Pressure: 110 PSI
AES-318	10" Nozzle	Working Pressure: 90 PSI

Variable Pressure Blow Guns with Rubber Tip

Variable pressure control trigger with comfort-grip handle. Super-durable reinforced plastic body with extra long stainless steel nozzle. Permanently attached rubber tip to prevent scratching.

Rubber Tip

Solid Inlet

Engine Cleaning Wand AES-342

Lightweight cleaning "wand" gets into tight spots to remove grease, grime and dirt. Supplied with a 4 FT suction hose for solvents. Overall length approximately 16 inches.

HANG-UP CARD

Specifications
Air Inlet: 1/4" NPT (F)

Engine Cleaning Gun AES-346

Large 1/4" Spray nozzle perfect for degreasing engines and removing dirt and grime. Built-in adjustment knobs to regulate air flow and control fluid flow independently. Can be used as a fluid gun and an air blow gun by shutting off the fluid inlet. Includes 3/8" ID x 4 FT clear plastic fluid hose.

HANG-UP CARD

Specifications
Air Inlet: 1/4" NPT (M)
Avg. Air Consumption: 0.5-3.1 CFM
Working Air Pressure: 50-60 PSI

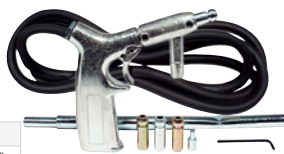

Sandblasting

Sandblaster Kit AES-1010

Comes complete with 10' media pick-up hose and tube. Includes 2x 1/4" ID and 2x 13/64" nozzles.

HANG-UP CARD

Specifications
Air Inlet: 1/4" NPT (F)
Avg. Air Consumption: 6 CFM
Working Air Pressure: 90 PSI

4pc Ceramic Sandblast Nozzle Set AES-1015

Includes sizes 2.4, 2.7, 3.2 and 3.6mm. 1-1/4" length.

HANG-UP CARD

5pc Sandblaster Tip Kit AES-1012

Includes 3 nozzles and a hex key.

- 2pc x 1/4" ID Nozzle
- 1pc x 13/64" ID Nozzle
- 1pc x Air Jet

HANG-UP CARD

Specifications
Nozzle Length: 1-1/2"
Outside Diameter: 1/2"

High-Performance Sandblaster AES-1016

Includes 5' x 1" ID pick-up hose. Hardened 1/4" ID nozzle.

HANG-UP CARD

Specifications
Air Inlet: 1/4" NPT (M)
Avg. Air Consumption: 8 CFM
Working Air Pressure: 80-100 PSI

Individual 1-1/4" Ceramic Sandblast Nozzles

INDIVIDUALLY BAGGED

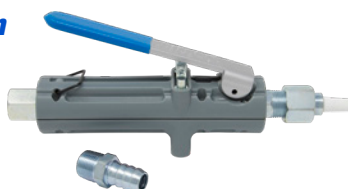

SKU	Nozzle Size
AES-1015-1	2.4mm Nozzle
AES-1015-2	2.7mm Nozzle
AES-1015-3	3.2mm Nozzle
AES-1015-4	3.6mm Nozzle

Full Control Deadman Trigger Sandblaster Gun AES-1025

Tough, lightweight gun is designed for comfortable operation. Suitable for use with all pressure sandblasting units. Includes 3/32" ceramic nozzle.

HANG-UP CARD

Deadman Trigger Sandblaster Gun AES-1027

Tough, lightweight gun is designed for comfortable operation. Suitable for use with all pressure sandblasting units. Includes 2.0, 2.5, 3.0 and 3.5mm nozzles.

HANG-UP CARD

Rubber Coated Ceramic Sandblast Nozzle Set AES-10120

Includes sizes 2.0, 2.5, 3.0 and 3.5mm. Fits AES-1027 and many other sandblast guns.

HANG-UP CARD

3pc Ceramic Sandblast Nozzle Set AES-SBN-3

For cabinet sandblasters. Includes sizes 5.0, 6.0 and 7.0mm.

HANG-UP CARD

Specifications
Nozzle Length: 1-1/2"
Outside Diameter: 1/2"

Portable Pressurized Sandblasters

Deluxe pressure-feed units include a pressure gauge, air filter, nozzle-end shut-off valve with four ceramic nozzles, 9' hose, media filling funnel and canvas safety hood. Compatible sandblast materials include silicone carbide, alumina and silica sand.

INDIVIDUALLY BOXED

Specifications	
Working Air Pressure:	65-125 PSI

SKU	Unit Capacity
AES-1000	10 Gallon Unit
AES-1002	20 Gallon Unit

Sandblasting requires a large volume of air at high pressure. The efficiency of your sandblaster can be adversely affected by the use of too small an air supply hose, insufficient air pressure or an over large nozzle. We recommend that air pressure in the range of 65-125 PSI will provide the best results.

Hose ID	Hose Length	Nozzle ID	Compressor HP	CFM @ 125 PSI	Sand Use (LBS) per Hour
3/8"	50'	0.10"	2 HP	6 CFM	60 LBS
3/8"	25'	0.125"	4 HP	12 CFM	100 LBS
1/2"	50'	0.150"	7 HP	20 CFM	150 LBS
1/2"	25'	0.175"	10 HP	25 CFM	200 LBS

Pneumatic Spark Plug Cleaner AES-18500

Internally controlled abrasive blasting gently removes carbon build-up. Fits standard size spark plugs. Easy to operate. Two-position lever allows you to switch between abrasive cleaning and air cleaning. 4oz Bag of aluminum oxide blasting material included.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Connection:	1/4"
Working Air Pressure:	90 PSI

AES-18501	4oz Abrasive Blasting Material
AES-18502	Replacement Material Bag

4oz Abrasive Blasting Material AES-18501

Silica free media for abrasive blasting and spark plug cleaning. Removes rust, carbon build-up, paint and similar surface coatings. Recommended for use in AES-18500.

HEADER CARD

Heavy Duty Canvas Sandblast Hood with Hard Hat AES-1004

Professional heavy duty vented sandblasting safety hood is approved for all abrasive blasting. ANSI CE Removable Safety Hard Helmet with adjustable headband. Vented back. Large size covers head, face, neck and upper chest. Large protection lens for great visibility of workspace.

INDIVIDUALLY BAGGED

AES-1004-L	Replacement Clear Lens, 5"x7"
-------------------	-------------------------------

Deluxe Vinyl Heavy Duty Sandblast Hood with Hard Hat AES-1006

Deluxe quality heavy duty vented sandblasting safety hood is approved for all abrasive blasting. Metal mesh shielded protection lens. Vented in back and sides. Large size covers head, face, neck and upper chest. Replaceable protection lens.

INDIVIDUALLY BAGGED

AES-1006-L	Replacement Clear Lens, 3"x5"
-------------------	-------------------------------

Canvas Safety Sandblast Hood AES-1000-30

Safety sandblasting hood made of thick canvas material for maximum head protection. Light-weight and durable. Large viewing lens provides great visibility of workspace as well as giving your eyes and face the best possible protection.

INDIVIDUALLY BAGGED

AES-1000-31	Replacement Clear Lens, 9"x7"
--------------------	-------------------------------

8" DA Hog Sander AES-668

Air-driven gears provide smooth and consistent power while minimizing vibrations during sanding. Quickly removes heavy material from large, flat surfaces. Use with 8" PSA sandpaper.

INDIVIDUALLY BOXED

Specifications

Air Inlet:	1/4" NPT (F)
Avg. Air Consumption:	4 CFM
Free Speed:	900 RPM

Air Inlet:	1/4" NPT (F)
Air Hose:	3/8" (ID)
Avg. Air Consumption:	6 CFM
Free Speed:	2,200 RPM

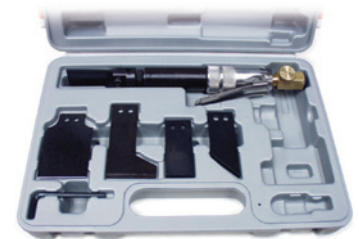

Jitterbug Sander AES-AT-7018

Balanced ball bearing construction. Built-in regulator for positive speed control. Positive locking clamps hold sand paper firmly in position. Automatic release throttle lever with positive stop action.

INDIVIDUALLY BOXED

Specifications

Air Inlet:	1/4" NPT (F)
------------	--------------

Multi-purpose Air Scraper Kit AES-660-K

Heavy duty scraper can handle all sorts of stubborn materials, such as urethanes, crusty vinyl adhesives, hardened butyls, old undercoating, built-up paint and primers. Includes 5 easy to replace blade styles: standard 1" blade, 1" angle blade, 1-3/4" extra wide blade and 1-3/4" corner cutting blade.

INDIVIDUALLY BOXED

Specifications

Air Inlet:	1/4" NPT (F)
------------	--------------

Air Vacuum Cleaner AES-621

Hooks right up to any air line to be used as a powerful air vacuum or blow gun. Includes crevice tool, flat brush, precision pick-up, tube extender and a 4' hose. Picks up fine powder, metal dust, filings, glass, cotton dust, wood shavings and more. Conveniently powered by your air compressor, no motor to burn out. Canvas dust bag has a zipper opening for quick and easy disposal.

INDIVIDUALLY BOXED

Specifications

Air Inlet:	1/4" NPT (F)
Hose Length:	4'
Nozzle Size (ID):	1"
Working Pressure:	90 PSI

**CAN BE CONVERTED TO A
HIGH VOLUME BLOW GUN**

6" Palm Grip DA Sander AES-664

Heavier weight allows for easier sanding and grinding corrosion, heavy fillers and enamels. Includes 6" vinyl face sanding pad.

INDIVIDUALLY BOXED

Specifications

Air Inlet:	1/4" NPT (F)
Avg. Air Consumption:	5-6 CFM
Exhaust Type:	Rear Exhaust
Free Speed:	7,500 RPM
Orbit Motion:	3/32"
Working Pressure:	90 PSI

6" Palm Grip DA Sander AES-AT-780-6

Built-in regulator for speed control. Low vibration lightweight and ergonomic design.

INDIVIDUALLY BOXED

Specifications

Air Inlet:	1/4" NPT (F)
Exhaust Type:	Rear Exhaust
Orbit Motion:	3/32"

6" Random Orbit Palm DA Sander (Vacuum Type) AES-AT-980-6

Built-in regulator for positive speed control. Most suitable for producing fine finishes.

INDIVIDUALLY BOXED

Specifications

Air Inlet:	1/4" NPT (F)
Avg. Air Consumption:	12 CFM
Exhaust Type:	Rear Exhaust
Free Speed:	9,000 RPM
Orbit Motion:	3/16"

6" Palm DA Finishing Sander AES-AT-664

Sander fits comfortably in the palm of your hand. Comes with a cushioned 6" hook & loop sanding pad. Low vibration for better control over any surface. Lightweight aluminum motor.

INDIVIDUALLY BOXED

Specifications

Air Inlet:	1/4" NPT (F)
Avg. Air Consumption:	4 CFM
Exhaust Type:	Rear Exhaust
Free Speed:	10,000 RPM
Orbit Motion:	5mm
Net. Weight:	2 LBS

6" DA Sander AES-AT-280

Creates swirl-free finishes from its dual action pad motion. Built-in regulator at the trigger for positive speed control. Orbital sander provides a patternless finish. Most suitable for sanding jobs like feather edging, metal preparation and blending body filler. 6" Hook & loop face pad included.

INDIVIDUALLY BOXED

Specifications

Air Inlet:	1/4" NPT (F)
Exhaust Type:	Side Exhaust
Free Speed:	10,000 RPM
Orbit Motion:	3/16"
Net. Weight:	3.83 LBS

6" DA Sander with German Bearings AES-666

Built with high quality German bearings. Creates swirl-free finishes from its dual action pad motion. Built-in regulator at the trigger for positive speed control. Orbital sander provides a patternless finish. Most suitable for sanding jobs like feather edging, metal preparation and blending body filler. 6" Hook & loop face pad included.

INDIVIDUALLY BOXED

Specifications

Air Inlet:	1/4" NPT (F)
Exhaust Type:	Side Exhaust
Free Speed:	10,000 RPM
Orbit Motion:	3/16"
Net. Weight:	5 LBS

6" Professional DA Sander with Keyless Pad Removal AES-PAT-301

Keyless pad release mechanism allows for changing pads quickly without a wrench. Dual action orbital pad motion provides a swirl-free and patternless finish. Great for feather edging, metal prep and blending body filler. Heavy duty aluminum housing. Includes a 6" Vinyl face sanding pad. Built-in regulator at the trigger.

INDIVIDUALLY BOXED

Specifications

Air Inlet:	1/4" NPT (F)
Avg. Air Consumption:	4.5 CFM
Free Speed:	10,000 RPM
Orbit Motion:	3/16"
Net. Weight:	4 LBS

6" Professional DA Sander AES-AT-380

Creates swirl-free finishes from its dual action pad motion. Built-in regulator at the trigger for positive speed control. Orbital sander provides a patternless finish. Most suitable for sanding jobs like feather edging, metal preparation and blending body filler. 6" Hook & loop face pad included.

INDIVIDUALLY BOXED

Specifications

Air Inlet:	1/4" NPT (F)
Exhaust Type:	Side Exhaust
Free Speed:	10,000 RPM
Orbit Motion:	3/16"

Straight Line Sander AES-AT-186

Dual cylinder one inch stroke at 2,500 strokes per minute for rapid material removal. Positive locking clamps hold paper secure. Low noise and vibration levels. The dual piston makes the sander ideal for finishing body filler. No dead point design for comfortable operation on plastic. Fillers at any stage of hardening. Feathers with ease.

INDIVIDUALLY BOXED

Specifications

Air Inlet:	1/4" NPT (F)
Avg. Air Consumption:	6 CFM
Exhaust Type:	Side Exhaust
Net. Weight:	5.65 LBS

Specifications

Thread Size: 5/16" - 24

AES-6527 6" Hook & Loop Face Pad

AES-6528 5" Hook & Loop Face Pad

6" Tapered Sanding Pads

Cushioned for sanding evenly over a wide range of surfaces. Lightweight and perfectly balanced for faster working and a professional finish. Vinyl face pads for use with PSA paper.

HANG-UP CARD

Tapered Edge

Specifications

Thread Size: 5/16" - 24

AES-SP-01 6" Vinyl Face Pad

6" Tapered PSA Sanding Pad AES-6524

Cushioned for sanding evenly over a wide range of surfaces. Lightweight and perfectly balanced for faster working and a professional finish. Vinyl face pad for use with PSA paper.

HANG-UP CARD

Tapered Edge

Specifications

Thread Size: 5/8" - 11

8" Super Flex Tapered Edge Pads

Pad is cushioned and highly flexible to accommodate irregular surfaces. Fully balanced for a professional finish.

HANG-UP CARD

Tapered Edge

Specifications

Thread Size: 5/8" - 11

AES-6588 8" Vinyl Face Pad

AES-6529 8" Hook & Loop Face Pad

Low-Profile Cushioned Backing Pads with Vinyl Face

Low profile cushioned vinyl face for use with PSA paper.

HANG-UP CARD

Specifications

Thread Size: 5/16" - 24

AES-5518 5" Vinyl Face

AES-6518 6" Vinyl Face

Low-Profile Cushioned Backing Pads with Hook & Loop Face

Low profile cushioned hook & loop face holds the pads firmly in place and takes only seconds to change sanding discs.

HANG-UP CARD

Specifications

Thread Size: 5/16" - 24

AES-5520 5" Hook & Loop Face

AES-6520 6" Hook & Loop Face

Soft Foam Hook & Loop Face Interface Pads

Foam interface pad provides soft cushion between sanding disc and backing pad. Allows full disc contact on irregular surfaces without burning through finish. Open cell foam body helps dampen sanding vibrations and increases conformability. Hook and loop face allows for quick and easy disc change.

INDIVIDUALLY BAGGED

AES-6521

AES-6522

AES-6521 3" Diameter; 1/2" Thick

AES-6522 6" Diameter; 1/2" Thick

3" Mini Hook & Loop Sanding Pad Set AES-6543

Includes two 1/4" adaptors. One with a round shank for use with die grinders and one with a hex shank for use with drills.

HANG-UP CARD

Tapered Edge

Specifications

AES-SP-10 3" Diameter; 5/16" x 24 Thread

AES-SP-10M 3" Diameter; 6mm Thread

6pc 3" Mini Hook & Loop Sanding Pad Kit AES-7733

Kit includes 1pc x 36, 60, 80 & 120 grit hook & loop sanding discs, a 3" rolok holder with 1/4" shank and a 3" soft contour hook & loop backing pad with rolok fastener.

HANG-UP CARD

Backing Plates

Backing Plates

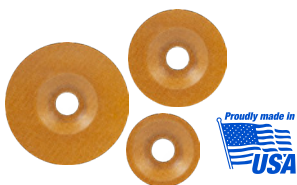

High Speed Phenolic Backing Plates

Our flexible phenolic backing plates come in a wide variety of sizes to meet your needs from polishing to sanding and grinding. All phenolic plates meet rigid technical and performance standards. 7/8" Depressed center hole. Add "-CD" to stock number if carding is desired.

Specifications	
Arbor Size:	7/8"

SKU	Diameter	Max. Speed
AES-553	3"	25,000 RPM
AES-554	4"	25,000 RPM
AES-554-5	4.5"	20,000 RPM
AES-555	5"	20,000 RPM
AES-557	7"	15,000 RPM
AES-559	9"	15,000 RPM

3pc High Speed Phenolic Backing Plate Set (3", 4" & 5") AES-525

Includes 1pc each of AES-553, AES-554 & AES-555.

HANG-UP CARD

3pc High Speed Phenolic Backing Plate Set (3", 5" & 7") AES-526

Includes 1pc each of AES-553, AES-555 & AES-557.

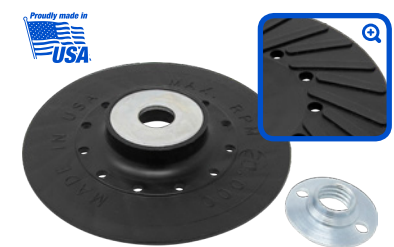

HANG-UP CARD

5" Quick Change Pad with 5" & 7" Phenolic Backing Plates AES-51806

Eliminates the use of a wrench to replace abrasive discs for most sanders and grinders having 5/8" x 11 threaded spindles. Must be used with flexible phenolic backing disc. Set includes 1x 5" Ventilated Backing Pad, 1x 5" Phenolic Backing Plate and 1x 7" Phenolic Backing Plate.

HANG-UP CARD

High Speed Vented Channel Backing Plates with Flange Nut

General purpose backing plate made to provide consistent properties over a wide range of temperatures while sanding. Polypropylene construction with large air holes and air channels to promote air cooling.

HANG-UP CARD

Specifications	
Thread Size:	5/8" - 11
Max. Speed:	20,000 RPM

AES-51835	4.5" Diameter Backing Plate with Flange Nut
AES-51836	5" Diameter Backing Plate with Flange Nut
AES-50932	5/8" - 11 Replacement Flange Nut Only

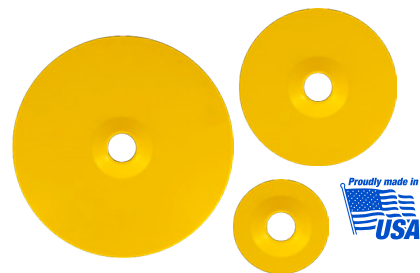

7" Molded Backing Plate with Flange Nut AES-51927

For use with threaded spindles on vertical and angle sanders.

HANG-UP CARD

Specifications	
Thread Size:	5/8" - 11
Max. Speed:	7,000 RPM

AES-50935	5/8" - 11 Replacement Flange Nut Only
------------------	---------------------------------------

High Speed Nylon Backing Plates

Made of a special polymer plastic for greater durability than phenolic plates. 7/8" Depressed center hole. Add "-CD" to stock number if carding is desired.

Specifications	
Arbor Size:	7/8"

SKU	Diameter
AES-5630	3"
AES-5650	5"
AES-5670	7"

3pc High Speed Nylon Backing Plate Set (3", 5" & 7") AES-5620

Made of a special polymer plastic for greater durability than phenolic plates. 7/8" Depressed center hole.

Includes 1pc each of AES-5630, AES-5650 & AES-5670.

HANG-UP CARD

Depressed Center Grinding Wheels

Heavy duty fiberglass, fully reinforced discs. Removes material faster with the longest possible life. Designed to maintain proper angle point.

For Grinding Metal

HANG-UP CARD

SKU	Diameter	Thickness	Arbor Size
AES-10040	4"	1/4"	5/8"
AES-10055	4.5"	1/4"	7/8"
AES-10055-H	4.5"	1/4"	5/8" - 11 Hub

For Grinding Metal

HANG-UP CARD

For Grinding Stone

HANG-UP CARD

SKU	Diameter	Thickness	Arbor Size
AES-10057	4"	1/4"	7/8" Arbor

Adjustable Spanner Wrench AES-43560

Special design provides locked grip every time. Adjusts to any size between 3/8" to 1-3/16".

HANG-UP CARD

Specifications
Adjustable Range: 3/8" - 1-3/16" (10-30mm)

Grinding Wheels

25pc Box of Grinding Wheels AES-3642

Ideal for smoothing welds, removing burrs and contouring surfaces, as well as many blending and clean-up tasks. Use in body shops, garages, fabrication shops and other industries.

BOXED

Specifications
Diameter: 3"
Arbor Size: 3/8"
Max. Speed: 25,000 RPM
Thickness: 1/4"

3pc Grinding Wheel Set AES-3642-4

Includes 3pc of AES-3642 grinding discs and 1pc AES-3800 arbor.

INDIVIDUALLY BOXED

Specifications
Diameter: 3"
Arbor Size: 3/8"
Max. Speed: 25,000 RPM
Thickness: 1/4"

1/4" & 3/8" Mandrel AES-3804

Instantly convert any die grinder or drill into a cut-off tool. Comes with a removable adapter to convert arbor size from 3/8" to 1/4".

HANG-UP CARD

Specifications
Mandrel Size: 1/4" or 3/8"
Shank Size: 1/4"

3/8" Mandrel AES-3800

Ideal for holding thicker cut-off wheels and grinding wheels. Fits AES-3642.

HANG-UP CARD

Specifications
Mandrel Size: 3/8"
Shank Size: 1/4"

Air Grinders

4" Air Angle Grinder AES-622

Designed for removing rust and smoothing welds. Safety lever throttle. Built-in regulator. Hardened steel beveled gears for longer tool life.

INDIVIDUALLY BOXED

Specifications
Air Inlet: 1/4" NPT (F)
Avg. Air Consumption: 5 CFM
Free Speed: 11,000 RPM
Overall Length: 8.25"
Working Air Pressure: 90 PSI

5" Air Angle Grinder AES-AT-185B

Designed for removing rust and smoothing welds. Safety lever throttle. Built-in regulator. Hardened steel beveled gears for longer tool life.

INDIVIDUALLY BOXED

Specifications
Air Inlet: 1/4" NPT (F)
Avg. Air Consumption: 5 CFM
Free Speed: 11,000 RPM
Working Air Pressure: 90 PSI

2" Air Angle Grinder AES-AT-7037F

Ideal for light grinding, rust removal and smoothing welds. Lightweight aluminum housing with soft comfort grip and angled aluminum head. Swivel metal guard protects from sparks and debris. Safety lever block trigger. Grinding wheel included.

INDIVIDUALLY BOXED

Specifications
Air Inlet: 1/4" NPT (F)
Avg. Air Consumption: 3.5 CFM
Exhaust Type: Rear Exhaust
Free Speed: 15,000 RPM
Grinding Wheel Size: 2"
Working Air Pressure: 90 PSI
Spindle Thread Size: 1/4" - 20 UNF

Air Impact Tools

3/8" Heavy Duty Air Impact Wrench AES-PAT-103

Sheer power and performance features to tackle the toughest jobs with ease, proven durability and economy. Ideal for tire changing, general assembling work and other workshop tasks.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Capacity Bolt Size:	1/2"
Free Speed:	8,000 RPM
Max. Torque:	250 FT-LBS
Square Drive:	3/8"

1/2" Heavy Duty Air Impact Wrench AES-PAT-104

The AES-PAT-104 features a durable twin hammer impact mechanism that delivers sheer power and performance. Tackle the toughest jobs with ease such as tire changing, general assembling work and other workshop tasks. Quickly switch between power settings with the 4-position switch.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Capacity Bolt Size:	5/8"
Free Speed:	7,000 RPM
Max. Torque:	350 FT-LBS
Square Drive:	1/2"

3/4" Air Impact Wrench AES-AT-261

Pistol grip for comfort and easy handling. Ideal for spring works, pinion nut removal and major engine teardown. Sheer power to tackle the toughest jobs easily.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Free Speed:	4,500 RPM
Max. Torque:	500 FT-LBS
Square Drive:	3/4"

1/2" Air Impact Wrench AES-AT-231

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Capacity Bolt Size:	5/8"
Free Speed:	7,000 RPM
Max. Torque:	425 FT-LBS
Square Drive:	1/2"

3/4" Air Impact Wrench AES-AT-262

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Max. Torque:	700 FT-LBS
Square Drive:	3/4"

3/8" Butterfly Impact Wrench AES-AT-5030

Built-in regulator varies speed and power. Swivel air inlet provides easy maneuvering. Ideal for transmission, body panel, exhaust system and small engine repair.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Square Drive:	3/8"

1" Heavy Duty Impact Wrench AES-AT-285-6

Ideal for general repair work on trucks, tires and heavy equipment. Built-in adjustable speed regulator. Oil bath lubrication. Removable side handle for greater control. Extended anvil reaches into deep truck wheels easily.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/2" NPT (F)
Avg. Air Consumption:	40 CFM
Capacity Bolt Size:	1-3/4"
Free Speed:	3,500 RPM
Max. Torque:	1,400 FT-LBS
Square Drive:	1"
Working Pressure:	115 PSI

1" Heavy Duty Impact Wrench Kit AES-AT-285-6K

Ideal for general repair work on trucks, tires and heavy equipment. Built-in adjustable speed regulator. Includes 38mm and 41mm impact sockets. Oil bath lubrication. Removable side handle for greater control. Extended anvil reaches into deep truck wheels easily.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/2" NPT (F)
Avg. Air Consumption:	40 CFM
Capacity Bolt Size:	1-3/4"
Free Speed:	3,500 RPM
Max. Torque:	1,400 FT-LBS
Square Drive:	1"
Working Pressure:	115 PSI

3-in-1 Air Tool Combo Kit AES-AT-7345

The AES-AT-7345 combines three air tool configurations, an Air Ratchet, Air Die Grinder and Right Angle Air Die Grinder into a single tool! Each configuration features a compact and ergonomic design for working in confined spaces. The Air Ratchet configuration is intended for installing, tightening and loosening threaded fasteners and bolts. The Air Die Grinder and Right Angle Air Die Grinder configurations are intended for light weld grinding, polishing, de-burring and smoothing sharp edges. The safety trigger prevents accidental starts. A simple, quick connect mechanism allows for quick and secure tool configuration changes on the fly. All packed in a convenient storage case.

INDIVIDUALLY BOXED

Air Ratchet

Specifications	
Air Inlet:	1/4" NPT (F)
Free Speed:	180 RPM
Max. Torque:	60 FT-LBS
Square Drive:	3/8"

Air Die Grinder

Specifications	
Air Inlet:	1/4" NPT (F)
Max. Speed:	18,000 RPM
Collet Size:	1/4"

Right Angle Air Die Grinder

Specifications	
Air Inlet:	1/4" NPT (F)
Max. Speed:	15,000 RPM
Collet Size:	1/4"

1/4" Mini Air Ratchet AES-AT-5055

Triple planetary gears design, with silencer for noise reduction.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Max. Torque:	25 FT-LBS
Square Drive:	1/4"

1/4" Mini Air Ratchet AES-AT-5055SG

Comfortable rubber grip. Easy reversible action with paddle style trigger.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Max. Torque:	20 FT-LBS
Square Drive:	1/4"

1/2" Air Ratchet AES-AT-5053

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Max. Torque:	50 FT-LBS
Square Drive:	1/2"

Air Chisels, Caulking & Grease Guns

Air Caulking Gun AES-618

Ergonomically designed to provide a smooth and consistent application. This all-purpose caulking gun is compatible with adhesives or caulks for sealing gaps on nearly any surface.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Working Pressure:	40-90 PSI
Tube Diameter (ID):	2"
Tube Length:	8.25"

Air Caulking Gun AES-AT-193

A must for the builder, window installer or auto mechanic. Will take standard size silicone cartridges and makes applying large amounts of silicone a simple and easy job.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Working Pressure:	90 PSI
Tube Diameter (ID):	2"
Tube Length:	8.5"

Air Grease Gun AES-669

Automatically sizes itself for bulk load, dispenser, 14oz or 14.5oz cartridge. Heavy duty commercial quality steel construction assures many years of rugged use. Includes a rigid metal and a flexible rubber grease hose.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)

Air Grease Gun AES-AT-6036

Designed to take a standard sized grease cartridge or bulk grease up to 16oz. Widely used in the machinery and automotive industry. Includes a rigid metal and a flexible rubber grease hose. Heavy duty construction. Delivers 1.7oz of grease per 100 strokes.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)

Air Hammer AES-675

Comes complete with our AES-5120 quick change chisel retainer.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Blows per Minute:	3,200 BPM

150mm Air Hammer Kit AES-AT-2070NR

The AES-AT-2070NR features an alloy steel barrel that accepts round shank chisels and a powerful heat-treated piston. Reduce operating fatigue with the ergonomic handle design protected by comfortable textured rubber grips. Ideal for general cutting, chipping and scraping. Packed in a PVC case.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Blows per Minute:	4,500 BPM
Shank Type:	.401 Parker
Stroke Length:	1-5/8"

190mm Air Hammer Kit AES-AT-2080NR

The AES-AT-2080NR features an alloy steel barrel that accepts round chisels and a powerful heat-treated piston. Reduce operating fatigue with the ergonomic handle design protected by comfortable textured rubber grips. Ideal for general cutting, chipping and scraping. Packed in a PVC case.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Blows per Minute:	4,500 BPM
Shank Type:	.401 Parker
Stroke Length:	1-5/8"

Air Hammer Kit AES-AT-2012K

Complete air hammer kit comes with five 7" chrome molybdenum chisels: spot weld cutter, sheet metal trimmer, taper punch, flat and panel cutter.

INDIVIDUALLY BOXED

Air Chisel Blades

Chisels made from high quality chrome-moly forged steel for excellent blade sharpness retention and durability.

HANG-UP CARD

Specifications	
Shank Type:	.401 Parker

Single Edge Panel Cutting Chisel AES-401

3/4" Flat Scraper Chisel AES-407

Double Edge Panel Cutting Chisel AES-410

Slotted Jaw Panel Edger AES-411

1-1/4" Flat Scraper Chisel AES-425

2" Curved Blade Scraper Chisel AES-436

Quick Change Spring Retainer AES-5120

Universal fit compatible with most air hammers. Prevents accidental shank release. Fits .401 parker shank chisels.

HANG-UP CARD

Quick Change Chisel Coupler AES-3300-1

Easily attach and detach .401 turn-style chisels by a sleeve quick coupling system. Designed to replace the quick change spring chisel holder on air impact hammers. Field proven to be the safest, fastest and easiest chisel retainer in the industry.

HANG-UP CARD

Air Undercoat Guns

AES-620

Specially made for shooting undercoating, chip guard and sound deadener. Aluminum construction. Special cup adapter provided, will work with internal or external cup threads.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Avg. Air Consumption:	11 CFM
Bottle Connection:	1-3/4"
Spray Nozzle (ID):	1/4"
Working Pressure:	55-70 PSI

AES-627

Designed to apply undercoating, gravel guard, liquid bed liners, sound deadeners and gel coats. Aluminum construction.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Avg. Air Consumption:	11 CFM
Bottle Connection:	1-3/4"
Spray Nozzle (ID):	3/8"
Working Pressure:	50-75 PSI

Plastic Undercoat Bottle, 32oz AES-9832

Empty quart bottle for spraying undercoat, bedliner and rustproofing. Fits AES Industries and most other brand undercoat guns. Convenient section to write bottle contents on the label.

INDIVIDUALLY BAGGED

Specifications	
Capacity:	1 Qt (32oz)
Dimensions:	7.25" x 4" x 4"
Thread Size:	1-3/4"

AES-9832-C

Bottle Cap for AES-9832 with leak and solvent resistant seal

Air Riveters

Heavy Duty 1/4" Air/Hydraulic Riveter AES-AT-6020

Heavy duty air riveter intended for use in the most demanding industrial applications. Compatible with numerous types of structural rivets and contains three interchangeable head sizes including 5/32", 3/16" and 1/4". The riveter features two methods of rivet stem collection to keep your work site clean. Choose either the stem collection cup (installed on the tool) or attach a hose to collect stems via a hose directed away from the work site. Precision CNC manufacturing process ensures perfect part fitment and maximizes the accuracy and operational life of the riveter. Detailed instruction manual and full maintenance kit included and contains replacement jaws, spring, hydraulic oil, wrenches and syringe. Everything is packed safely in the included foam padded case for ultimate protection and portability.

- Industrial grade riveter intended for heavy duty industrial applications
- Specializes in pulling various structural rivets types and sizes including 5/32", 3/16", 1/4"
- Choose between rivet stem collection via the cup or an attached hose
- Manufactured using CNC components and precision seals for maximum operational life
- Easy to maintain, includes a maintenance kit with spare parts

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Avg. Air Consumption:	8 CFM
Cycle Time:	0.9 Sec
Max. Stroke:	0.83"
Noise Level:	75 dB
Pull Force:	~2,700 FT-LBS @ 87 PSI
Vibration:	~2.5m / s2
Working Pressure:	70-100 PSI

Professional Air/Hydraulic 1/4" Riveter AES-AT-6018

Features high speed efficiency powered by a durable, hydraulic piston for increased performance. One-hand operation with comfortable contoured handle. Sets 1/4" rivets.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Avg. Air Consumption:	0.03 CFM
Max. Stroke:	0.63"
Pull Force:	~2,640 FT-LBS
Working Pressure:	90 PSI

High Speed Air Rivet Gun AES-AT-6015

Ultra high speed ideal for assembly line. Sets rivet up to 3/16 in diameter. Hydraulic piston for increased power. Easy operation in any position with one hand. Sets rivet sizes: 3/16", 5/32", 1/8" and 3/32".

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Avg. Air Consumption:	0.03 CFM
Max. Stroke:	9/16"
Pull Force:	~1,586 FT-LBS
Working Pressure:	90 PSI

Heavy Duty Compact Air Rivet Gun AES-683

Sets rivet sizes: 3/32", 1/8", 5/32" and 3/16". Rivet nozzle storage next to air inlet.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Net Weight:	3.25 LBS
Pull Force:	1,600 FT-LBS
Working Pressure:	90 PSI

SEE PAGE 57 FOR OUR RIVET SELECTION

Air Needle Scaler AES-54320

For surface prep work involving cleaning or removing paint, rust, dirt or weld slag. Hardened steel needles.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Avg. Air Consumption:	4 CFM
Needle Dimensions:	3mm x 7"
Needle Quantity:	12pc
Strokes per Minute:	4,200 SPM
Working Pressure:	90 PSI

AES-54320-N Replacement 7" x 3mm Needles (12pc)

Light Duty Straight Grip Air Needle Scaler AES-AT-8039

For surface prep work involving cleaning or removing paint, rust, dirt or weld slag. Hardened steel needles.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Avg. Air Consumption:	4 CFM
Needle Dimensions:	3mm x 125mm
Needle Quantity:	12pc
Stroke Length:	1"
Strokes per Minute:	2,800 SPM
Working Pressure:	90 PSI

Industrial Duty Pistol Grip Air Needle Scaler AES-AT-8039D

For surface prep work involving cleaning or removing paint, rust, dirt or weld slag. Hardened steel needles.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Avg. Air Consumption:	4 CFM
Needle Dimensions:	3mm x 180mm
Needle Quantity:	19pc
Stroke Length:	1"
Strokes per Minute:	4,500 SPM
Working Pressure:	90 PSI

Air Needle Scaler AES-688

Remove rust, scale, paint, weld flux, cement and other residue from irregular surfaces. Hardened steel needles.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Avg. Air Consumption:	4 CFM
Needle Dimensions:	3mm x 7"
Needle Quantity:	19pc
Stroke Length:	1-1/8"
Strokes per Minute:	4,600 SPM
Working Pressure:	90 PSI

AES-688-1 Replacement 7" x 3mm Needles (19pc)

Needle Scaler Assembly AES-685-1

For use with almost any air hammer. Hardened steel needles.

INDIVIDUALLY BOXED

Specifications	
Needle Dimensions:	3mm x 180mm
Needle Quantity:	19pc

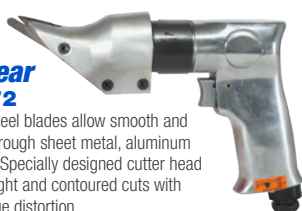

Pistol Grip Air Needle Scaler AES-AT-685

For surface prep work involving cleaning or removing paint, rust, dirt or weld slag. Hardened steel needles.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Avg. Air Consumption:	4 CFM
Needle Dimensions:	3mm x 180mm
Needle Quantity:	19pc
Stroke Length:	1"
Strokes per Minute:	4,500 SPM
Working Pressure:	90 PSI

Air Shear AES-672

Hardened steel blades allow smooth and clean cut through sheet metal, aluminum and plastic. Specially designed cutter head makes straight and contoured cuts with minimal edge distortion.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Avg. Air Consumption:	4 CFM
Capacity:	18 ga Steel
Strokes per Minute:	2,200 SPM
Working Pressure:	90 PSI

Air Metal Shear AES-AT-170

Hardened steel blades allow smooth and clean cuts through sheet metal, aluminum and plastic. Specially designed cutter head makes straight and contoured cut with minimal edge distortion.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Avg. Air Consumption:	4 CFM
Capacity:	18 ga Steel
Strokes per Minute:	2,200 SPM
Working Pressure:	90 PSI

Straight Body Air Metal Shear AES-AT-171

Hardened steel blades allow smooth and clean cut through sheet metal, aluminum and plastic. Specially designed cutter head makes straight and contoured cuts with minimal edge distortion.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Avg. Air Consumption:	4 CFM
Capacity:	18 ga Steel
Strokes per Minute:	2,200 SPM
Working Pressure:	90 PSI

Air Nibbler AES-AT-7038

Lightweight and compact design. Cuts up to 16 gauge steel without leaving burrs or deformed edges. Adjustable die can be placed in various positions as needed.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)

Air Punch & Flange Tool AES-661

Air-powered punch and flange tool featuring a 360° swivel head for more precise control.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Flanger Capacity:	14 ga
Hole Punch Capacity:	14 ga
Hole Punch Diameter:	3/16"
Overall Length:	9.5"
Working Pressure:	90 PSI

Air Body Saw AES-AT-7039

Performs straight or scroll cuts on metal, aluminum, plastic and fiberglass. Excellent for auto body repair, muffler and exhaust work. Includes one 18 tooth and one 24 tooth saw blade.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Avg. Air Consumption:	6 CFM
Working Pressure:	90 PSI

Die Grinders

Die Grinders

1/4" Mini Air Die Grinder AES-AT-344N

Combines compact durability and ergonomic comfort without sacrificing quality! At just under 5" in overall length, it's the perfect size for grinding, polishing, deburring and smoothing sharp edges in tight/hard to reach areas. Safety lever trigger prevents accidental starts.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Avg. Air Consumption:	4.5 CFM
Collet Size:	1/4"
Free Speed:	25,000 RPM
Working Pressure:	90 PSI

1/4" Straight Air Die Grinder AES-AT-7032N

Features an ergonomic, comfortable grip design with built-in 4 position air regulator. Control exhaust output direction with the 360° swivel exhaust deflector. Great for use with different accessories for light weld grinding, polishing, deburring and sharp edge smoothing.

INDIVIDUALLY BOXED

Specifications	
Air Inlet:	1/4" NPT (F)
Avg. Air Consumption:	4.5 CFM
Collet Size:	1/4"
Free Speed:	25,000 RPM
Working Pressure:	90 PSI

1/4" Angle Air Die Grinder AES-AT-7034N

Features a 90° angle head making it's design perfect for working in confined areas. Excellent for grinding, polishing, deburring and smoothing sharp edges.

INDIVIDUALLY BOXED

7" Variable Speed Electric Polisher AES-CT-6101

Perfect for correcting surface defects and producing professional, mirror-like finishes! Variable speed control adjusts smoothly between 1,000 and 3,000 RPM to dial in the perfect speed. A powerful 11 amp motor provides plenty of power to drive the precision gearing system inside the aluminum gear housing. The heavy duty ball bearing motor assembly provides smooth operation for precise application and predictable movement. Built-in 5/8"-11 spindle lets you quickly switch pads. For maximum control, choose between the included reversible bail grip and standard grip handles.

INDIVIDUALLY BOXED

- Correct surface defects & create a professional mirror-like finish
- Choose between the included standard grip & reversible bail handle
- Designed for professionals, built from quality components made to last

Polishing Compound

Polishing Compound

Polishing Compounds

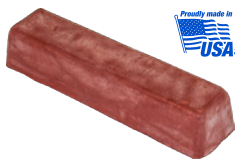

All of our polishing compounds come in 4oz sizes and are proudly made in USA. A unique combination of fine abrasive fillers and greases are formed into solid bars. Each compound and its general uses are listed below. Our compounds can be used to smooth and/or shine metals, plastic, wood and many other materials.

4oz Red Compound AES-7601

Best for buffing and cleaning gold, silver, brass, copper and nickel to a mirror finish.

- **Light Cut**

HANG-UP CARD

4oz White Compound AES-7602

For polishing gold, silver, brass, copper and aluminum.

- **Medium Cut**

HANG-UP CARD

4oz Brown Compound AES-7603

For polishing aluminum, stainless steel and wood.

- **Heavy-Medium Cut**

HANG-UP CARD

4oz Green Compound AES-7607

For use on stainless steel as well as other hard metals. For finishing stainless steel to a mirror like finish.

- **Medium-Light Cut**

HANG-UP CARD

4oz Black Compound AES-7608

For buffing aluminum, brass, copper, iron, nickel, pewter, steel and stainless steel.

- **Heavy Cut**

HANG-UP CARD

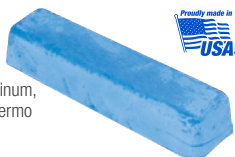

4oz Blue Compound AES-7609

For all purpose buffing, acrylics, aluminum, brass, copper, gold, iron, nickel, pewter, platinum, silver, chrome plate, stainless steel, most thermo plastics, hard rubber, horn and wood.

- **Fine Cut**

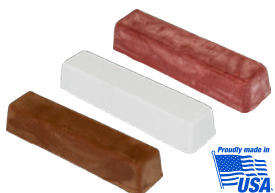

HANG-UP CARD

3pc Precious Metals Buff & Polish Set AES-K-152-3

The perfect set for polishing metals, polish gold, platinum, silver, steel, aluminum, chrome, brass and more. Includes one 4oz bar each of red, white and brown compounds.

HANG-UP CARD

3pc General Purpose Buff & Polish Set AES-K-152-4

General purpose set for buffing and polishing a wide range of materials. Includes one 4oz bar each of green, black and blue compounds.

Automotive Polishing & Cleaning Kit AES-7600

General purpose automotive cleaning and polishing kit will get your metal and plastic looking new again! Includes a 3" full-sewn buffing wheel, 3" single-sewn loose buffing wheel, one 4oz white compound bar and one 4oz red compound bar.

HANG-UP CARD

3" Full Sewn Cotton Buffing Wheel AES-7605

HANG-UP CARD

3" Full Sewn Cotton Buffing Wheel with Arbor AES-7605-2

HANG-UP CARD

3" Loose Flap Cotton Buffing Wheel AES-7606

HANG-UP CARD

3" Loose Flap Cotton Buffing Wheel With Arbor AES-7606-2

HANG-UP CARD

1/4" Buffing Wheel Arbor AES-53103

For use with cotton buffing wheels with 1/4" arbor holes.

HANG-UP CARD

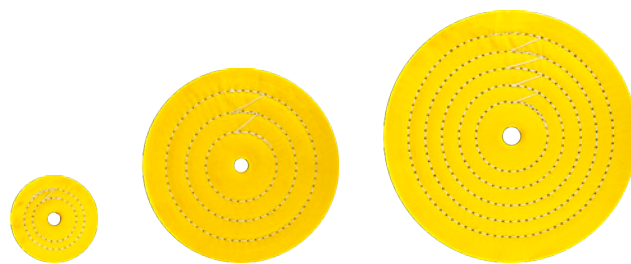

Cotton Buffing Wheels

Durable buffing wheels have super soft edges for a perfect finish.

- For polishing all metals
- For use with polishing compounds

HANG-UP CARD

SKU	Diameter	Arbor Hole Size	Thickness
AES-K-153	3"	1/2"	1/2"
AES-K-154	4"	1/2"	1/2"
AES-K-156	6"	1/2"	1/2"
AES-K-158	8"	1/2"	1/2"

"Muslin" Buffing Wheels

Spiral design holds plies together more stiffly so that greater pressure can be applied. Treated to last longer than standard buffs and to provide more aggressive cutting action.

- For use with polishing compounds

HANG-UP CARD

SKU	Diameter	Arbor Hole Size	Thickness
AES-4153	3"	1/2"	3/4"

AES-Y-156	6"	1/2"	1/2"
AES-Y-158	8"	5/8"	1/2"

3pc Felt Polishing Bob Set AES-6500

Versatile assortment of felt polishing bobs in several different shapes for a variety of contours and surfaces. 1/4" shanks.

HANG-UP CARD

Specifications
Shank Size: 1/4"

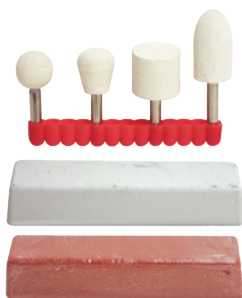

Felt Polishing Bobs with Jewelers Rouge AES-6501

Includes 4 polishing Bobs with 1/4" shanks, one 4oz white compound bar and one 4oz red compound bar.

HANG-UP CARD

Specifications
Shank Size: 1/4"

2" Polishing Kits

Choose from non-woven fiber wheels or felt wheels for polishing, deburring, cleaning and more.

80 Grit Non-Woven Fiber Wheels AES-95300

HEADER CARD

8x Adjustable Focusing Eye Loupe AES-52900

Compact and powerful 8x magnifier with adjustable focus. Specially made with a clear base which allows light to filter through for a natural look. Designed for fine detail viewing and also great for inspecting paint jobs for imperfections.

HANG-UP CARD

3 Wheel Sample Kit AES-95304

Includes one wheel of each described above.

HEADER CARD

Specifications
Arbor Size: 1/4"
Diameter: 2"
Thickness: 1/2"

Mushroom Scuffs

Our mushroom shaped scuff pads are great for paint, rust, and oxidation removal, especially in hard to reach areas. The scuff pad is made of nylon web material very similar to Scotch-Brite material which is commonly used to remove rust and light paint. This mushroom-shaped pad design works faster than conventional scuff pads because it can be mounted on a standard drill and spun at speeds up to 1,500 RPM. These scuff pads are perfect for manifold restoration.

INDIVIDUALLY BAGGED

AES-162-30	2" Diameter
AES-162-35	3" Diameter
AES-162-40	4" Diameter

Mushroom Buffs

Great for polishing grooves and other recessed areas. Comes mounted on a 1/4" hex shank, runs up to 1,500 rpm. Get in tight with these buffs. The fine-weave cotton of this mushroom shaped buff works faster than conventional felt bobs and last longer. The 1/4" smooth shaft resists slipping in your drill chuck while its plastic ferrule prevents scratching the recessed areas of your work piece.

INDIVIDUALLY BAGGED

AES-162-2P	2" Diameter
AES-162-3P	3" Diameter
AES-162-4P	4" Diameter

Cylinder Buffs

These specially designed cylinder buffing wheels are excellent for reaching into those tight crevices and Polishing the contours of deep dish wheels and engines. Pre-mounted on a 1/4" shank to slip easily into your drills and pneumatic tools.

INDIVIDUALLY BAGGED

AES-162-11	Medium, 1.5" Diameter
AES-162-12	Large, 2" Diameter

Facer Buffs

Get in tight with these buffs. Great for polishing flat recessed areas that are too large for felt bobs. Facer buffs are similar to mushroom buffing wheels except they have a flatter surface area. Comes mounted on a 1/4" hex shank. The fine-weave cotton of these facer buffs work faster than conventional felt bobs and last longer.

INDIVIDUALLY BAGGED

AES-162-17	Small
AES-162-18	Large

Tapered Cone Buffs

These specially designed cone buffing wheels are much like our cylinder buffs excellent for reaching into those tight crevices and polishing the contours of deep dish wheels and engine parts. The tapered end of the cone reaches the hard to get spot that can missed by cylinder buffs. Pre-mounted on a 1/4" shank to slip easily into your drills and pneumatic tools.

INDIVIDUALLY BAGGED

AES-162-13	Medium Taper, 2" to 1"
AES-162-14	Large Taper, 2.5" to 1"

Felt Polishing Balls

Felt fibers attached to a convenient 3/8" shaft for quick power polishing.

INDIVIDUALLY BAGGED

AES-1953	3" Diameter
AES-1954	4" Diameter
AES-1955	5" Diameter

5" Wool Buffing Ball AES-1956

Heavy cutting wool fibers attached to a 1/4" shaft for quick power buffing.

HEADER CARD

10" All Purpose Duster AES-4324

Cleans cars, boats, offices, stores, garages, houses and more. Dust cover can be removed for washing.

HEADER CARD

Premium Mini Detailing Kit

AES-76400

This set contains four hook and loop backed 4" face pads that will cover all your fine detail work from compounding to final finish. Includes a cushioned 3" backing pad with a 5/8" - 11 thread for use with your polisher and an adapter with a 1/4" shaft that allows you to convert your drill into a polisher. Most kit contents available separately (listed below).

4" Yellow Wool Pad, Medium Cut AES-76400-1

- Everyday cutting for average cars, light oxidation
- Add compound for a flawless finish on base coats
- 3" Hook and loop backing

HEADER CARD

4" White Wool Pad, Heavy Cut AES-76400-2

- Very aggressive cutting pad
- Works fast while reducing risk of burning
- For heavily oxidized or pitted finishes
- Removes wet sand scratches up to 1200 grit
- 3" Hook and loop backing

HEADER CARD

4" Orange Foam, Heavy Cut AES-76400-3

- High density general compounding pad
- Removing water spots, moderate to heavy oxidation
- Use with heavy compounds to remove swirls and oxidation
- Use with polish to remove water spots and light surface defects
- 3" Hook and loop backing
- Not available separately

HEADER CARD

4" Black Foam, Fine Polish AES-76400-4

- No-cut pad strictly for applying glazes, waxes and sealants
- Easily applies product in thin, even coats
- Used as a final step finishing pad
- 3" Hook and loop backing
- Not available separately

HEADER CARD

1/4" Drill Adapter AES-76400-5

5/8" - 11 adapter with a 1/4" shaft allows you to convert your drill or die grinder into a polisher.

HEADER CARD

3" Foam Backing Pad AES-76400-6

5/8" - 11 Spindle thread.

HEADER CARD

3" Foam Polishing Pads

Great for spot detailing, motorcycles, gas tanks and headlight restoration. Made from a high quality foam material featuring excellent strength and durability. All pads have a 3" hook and loop backing.

Orange Pad, Medium Cut AES-76401-3

General compounding / polishing pad for removing water spots, moderate to heavy oxidation and light surface scratches.

HEADER CARD

Black Pad, Fine Cut Polishing AES-76401-4

Great for removing environmental fallout, light surface scratches and micro swirls from regularly maintained finishes.

HEADER CARD

White Pad, Zero Cut Finishing AES-76401-5

Used as the final step for applying glazes, waxes and sealants.

HEADER CARD

3-1/2" Foam Polishing Cones

Made from a high quality foam material featuring excellent strength and durability. Tapered foam design is excellent for intricate wheel cleaning. Great for medium sized wheel spokes to remove dirt, brake dust and road grime. 1/4" Shaft fits in a standard electric drill.

HEADER CARD

AES-1957	Medium Cut, Yellow
AES-1958	Medium Cut, Orange
AES-1959	Medium Cut, Blue

Synthetic PVA Drying Chamois AES-51900

Made from soft, ultra absorbent PVA material. Excellent for drying, cleaning interiors, windshields, glass, mirrors and more.

INDIVIDUALLY PACKED

Specifications

Dimensions: 26" (L) x 17" (W)

Super Absorbent PVA Sponge AES-52999

Perfect for the workshop, marina, household, campside and garage. Absorbs 8 times its own weight. Made of highly absorbent PVA material that sucks up liquids quicker and more abundantly than conventional sponges. Same absorbent power as a synthetic chamois.

INDIVIDUALLY BAGGED

Specifications

Dimensions: 6.5"(L) x 3.75"(W) x 1.25"(H)

The Edge™ Double-Sided Waffle Buffing Pads

The famous Edge™ bevel design allows you to reach tight areas with a high speed buffer. It is the only convoluted pad in the edge double sided format. Work with less bending, crouching and there's no backing plate, preventing damage to the car. Resists hopping that may occur when wet flat surface pads dry out. Convoluted sides allow air to circulate, cooling the pad surface. Reduces splattering of chemicals and fluids. Top-quality reticulated polyester foam outlasts competing pads. The Edge™ waffle pad is 9.5" edge to edge, 8" face, beveled edge.

Yellow Waffle Pad, Medium Cut AES-51235

Everyday cutting for average cars, light oxidation. Add compound for a flawless finish on base coats. A must in every detail garage.

INDIVIDUALLY BAGGED

Blue Waffle Pad, Soft Polish AES-51240

Scratch less everyday polishing pad for any surface. Use with wax and polish. Removes swirl marks and applies a fine gloss.

INDIVIDUALLY BAGGED

Green Waffle Pad, Light Cut AES-51245

Our most versatile pad, buff with light compound on clear coats, rinse with water, apply polish or wax. Great for humid weather when waxes may cake.

INDIVIDUALLY BAGGED

White Waffle Pad, Ultra Fine Polish AES-51250

Ultra smooth surface, finer than any pad on the market. Creates a bold crystalline gloss. For new, exotic or expertly restored cars.

INDIVIDUALLY BAGGED

Adapter for Waffle Pads AES-51255

The Edge™ waffle adapter enables you to snap pads on and off instantly and center them perfectly every time!

HANG-UP CARD

The Edge™ Tapered Edge Foam Buffing Pads

Precision cut from the highest quality reticulated polyester urethane foam, an exceptionally strong - yet very flexible - material. The dual tapered edge allows for reaching into cornered areas, grooves and channels that ordinary pads can't reach. Fits 6" and 6-1/2" backing plates. The AES-51720 is a perfect match for our foam pads. Pad dimensions: 9-1/4" Pad Diameter; 1-1/2" Thick. Unique self-centering design keeps pad centered and seated in the optimal position for perfect results from start to finish. Hook & loop backing allows for quick removal and easy attachment during the buffing and polishing process. Made from the highest quality reticulated polyester urethane foam, an exceptionally strong - yet very flexible - material. Pad comes in a resealable hang-up bag for safe and convenient storage.

Black Foam Pad, Aggressive Cut AES-51730

Very aggressive cutting pad for applying compounds to heavily oxidized or pitted finishes. Easily removes 1500-2000 grit wet sand scratches. Recommended for only heavily oxidized and older finishes. Also great for aggressive cutting in marine and RV detailing applications. Follow up with the Yellow Medium Cut Pad (AES-51735) with a mild polish and then the Blue Finishing Pad (AES-51740) or White Ultrafine Pad (AES-51750) for applying final glaze and sealant.

INDIVIDUALLY BAGGED

Yellow Foam Pad, Medium Cut AES-51735

This high density pad is an all-around general compounding / polishing pad for removing water spots, moderate to heavy oxidation and light surface scratches. Use with heavy compounds to remove moderate swirls, medium to heavy oxidation and defects with little to no haze. Use with polish to remove water spots and light surface defects with little to no haze. Follow up with the Blue Finishing Pad (AES-51740) or White Ultrafine Pad (AES-51750) for applying final glaze and sealant.

INDIVIDUALLY BAGGED

Blue Foam Pad, Final Finishing AES-51740

No-cut pad strictly for applying glazes, waxes and sealants. Easily applies product in thin, even coats. Mostly used as a final step or can be followed up with the White Ultrafine Pad (AES-51750) for applying waxes and sealants.

INDIVIDUALLY BAGGED

Green Foam Pad, Light Cut AES-51745

This go-to pad is for removing environmental fallout, light surface scratches and micro swirls from regularly maintained finishes. Works best when applying polishes / glazes to your finish after compounding. Follow up with the Blue Finishing Pad (AES-51740) or White Ultrafine Pad (AES-51750) for applying final glaze and sealant.

INDIVIDUALLY BAGGED

White Foam Pad, Ultra Fine Sealing AES-51750

Ultra smooth surface, finer than any pad on the market. Creates a bold crystalline gloss. For new, exotic or expertly restored cars. Used as the final step for applying glazes, waxes and sealants. No-cut ultra smooth pad creates a bold crystalline gloss. For use with new, exotic and expertly restore finishes. Applies thin, even layers of product with full face contact and requires minimal pressure.

INDIVIDUALLY BAGGED

6-1/2" Hook & Loop Face Backing Pad AES-51720

Perfect for use with The Edge single-sided foam and wool buffing pads. Use at a low RPM to produce a high luster finish without swirl marks.

HEADER CARD

Specifications	
Max. Speed:	3,000 RPM
Thread Size:	5/8" - 11

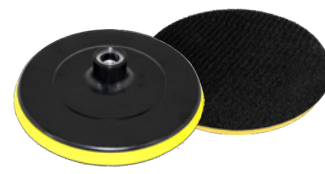

5-3/4" Hook & Loop Face Backing Pad AES-51722

Use at a low RPM to produce a high luster finish without swirl marks.

HEADER CARD

Specifications	
Max. Speed:	2,000 RPM
Thread Size:	5/8" - 11

Hook & Loop Face Backing Pad

Specifically designed for use with our hook and loop backed wool buffing pads.

HANG-UP CARD

AES-51726	5" Diameter
AES-51727	7" Diameter

The Edge™ 7" Wool Buffing Pads

Superior to ordinary wool pads in a number of ways. With five varieties to choose from, you can create the optimal finish on any vehicle whether your business is high volume, commercial or show-car specialty. Recommended use with AES-51720 backing pad.

Black Wool Pad, Heavy Cut AES-51530

Very aggressive cutting pad, works fast while reducing risk of burning. For heavily oxidized or pitted finishes, removes wet sand scratches.

INDIVIDUALLY BAGGED

Yellow Wool Pad, Medium Cut AES-51535

Everyday cutting for average cars, light oxidation. Add compound for a flawless finish on base coats. A must in every detail garage.

INDIVIDUALLY BAGGED

Blue Wool Pad, Finishing AES-51540

Scratch less everyday polishing pad for any surface. Use with wax and polish. Removes swirl marks and applies a fine gloss.

INDIVIDUALLY BAGGED

Green Wool Pad, Light Cut AES-51545

Our most versatile pad: buff with light compound on clear coats, rinse with water, apply polish or wax. Great for humid weather when waxes may cake.

INDIVIDUALLY BAGGED

White Lambs Wool Pad, Ultra Fine Polishing AES-51550

Ultra smooth surface, finer than any pad on the market. Creates a bold crystalline gloss. For new, exotic or expertly restored cars.

INDIVIDUALLY BAGGED

White Wool Buffing Pad, Heavy Cut AES-51560

Use for heavy cut buffing.

INDIVIDUALLY BAGGED

Buffing Pad Cleaning Tool AES-711

Quickly fluffs and cleans all wool buffing pads and polishing bonnets. Spurs remove glazed surfaces, loosens packed wool to prolong life of pad and removes dry/hardened polish.

HANG-UP CARD

7" Hook & Loop Face Backing Pad AES-51737

Special made for wool buffing pads.

HEADER CARD

Specifications	
Max. Speed:	3,000 RPM
Thread Size:	5/8" - 11

6-1/2" Hook & Loop Face Backing Pad AES-51725

Specifically designed for use with our tapered foam pads. Hook and loop face provides a no-slip grip, but allows quick and effortless pad changes.

HEADER CARD

Specifications	
Thread Size:	5/16" - 24

9" Foam Polishing Bonnet AES-51826

Eliminate swirl marks, pad changing and the expense of backing plates. The yellow foam pad has a heavy elastic band to secure it over any 7-1/2" buffing pad. Can be installed or removed in seconds. Washes up easily to be used again and again.

INDIVIDUALLY BAGGED

Specifications	
Max. Speed:	2,000 RPM

Hook & Loop Backed Wool Buffing Pads

Fine quality 1" wool pile buffing pads. Can be used with our AES-51726 (6" pad) and AES-51727 (7" pad).

HEADER CARD

AES-51950	5" Diameter
AES-51970	7" Diameter

9" Real Lamb's Wool Polishing Bonnet AES-7652

Wool bonnet provides a rich swirl-free luster for a glossy final finish.

HEADER CARD

9" Double-Sided Wool Buffing Pad AES-7653

Unique double face construction allows both sides of the pad to be used. Built-in lightweight support pad eliminates the need for heavy backing pads.

HEADER CARD

Double-Sided Buffing Pad Adapter AES-50939

This adaptor allows double sided polishing pads such as AES-7653 to be used on any polisher with 5/8"-11 thread. Made of lightweight anodized aluminum.

HANG-UP CARD

Specifications	
Max. Speed:	5,000 RPM

7" Wool Soup Bowl Buffing Pad AES-51660

Use for compounding and polishing. Use with either hook & loop face or rubber backing pad with flange nut. 1-1/4" Wool pile. Use with AES-51737 hook & loop face backing pad or AES-51824 rubber pad.

HEADER CARD

Heavy Duty 7" Rubber Backing Plate AES-51829

For use on all vertical or angle polishers.

HANG-UP CARD

Specifications	
Max. Speed:	8,500 RPM
Thread Size:	5/8" - 11

AES-50936	Replacement Flange Nut Only
------------------	-----------------------------

7" Rubber Backing Pad AES-51824

For use on all vertical or angle polishers.

For use on polishers only.

HANG-UP CARD

Specifications	
Max. Speed:	4,000 RPM
Thread Size:	5/8" - 11

AES-50933	Replacement Flange Nut Only
------------------	-----------------------------

55 Gallon Drum Pump AES-716

Specifically designed for fast transfer of thinners, industrial chemicals and light to medium viscosity oils and lubricants. **Not for use with acids or soaps.**

- **Dispenses approximately 1.5 pints per full stroke**
- **Fits 15-55 gallon drums**
- **Rotating 360° adjustable spout**
- **2" Bung adapter included**

INDIVIDUALLY BOXED

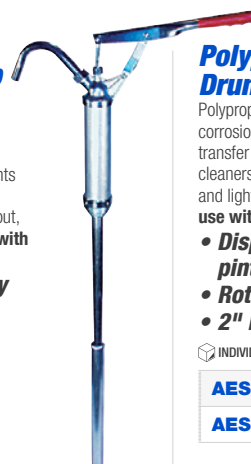

55 Gallon Drum Pump with Lever AES-718

Designed to fit 15 gallon through 55 gallon drums. Ideal for lubricants, solvents and industrial chemicals. Self-adjusting telescoping suction tube, removable spout, comfort-grip vinyl handle. **Not for use with acids or soaps.**

- **Dispenses approximately 3/4 pint per stroke**

INDIVIDUALLY BOXED

Polypropylene Drum Pumps

Polypropylene construction resists corrosion and oxidation. Designed to transfer industrial grade degreasers, cleaners, detergents, detailing soaps and light weight lubricants. **Not for use with thinners and reducers.**

- **Dispenses approximately 1.5 pints per full stroke**
- **Rotating 360° adjustable spout**
- **2" Bung adapter included**

INDIVIDUALLY BOXED

AES-724	Fits 55 gallon drums
AES-726	Fits 5 through 55 gallon drums

5 Gallon Pail Pump with Pail Strap AES-745

Designed to be used with reducers, thinners, solvents, machine oils and lubricants. Fits all 5 and 6 gallon pails with standard or express spout. Allows smoother one-handed operation. Heavy duty steel construction. **Not for use with acids or soaps.**

HANG-UP CARD

5 Gallon Pail Pump with Tie-Down Bracket AES-746

Includes a sturdy bracket that tightly clamps on to pails pinchweld top, preventing spills. Designed to be used with reducers, thinners, solvents, machine oils and lubricants. Fits all 5 and 6 gallon pails with standard or express spout. Allows smoother one-handed operation. Heavy duty steel construction. **Not for use with acids or soaps.**

HANG-UP CARD

Flex Spout Collar AES-746-1

Holds pumps steady on 5 and 6 gallon pails with an express flex spout. Threads tightly on the spout opening. Compatible with AES-745 and AES-746.

INDIVIDUALLY BAGGED

Self-Priming Siphon Hoses

This self priming Siphon Hose has a 6' long anti-static, anti-spark hose with a 3/4" diameter copper tip that contains a check valve (a glass ball and stainless steel spring). The secret to the Siphon Hose is in this check valve which make it self-priming.

Just set the copper valve end into your liquid and use a few quick strokes up and down to start the self-priming action of the Siphon Hose. When the fluid in the hose is past the level of the fluid in the tank, you are siphoning from, gravity will take over.

That's it, and in 1-1/2 minutes flat you can transfer 5 gallons of gas (or any other liquid) safely, without any gas in your mouth or on the ground!

HEADER CARD

SKU	Diameter	Length
AES-6412	1/2"	70"
AES-6456	1"	80"

"Plastic Steel" Bung Wrench AES-725

Use on 3/4" and 2" caps on 55-gallon drums, or as a pry tool for 5-gallon and 6-gallon plastic bucket lids. Rust-proof and will not cause sparks. Reverse side pictured (right).

HANG-UP CARD

Double Pail Solvent Dispenser AES-748

A "must" for any shop with limited floor space. Sturdy steel tubing frame with easy-tilt pail supports and adjustable "lip-grip" handles conveniently dispenses and stores 5 gallon pails of solvents, thinners, strippers and more.

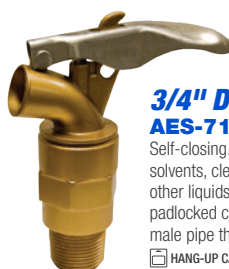

INDIVIDUALLY BOXED

Single Pail Solvent Dispenser AES-747

This labor saver makes the dispensing of fluids from 5 gallon pails. Simply tilt and pour.

INDIVIDUALLY BOXED

3/4" Drum Faucet AES-714

Self-closing. Ideal for thinners, solvents, clear lacquers and most other liquids except acids. Can be padlocked closed. 3/4" Tapered male pipe thread.

HANG-UP CARD

Plastic Squeeze Bottles with Removable Top

Perfect for dispensing small amounts of almost any liquid product. Long, tapered nozzle allows precise placement of specific amounts of product. Snap on cap prevents contents from drying out. Tough plastic construction will stand up to commercial use.

INDIVIDUALLY PACKED

Wide mouth bottles available...

For easier filling, we offer wide-mouth options featuring a 1-1/4" opening: AES-9808-W, AES-9812-W and AES-9816-W.

SKU	Capacity	Opening Size	Construction
AES-9801	1oz	1/2"	LDPE
AES-9802	2oz	1/2"	HDPE
AES-9804	4oz	3/4"	HDPE
AES-9808	8oz	3/4"	HDPE
AES-9808-W	8oz	1-1/4" (Wide Mouth)	HDPE
AES-9812-W	12oz	1-1/4" (Wide Mouth)	HDPE
AES-9816	16oz	3/4"	HDPE
AES-9816-W	16oz	1-1/4" (Wide Mouth)	HDPE

Plastic Squeeze Bottles with Easy Flip-Top

Perfect for dispensing small amounts of almost any liquid product. Flip-top cap allows for quick open/close action and prevents contents from drying out. Tough plastic construction will stand up to commercial use.

INDIVIDUALLY PACKED

SKU	Capacity	Opening Size	Construction
AES-9704	4oz	3/4"	HDPE
AES-9708	8oz	3/4"	HDPE
AES-9716	16oz	3/4"	HDPE

32oz Professional Detailer's Spray Bottle with Large Sprayer

Sprays 3x the amount of fluid as ordinary sprayers with each trigger stroke. Large trigger grip provides comfort and extreme control over product sprayed. Twist tip nozzle allows adjustment from fine mist to jet stream spray pattern. Siphon tube reaches all the way to bottom of bottle with built-in screened filter. Includes 32oz translucent bottle with large sprayer.

INDIVIDUALLY PACKED

AES-9900	Large Sprayer & 32oz Bottle
AES-9900-1	Large Sprayer Only
AES-9900-2	32oz Bottle Only 

32oz Professional Detailer's Spray Bottle with Small Sprayer

Small trigger provides comfort and accurate control over product sprayed. Twist tip nozzle allows adjustment from fine mist to jet stream spray pattern. Siphon tube reaches all the way to bottom of bottle with built-in screened filter. Includes 32oz translucent bottle with small sprayer.

INDIVIDUALLY PACKED

AES-9995	Small Sprayer & 32oz Bottle
AES-9995-1	Small Sprayer Only
AES-9900-2	32oz Bottle Only 

Aerosol Can Trigger AES-140

Snaps right on to any aerosol can to provide greater comfort and spraying accuracy while keeping hands clean. Exclusive full grip trigger up to 8x easier to spray for effortless spraying. Easy to use with gloves. Highest grip comfort. Ergonomic design and arthritis-friendly. Easy on and off, reusable. Universal fit for all standard spray cans.

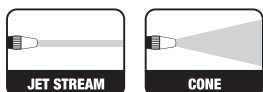

HEADER CARD

HD Water Nozzle AES-3308

Comfortable and heavy duty garden hose nozzle fits all your watering needs. Clip lock control holds desired spray pattern - use knurled knob to easily adjust pattern. Thick, comfort grip plastic handle is the perfect thickness for comfortable extended use. Threaded front nozzle for attaching standard water hose thread such as watering wands. Ultra smooth action trigger for smooth and precise flow control. Includes rubber washer inside hose thread for a perfect seal to your water hose - no leaks!

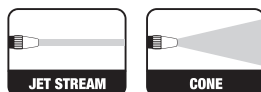

HANG-UP CARD

Super Insulated Water Nozzle AES-3328

Insulated for protection from hot or cold water and extreme drop protection. Precision brass spray head adjusts with a twist for a range of spray distances and pressures.

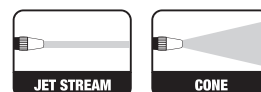

HANG-UP CARD

Deluxe Pistol Grip Water Nozzle AES-3329

Smooth action trigger for effortless flow control. Comfortable rubber coated pistol grip handle. Adjustable locking clip holds continuous spray. Durable construction will not break when dropped.

HANG-UP CARD

Spotweld Cutters

Spotweld Cutters

Aggressive HSS Spotweld Cutter & Arbor AES-228

Aggressive precision ground 8 tooth design rips through spotwelds with ease. Made of heat treated high speed steel. Longer cutting life than standard mild steel blades. Double-sided blade provides twice the cuts. Retractable pilot.

HANG-UP CARD

Specifications

Diameter: 3/8"
Arbor Size: 1/4"

HANG-UP CARD

AES-229 3pc Replacement Cutter Blades for AES-234

Spotweld Cutter & Arbor AES-230

Creates better panel separations than using a panel cutter. Blades interchange with other spot weld arbors. Retractable pilot.

HANG-UP CARD

Specifications

Diameter: 3/8"
Arbor Size: 1/4"

HANG-UP CARD

AES-231 3pc Replacement Cutter Blades for AES-230

HSS Spotweld Cutter & Arbor AES-234

Creates better panel separations than using a panel cutter. Blades interchange with other spot weld arbors. Retractable pilot.

HANG-UP CARD

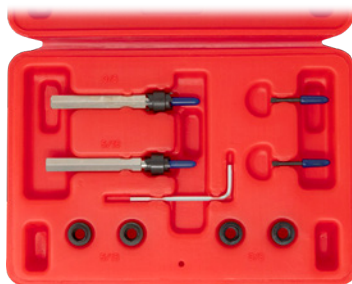

Specifications

Diameter: 3/8"
Arbor Size: 1/4"

HANG-UP CARD

AES-235 3pc Replacement Cutter Blades for AES-234

9pc Master Spotweld Cutter Set AES-236

Kit Contains:

- 1x 3/8" Cutter Blade with Arbor
- 1x 5/16" Cutter Blade with Arbor
- 2x 3/8" Replacement Blades
- 2x 5/16" Replacement Blades
- 2x Replacements Pilots
- 1x Hex Key

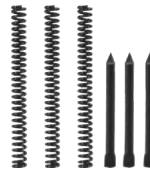

INDIVIDUALLY BOXED

Replacement Springs & Pilots AES-232

Contains:

- 3x Replacement Springs
- 3x Replacement Pilots

HANG-UP CARD

3/8" Solid Body Spotweld Cutter AES-283

Drill out spot welds quickly and completely without cutting into the bottom skin. Leaves a clean hole that requires little or no grinding. The self-centering point prevents "walking." Solid one-piece cutter will stay sharp for hundreds of uses.

HANG-UP CARD

Carbide Steel Spotweld Cutters

The spotweld cutter head is made from C-2 Carbide Steel. The 1/4" shank is made from tool steel.

HANG-UP CARD

Specifications

Max. Speed: 22,000 RPM

SKU	Diameter

6" Cobalt Reciprocating Saw Blades with Progressive Tooth Count AES-03-6603

The progressive tooth count fluctuates from 10 TPI to 14 TPI making this the perfect blade to cut nail-embedded lumber. **Sold by Pack of 5 Blades.**

HANG-UP BAG

6" Cobalt Reciprocating Saw Blades

Available in different TPI (teeth-per-inch) variations listed below. **Sold by Pack of 5 Blades.**

HANG-UP BAG

SKU	Teeth per Inch
AES-03-6610	10 TPI
AES-03-6614	14 TPI
AES-03-6618	18 TPI
AES-03-6624	24 TPI

Replacement Saw Blade Set AES-670-4

Contains 2pc 24 TPI fine tooth saw blades and 2pc 18 TPI medium tooth saw blades. Fits most air body saws including AES-AT-7039.

HANG-UP CARD

Drill Bits

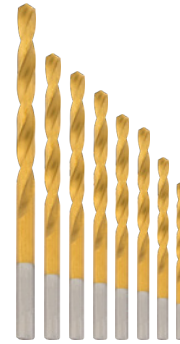

Cobalt Drill Bits

AES brand cobalt drill bits feature extreme durability and last longer. Split point tips prevent walking during use.

Specifications	
Diameter:	1/8"
Length:	2-1/4"

1/8" Double-Ended HSS Drill Bits

Made from high speed steel, perfect for drilling sheet metal. 12 Drill bits come in 1 tube.

SKU	Packaging Type
AES-221	Box of 12 Tubes (144 Drill Bits) BOXED
AES-221-12	Single Tube, Carded (12 Drill Bits) HANG-UP CARD

Specifications	
Diameter:	#30
Length:	2-1/4"

#30 Titanium Coated Double-Ended Drill Bits AES-299

Recommended for drilling the correct size holes for installing 1/8" rivets. 12 Drill bits per 1 tube.

HANG-UP CARD

Specifications	
Diameter:	1/8"
Length:	2-1/4"

1/8" Titanium Coated Double-Ended HSS Drill Bits

Lasts longer than regular HSS drill bits. Penetrates metal 3 times faster. Runs cooler and needs less pressure than HSS steel drill bits. Perfect for drilling sheet metal. 12 Drill bits come in 1 tube.

SKU	Packaging Type
AES-261	Box of 12 Tubes (144 Drill Bits) BOXED
AES-261-12	Single Tube, Carded (12 Drill Bits) HANG-UP CARD

3pc Titanium Coated Saw Drills AES-233

Use with power drill to saw, ream, drill and cut through wood, metal and plastic. Coated with titanium nitride for durability. Includes 5/16", 1/4" and 1/8" bits.

Titanium Coated Step Drill Bits

Step design allows user to make perfectly round holes of different sizes using only one bit. Titanium coated bits outlast and out-perform high speed steel.

AES-96012

Ideal for thin metals (aluminum, steel, copper, brass) and other materials, such as wood and plastics.

HANG-UP CARD

Specifications

Step Sizes: 1/8", 5/32", 3/16", 7/32", 1/4", 9/32", 5/16", 11/32", 3/8", 13/32", 7/16", 15/32", 1/2"

AES-96002

Use on thin metals (steel, copper, brass, aluminum), wood and plastics. Double-fluted.

HANG-UP CARD

Specifications

Step Sizes: (Bit 1) 1/4", 5/16", 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4"

AES-96003

For use on thin metals, (steel, copper, brass, aluminum), wood and plastics. Double-fluted. Includes wood case.

HANG-UP CARD

Specifications

Step Sizes: (Bit 1) 1/4", 5/16", 3/8", 7/16", 1/2", 9/16", 5/8", 11/16", 3/4"

Step Sizes: (Bit 2) 3/16", 1/4", 5/16", 3/8", 7/16", 1/2"

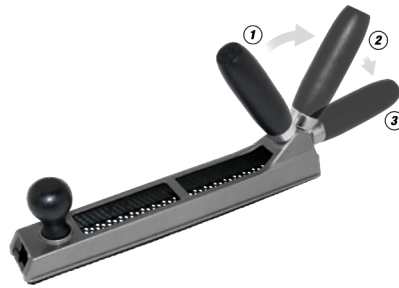

Step Sizes: (Bit 3) 1/8", 5/32", 3/16", 7/32", 1/4", 9/32", 5/16", 11/32", 3/8", 13/32", 7/16", 15/32", 1/2"

10" Surform Blade Holder AES-25-295

Designed for forming body fillers, vinyl, plaster, fiberglass, wood and more. Features a set of comfortable grab points to reduce fatigue and an ultra sharp flat surform blade. The holder fits both flat and half round style surform blades. A single, replaceable flat blade is included to get you started.

INDIVIDUALLY BOXED

10" Surform Blade Holder with 3-Position Adjustable Handle AES-28-295

Designed for forming body fillers, vinyl, plaster, fiberglass, wood and more. Features an adjustable 3-position handle and an ultra sharp flat surform blade. The holder fits both flat and half round style surform blades. A single, replaceable flat blade is included to get you started.

INDIVIDUALLY BOXED

10" Low-Profile Surform Blade Holder AES-23-295

Features a super low-profile design for quick stock removal and shaping of body fillers. The included half round blade is the perfect shape for quick material removal and shaping curved surfaces. Also great for shaving wood, plastic, rubber, aluminum, vinyl, copper and brass.

HEADER CARD

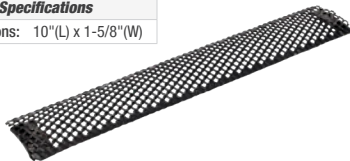

10" Half Round "Cheesegrater" Surform Blades AES-295-12

Contains 12 surform blades that fit into standard size file blade holders such as AES-23-295, AES-25-295 and AES-28-295. These half round blades are the perfect shape for quick material removal and shaping body filler. Also great for working with wood, plastic, masonite, rubber, aluminum, vinyl, copper and brass. **Sold by box of 12 only.**

BOXED

Specifications

Dimensions: 10"(L) x 1-5/8"(W)

One Hand Surform Shaver with 2-1/2" Blade AES-24-295

Gives access to smaller, tighter areas that need to be shaved. Works on pull or push stroke simply by reversing the blade. Slightly curved blade excellent for precise stock removal. 7" Lightweight handle. Works well on soft metals, body filler, clay, wood and more. Comes with a 2-1/2" x 1-5/8" curved surform blade.

HANG-UP CARD

Replacement Curved Surform Blade AES-294-1

Replacement blade for AES-24-295.

INDIVIDUALLY BAGGED

Specifications

Dimensions: 2-1/2"(L) x 1-5/8"(W)

14" Adjustable Body File Holder AES-429

Handle is designed for both right and left hand use. Turnbuckle design lets you flex the attached file allowing you to better shave down rounded areas.

File not included.

INDIVIDUALLY BOXED

14" Medium Cut Body File AES-430

Curved tooth design provides smoother and quicker cutting on cast iron, aluminum, soft metals, fiberglass and body fillers. Double sided file for extended life.

- Precision milled teeth
- Medium Cut 8 TPI

HANG-UP CARD

Rotary Burr Set AES-37670

Contains 4 popular rotary burs used for shaping and forming auto body plastics and soft metals around vehicle trunks, doors, taillight assemblies and etc.

HANG-UP CARD

Specifications

Shank Size: 1/4"

Type 1 Industrial Grade Cut-Off Wheels

High tensile fiberglass reinforced with a special aluminum oxide abrasive grain formula that will deliver a faster, smoother cut and longer wheel life.

Wheel Thickness Cutting Guide

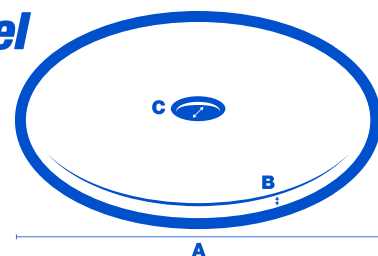

1/32"	For cutting thin metals and fiberglass
1/16"	For cutting sheet metal
3/32"	For cutting heavier materials such as angle iron

Industrial Duty Riveter with Extension Nozzle AES-286

Sets stainless steel, steel and aluminum rivets. Includes a standard 2-1/4" rivet nozzle and a 5" deep reach rivet nozzle. This lever action riveter provides the power needed to set up to 1/4" rivets. Sets 1/4", 3/16", 5/32", 1/8" and 3/32" rivets.

INDIVIDUALLY BOXED

Heavy Duty Scissor Action Riveter AES-287

Sets stainless steel, steel and aluminum rivets. This scissor action riveter provides the power needed to set up to 1/4" rivets. Low-profile designed for riveting in areas with limited space. Scissor action reduces operator fatigue. Sets 3/16", 5/32", 1/8" and 1/4" rivets.

INDIVIDUALLY BOXED

Heavy Duty Riveter AES-288

Big, comfortable rubber grips provide no-slip handling. Convenient extra nose cone storage right in the handles. Mandrel catcher keeps work area clean and free from scraps. Sets stainless steel, steel and aluminum rivets. Sets 1/8", 5/32", 3/16", 15/64" and 1/4" rivets.

INDIVIDUALLY BOXED

Industrial Duty Riveter AES-289

Sets stainless steel, steel and aluminum rivets. This lever action riveter provides the power needed to set up to 1/4" rivets. Sets 1/4", 3/16", 5/32" and 1/8" rivets.

INDIVIDUALLY BOXED

Combo Heavy Duty Riveter & Nut Riveter

Sets stainless steel, steel and aluminum rivets. Multifunctional with interchangeable parts for setting rivets and nut rivets. Long handles for effortless and easy operation. Handles are foldable for convenient storage. Sets up to 3/8" (M10, 6.5mm) nut rivets and 1/4" rivets. Includes 5 drawbars and screws for nut rivets and 4 sizes of nose pieces for rivets packaged in a durable plastic case.

Aluminum Nut Rivets

Blind nuts can be used in a wide range of applications. Designed to provide a very efficient and cost-effective method of placing permanent threads in thin materials. Installed from one side, blind nuts are perfect for metal, fiberglass and rigid plastic previously too thin for tapped threads. Provides a neat appearance and once in place, the internal threads are ready for a screw or bolt. Compatible with AES-NT-0140 and AES-290 riveters.

Heavy Duty Lever Riveter AES-26500

Set large diameter blind rivets up to 1/4" with ease. Features self adjusting two-piece jaws and extra-long handles for better leverage and reach. Includes four screw-in nosepieces stored conveniently on the tool. Sets 1/8", 5/32", 3/16" and 1/4". **Sets steel and aluminum rivets only.**

INDIVIDUALLY BOXED

Hand Metal-Punch Kit AES-8500

Features a depth gauge and easy-change tooling. Punches through most materials including steel, aluminum, plastic, leather and vinyl without leaving burrs. Heavy duty tool has a ton of punching power. Punch a 1/4" hole through 16 gauge mild steel. Includes 7 punch dies: 3/32", 1/8", 5/32", 3/16", 7/32", 1/4" and 9/32"

INDIVIDUALLY BOXED

Plastic Hand Riveter Set AES-263

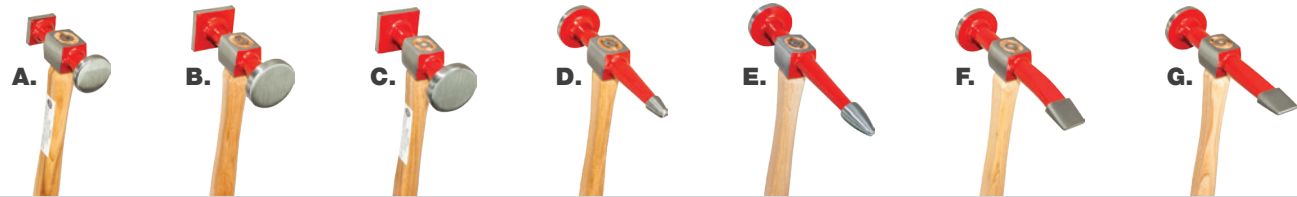

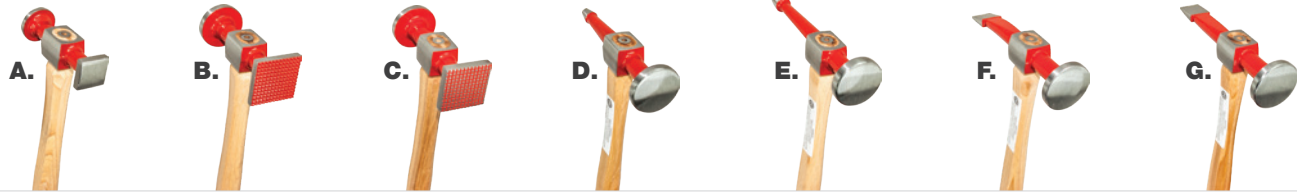

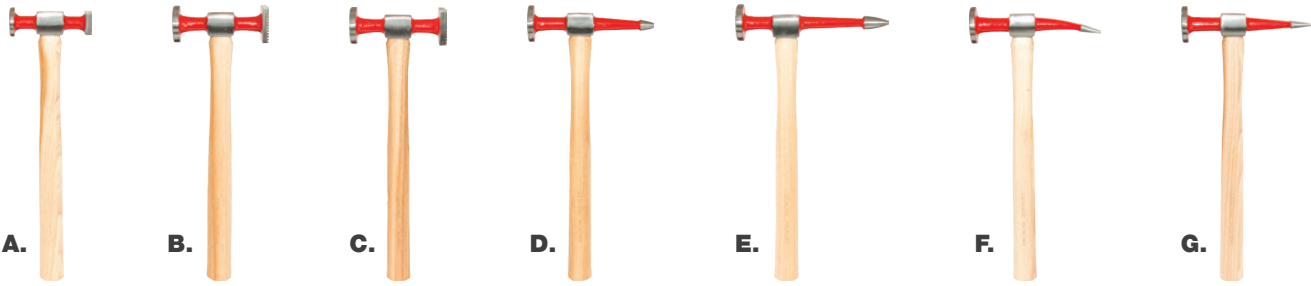

This lightweight tool is designed for one-hand operation and will set most plastic rivets in one stroke. Design provides access to areas not accessible with lever type tools. Will not damage painted finishes or easily marred surfaces. Comes with starter 10 packs of 5mm x 15.8mm, 5mm x 17.2mm, 6.3mm x 25.2mm, and 6.6mm x 17.2mm plastic rivets to cover most Ford, Chrysler and GM applications.

Replacement Hammer Handle AES-300

Replacement genuine hickory wood body hammer handle and 360° wedge.
INDIVIDUALLY BAGGED

Body Hammer Kits

Great kits for starters, vocational schools and do-it-yourselfers. Heads are made from cast iron and mounted securely to sturdy handles. Packed in a convenient PVC carrying case.

7pc Hammer & Dolly Set with Wooden Handles AES-2720

Includes a reverse curve hammer, a standard bumping hammer, a pick and finish hammer, four different dollies (Double End, Railroad, Heel and Comma dollies)

INDIVIDUALLY BOXED

13pc Hammer & Dolly Set with Wooden Handles AES-2730

Same kit as the AES-2720 plus the following extras:

- 1x 4pc Metal Spreader Set
- 1x 10" Half-round Shaping Blade
- 1x 5" Rubber Sanding Block

INDIVIDUALLY BOXED

7pc Hammer & Dolly Set with Fiberglass Handles AES-2740

Includes a reverse curve hammer, a standard bumping hammer, a pick and finish hammer, four different dollies (Double End, Railroad, Heel and Comma dollies)

INDIVIDUALLY BOXED

3pc Professional Body Hammer Set AES-2705

Contains three of the most popular body hammer styles preferred by repair professionals. Complete with a Pick, Straight and Curved Finishing Hammer. This set is designed to handle most metal fabrication and auto body repair jobs.

INDIVIDUALLY BOXED

5pc Ball Pein Hammer Set with Fiberglass Handles AES-52500

Fiberglass handles and rubber grips for durability plug long life. Polished and drop forged steel heads. Contains 1 each 8oz, 12oz, 16oz, 24oz, 32oz hammer.

INDIVIDUALLY BOXED

Rubber Coated Steel Core Hammer Dollies

Reduces the amount of stretch created while striking. Rubber coating is less aggressive on material being shaped. A must-have for aluminum shaping and repair. Great for minor paintless dent repair.

2pc Rubber Heel Dolly Set AES-12-K-240

2pc Heel and stretch dolly set. Includes 1 each of the dollies listed below.

HANG-UP CARD

Rubber Universal Railroad Dolly AES-241-04

Several crowned working surfaces. Two beading and flange lips. Great general purpose dolly.

HANG-UP CARD

1.5lb

Specifications

Dimensions: 3"(L) x 3"(W) x 2.6" (H)

Rubber Toe Dolly AES-241-07

Great for flat surfaces. Works well on thin sheet metal. Compare to a stretch heel dolly.

HANG-UP CARD

1.5lb

Specifications

Dimensions: 4.75"(L) x 2.4"(W) x 1.25" (H)

Rubber Heel Dolly AES-12-K-241

Works easily in sharp corners and wide radii. Ideal for door skin work.

HANG-UP CARD

1.0lb

Specifications

Dimensions: 2.5"(L) x 3"(W) x 1.5" (H)

Rubber Comma Dolly AES-241-05

Long Slender general purpose dolly. Useful for working behind reinforcements.

HANG-UP CARD

1.5lb

Specifications

Dimensions: 5.4"(L) x 2.5"(W) x 2" (H)

Rubber Crown Dolly AES-241-08

Crown shape design provides several useful striking angles.

HANG-UP CARD

1.0lb

Specifications

Dimensions: 3.5"(L) x 2.5"(W) x 1.75" (H)

Rubber Stretch Heel Dolly AES-12-K-242

Works easily in sharp corners and wide radii. Ideal for door skin work.

HANG-UP CARD

1.5lb

Specifications

Dimensions: 5"(L) x 3"(W) x 1.5" (H)

Rubber Shrinking Toe Dolly AES-241-06

Toe dolly shape with serrated face. Special serrated face allows for shrinking metal stretched by dents.

HANG-UP CARD

1.5lb

Specifications

Dimensions: 4.75"(L) x 2.4"(W) x 1.25" (H)

Steel Hammer Dollies

Forged from heat-treated fine alloy steel and polished to a quality professional mirror finish.

Universal Railroad Dolly AES-105

Several crowned working surfaces. Two beading and flange lips. Great general purpose dolly.

INDIVIDUALLY BAGGED

2.7lb

Heel Dolly AES-107

Reaches into sharp corners. Use on panels with large radii.

INDIVIDUALLY BAGGED

2.0lb

Toe Dolly AES-108

For shrinking and dinging flat panels and repairing flanges.

INDIVIDUALLY BAGGED

2.9lb

Comma Dolly AES-112

Use the long thin lip behind reinforcements and on brackets and braces.

INDIVIDUALLY BAGGED

2.9lb

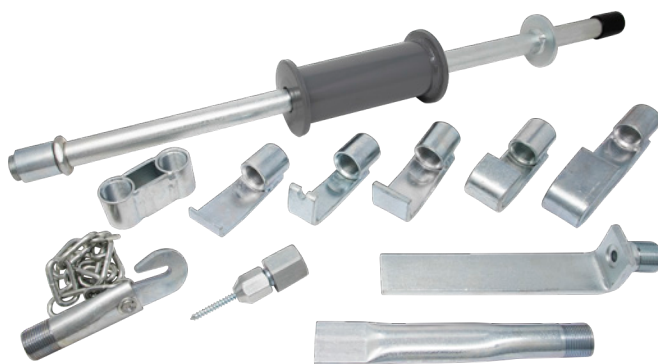

"Big Brute" 10lb Dent Puller Kit AES-588

Quick assembly for applied hook-ups on fenders, bumper ends, rocker panels, aligning doors and door edges, hoods and hood hinges, trunk and trunk hinges, headlights and many more applications.

INDIVIDUALLY BOXED

AES-588-1	Replacement Dent Puller Screw
AES-588-2	Replacement Nose Cone Assembly

"Heavy Hitter" 10lb Dent Puller Kit AES-589

Quick assembly for applied hook-ups on fenders, bumper ends, rocker panels, aligning doors and door edges, hoods and hood hinges, trunk and trunk hinges, headlights and many more applications.

INDIVIDUALLY BOXED

AES-589-1	Replacement Dent Puller Screw
AES-589-2	Replacement Nose Cone Assembly

3lb Dent Puller Kit AES-49500

Deluxe model, designed mainly for rocker, quarter back and door panels. Complete with nose cone, two puller screws, one "L" hook and a bodyman puller.

INDIVIDUALLY BOXED

AES-49501	Replacement Nose Cone
AES-49505	Replacement Dent Puller Screws (25pc Pack)
AES-49506	Replacement Dent Puller Screws (5pc Pack)

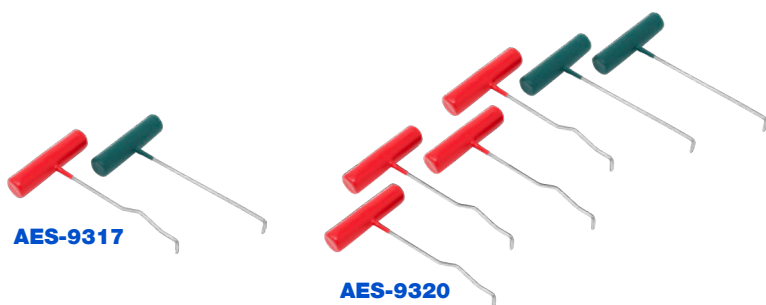

5lb Dent Puller Kit AES-6010

A highly versatile tool with slide-action reverse hammer. Self-tapping reversible sheet metal screw does not need a starter hole in the dent area.

INDIVIDUALLY BOXED

AES-60101	Replacement Nose Cone
AES-60105	Replacement Dent Puller Screw

Pull Rod Sets

Repair dents and creases from the outside. No need to remove interior panels or upholstery. Designed for the professional with extra large vinyl covered handles for comfort. Handles are color coded: **Red = Bent Pull Rod, Green = Straight Pull Rod.**

HANG-UP CARD

SKU	Set Type	Set Contents
AES-9317	2pc Pull Rod Set	<ul style="list-style-type: none"> • 1pc x Bent Pull Rod • 1pc x Straight Pull Rod
AES-9320	6pc Pull Rod Set	<ul style="list-style-type: none"> • 4pc x Bent Pull Rods • 2pc x Straight Pull Rods

6" Rubber Suction Cup Disc AES-77130

Ideal for handling sheet metal, glass and plastic. Pull shallow panel dents simply and safely without needing to drill holes. Anodized steel handle.

 HANG-UP CARD

Specifications

Weight Capacity: 44 LBS

Quick-Release Dual Suction Cup AES-77132

Perfect for handling sheet metal, glass and plastic. Double 4" rubber cups form a positive grip when pressed down on any flat, non-porous surface; instantly releases object when the tension bar is squeezed. Sturdy aluminum handle is lightweight and perfectly balanced.

 HANG-UP CARD

5" Aluminum Handle Suction Cup AES-77131

Forms a positive grip on sheet metal, glass, plastic and other non-porous surfaces. Simply place cup on surface with handle in "open" position; squeeze handle closed for suction. Carefully lift, carry and place item where desired. When handle is released and returned to "open" position the suction grip is released.

 HANG-UP CARD

4-1/2" Suction Cup AES-77145

Heavy duty rubber cup is mounted on a high-impact nylon body with quick-release handle for pulling out shallow metal dents. Ideal for handling sheet metal, glass or plastic. Bright color provides high visibility.

 HANG-UP CARD

Dual Suction Cup AES-77142

Reinforced plastic construction with rubber suction cups. Great for handling large flat work pieces such as glass, sheet metal, plastic and tile.

- Two 4-3/4" diameter cups

 HANG-UP CARD

2-1/2" Mini Suction Cup AES-59103

Perfect for pulling out shallow dents. Durable hi-impact nylon body. Quick-release handle. Lifts glass, sheet metal, plastic, or any smooth surface material.

 HANG-UP CARD

5" Rubber Suction Cup AES-924

Perfect for handling sheet metal, glass and plastic panels. Works great for pulling out shallow dents in metal panels without drilling.

 HEADER CARD

3" Vacuum Suction Cup AES-12-K-246

This 3" rubber vacuum cup allows the user to lift and remove items such as glass, tile, sheet metal or any smooth surface material.

 HANG-UP CARD

2pc Suction Pad Clamp Set AES-77137

Essential for holding body trim and emblems in place during gluing operations. Each clamp has both a narrow pad and a wide pad that can be used to provide a secure holding position. The turning of a wing nut will easily apply pressure while glues cure.

 HANG-UP CARD

Snap Blade Knives

Large Snap Blade Knife

Retractable razor-sharp steel snap-off blades. Sliding safety mechanism keeps knife locked into position during use. Rugged and lightweight knife body made of ABS high-impact plastic. 8 Individual sections can be snapped off at any time to expose new cutting surface. Available in Blue, Yellow and Red (color selected at random). **Individually Polybagged.**

AES-245	Single Knife, Hang-up Polybag (12pc/Box)
AES-246	10 Pack Replacement Blades for AES-245

Small Snap Blade Knife

13 Snap-off sections on each blade expose a new, razor sharp edge. Sliding safety mechanism keeps knife locked in position during use. Lightweight, rugged knife body made from ABS high-impact plastic. Available in Blue, Yellow and Red (color selected at random). **Individually Polybagged.**

AES-243	Single Knife, Hang-up Polybag (12pc/Box)
AES-244	Single Knife with 10pc Replacement Blades, Carded
AES-249	10 Pack Replacement Blades for AES-243

75pc Small Snap Blade Knife Counter-Top Display AES-243-75

Attractive counter-top display containing 75pc total of AES-243-75 small snap blade knives. Each display contains equal parts of each color snap blade knives (blue, yellow and red).

DISPLAY BOX

Hand Operated Cutters

"Mighty Cutter" Hose Cutting Tool AES-77150

Cuts rubber, weather stripping, vinyl side molding and plastic hoses up to 1-1/4" OD. Easily create arrow cuts, tapered cuts and straight cuts.

HANG-UP CARD

AES-77151 Replacement Blade for AES-77150

3pc Aviation Snips Set AES-3303

Powerful and superior quality aviation snip set with color-coded vinyl grip handles for quickly finding the right pair for your cut.

- **Yellow - Straight Cut**
- **Green - Right Cut**
- **Red - Left Cut**

HANG-UP CARD

Straight Cut Aviation Snip AES-3303-S

Powerful and superior quality aviation snip with vinyl grip.

HANG-UP CARD

Sheet Metal Nibbler with Wire Cutter AES-3900

Cuts by using a nibbling process in which the center blade cuts materials against two stationary side blades. Causes less material edge warping than metal shears. Also works on plastic sheets and tubing without distortion.

- **Cuts mild steel up to 18 gauge**
- **Cuts aluminum, brass & copper up to 14 gauge**

HANG-UP CARD

AES-3901 Replacement Blade for AES-3900

Plastic Razor Blades

Polycarbonate Razor Blades with Double-Sided "Chisel" Edge

Polycarbonate construction, our toughest plastic blade yet. Unlike regular plastic blades, the AES-87604 will not fold over or bend during use. Blade edges will hold up better when scraping away tough stuck materials that would damage the edge on a normal plastic blade.

AES-87604 Box of 100 Blades

Plastic Razor Blades with "Dozer" Edge

Featuring a "dozer" style flat edge, use these plastic razor blades to safely clean windows coated with sun film or tinted auto glass. Strip vinyl decals, pin stripes, and dealer stickers. Remove tar, sap, bugs, adhesive, road paint and even chewing gum from interiors.

AES-87606 Box of 100 Blades

AES-87605 5 Pack of Blades, Carded

Plastic Razor Blades with "Chisel" Edge

The "chisel" style edge is perfect for getting up under pinstriping and decals, removing overspray and more. Use these plastic razor blades to safely clean windows and tinted auto glass.

AES-87608 Box of 100 Blades

AES-87609 5 Pack of Blades, Carded

Razor Blades

No. 9 Stainless Steel Razor Blades

Extremely sharp and durable USA made single edge stainless steel razor blades. Each blade is individually wrapped with a paperboard protection sleeve.

AES-240-SS Box of 100 Blades

100pc No. 9 Razor Blades

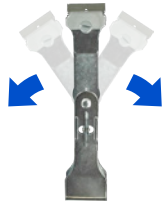

Extremely sharp and durable USA made razor blades. High carbon steel blade retains sharp edge through many uses. Each blade is individually wrapped with a paperboard protection sleeve.

AES-240 Box of 100 Blades

AES-240-CD Box of 100 Blades, Carded

AES-250 5 Pack of Blades, Carded

Razor Scrapers

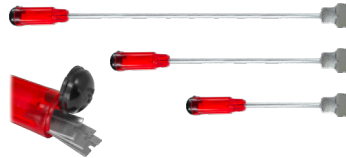

3-Way Razor Scraper AES-87500

Our most popular design. It locks open in three positions and folds closed when not in use. Holds standard #9 razor blades. Includes 1 steel razor blade.

HANG-UP CARD

Specifications

Overall Length: 8"

Long Reach Scrapers

Ideal for scraping decals, stickers and paint from glass and mirrors. Easily remove tape, adhesive residue, bugs and heavy dirt from tall store windows, windshields of tall vehicles, office glass and more. Hollow handle for blade storage. Holds standard #9 razor blades. Includes 3 steel blades.

HANG-UP CARD

AES-87700 11-1/2" Reach

AES-87717 17" Reach

AES-87724 24" Reach

Retractable Scraper

Retractable scraper uses standard #9 single-edge razor blades. Simply pull blade back for safe storage.

AES-241 Scraper, Individually Polybagged

AES-241-CD Scraper, Carded

AES-241-5 Scraper with 5pc Steel Razor Blades, Carded

AES-254 Scraper with 100pc Steel Razor Blades, Carded

Emblem & Sticker Scraper Set AES-12-K-282

Includes a #9 scraper blade holder, 100pc box of polypropylene blunt edge blades and a rigid plastic scraper for removing emblems and side moldings. Chisel scraper can be resharpened with a file.

HANG-UP CARD

Hot Blade Decal Remover AES-87600

Removes decals, foil labels, pinstripes and inspection stickers by melting the adhesive securing them to metal or glass surfaces. Faster and more efficient than other types of scrapers.

HANG-UP CARD

Inspection Sticker Scraper AES-87950

Quickly removes vehicle inspection stickers from windshields. Uses standard #9 razor blades. Includes 1 steel razor blade.

HANG-UP CARD

Specifications

Overall Length: 8"

4" Wide Scraper AES-690

Scraper is 12" long and uses 4" blades. Comfortable vinyl handle grip. Handle plug opens to provide storage space for extra blades.

HANG-UP CARD

AES-699 10x Replacement 4" Scraper Blades, Carded

Window, Door & Clip Tools

Door Handle Clip Remover AES-8502

Instant removal of door handle and window regulator clips. End damage to upholstery and escutcheon plate. Standard for all Ford and GM models.

HANG-UP CARD

Universal Trim Pad Removal Tool AES-7223

Has two different size grooves for removing fasteners from car upholstery, body moldings, hood insulation, weather stripping, grill assemblies and more.

HANG-UP CARD

Trim Pad Removal Tool AES-217

Reaches under the trim panel to support, grip and remove trim pad fasteners without damaging or scratching the surface. Works on metal fasteners as well.

HANG-UP CARD

Clip Remover AES-8508

Allows for easier access and removal of hard to reach, recessed nail headed rivet fasteners on bumper covers, fender liners and etc. Two different head types give you the proper leverage to quickly pull fasteners.

HANG-UP CARD

Curved Door Panel Removal Tool AES-7224

Curved design provides extra prying leverage when in tight spaces, without causing damage. Works on metal and plastic fasteners as well.

HANG-UP CARD

Straight Door Panel Removal Tool AES-7222

Quick, easy way to remove door panel clips without causing unnecessary damage. Simply insert the tool under edge of door upholstery panel and insert into the fastener or clip as far as possible and pry upward.

HANG-UP CARD

5pc Master Trim Removal Kit AES-8515

Five unique shapes allows you to remove virtually all exterior trim whether it is glued or clipped in place. Also removes interior trim, dash assemblies, switches and connectors.

HANG-UP CARD

10-in-1 Trim Tool AES-8510

One single tool for ten different uses around your vehicle. Made from tempered steel.

1. Semi-sharp beveled edge molding and emblem remover.
2. 1/2" Windshield wiper mount wrench.
3. Metal door trim clip installer.
4. Weather stripping clip remover.
5. General door trim clip remover.
6. Door handle/window regulator clip remover.
7. Headlight spring adjustment tool
8. Windshield modding clip remover.
9. Plastic door clip remover.
10. Panel seam clean up tool with serrated edge.

HANG-UP CARD

Clip Removal Plier AES-7128

Designed to remove broken plastic rivets. Adjustable jaw angle from 0° to 90°.

HANG-UP CARD

Positive Lift Clip Remover AES-8530

Remove door and molding clips without damaging the panel. Simply slide the jaws under the head of the clip and squeeze the handle.

HANG-UP CARD

Air Knife Blades

Blades have extremely sharp edges for slicing through windshield sealant for quick and easy removal.

HANG-UP CARD

2" Extra Long Blade AES-682-1

Overall Length: 5"

3-1/2" Reverse Curve Blade AES-682-2

Overall Length: 3-1/2"

2" Thin Curve Blade AES-682-8

Overall Length: 3-3/8"

1-3/8" Short Straight Blade AES-682-9

Overall Length: 2-5/8"

72' Braided Windshield Wire AES-355

Specially designed windshield wire for sawing through windshield sealant. 7 Super strong brass coated steel wires braided into one. Braided wire creates a "serrated" wire surface which acts like a saw to cut windshields out faster. 0.024" Wire diameter.

HANG-UP CARD

150' Windshield Wire Roll AES-356

Flexible piano wire, popularly used for cutting the sealant between glass and body openings on cars using the "gasketless" type of windshield installations. 0.035" Wire diameter.

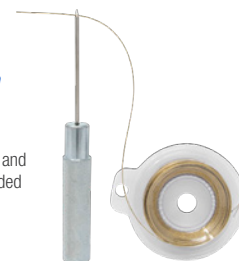

HANG-UP CARD

Starter Awl with Windshield Wire AES-752-2

Kit contains a wire starter awl and a 72' roll of our AES-355 braided windshield wire.

HANG-UP CARD

2pc Windshield Wire Handle Set AES-758

Works with braided, round and square wire.

HANG-UP CARD

Windshield Removal Tool AES-760

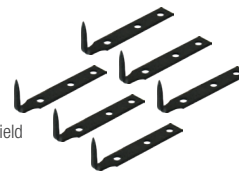

Use to remove windshields on Chrysler and GM vehicles. Cuts the butyl adhesive caulking compound around windows using a special tempered steel blade.

HANG-UP CARD

Replacement Windshield Knife Blade Pack AES-761

Contains 6 replacement windshield knife blades. Fits AES-760.

HANG-UP CARD

"Wizard" Windshield Blades

Specially designed for tough urethane cut-outs. Made of spring steel and sharpened to an extremely thin edge to reduce drag by as much as 50%. Fits AES-760.

HANG-UP CARD

AES-767	1" Blade (Shown)
AES-768	1-1/2" Extra Long Blade

72' Stainless Steel Square Windshield Wire

AES-358

This square wire will roll over when pulled allowing one of four sharp corners to cut through windshield sealant. Provides the best cutting ability when compared to any other style windshield wire.

HANG-UP CARD

URETHANE

11" Wire Starter Tool

AES-757

Designed for easy insertion of windshield wire through windshield sealant.

HANG-UP CARD

7-3/4" Wire Starter Tool

AES-759

Designed for easy insertion of windshield wire through windshield sealant.

HANG-UP CARD

Universal Molding Release Tool

AES-8501

Slide tool under molding until a clip is contacted. Rock tool to spring clip and release the molding. The tool works in either direction. Use on rear or cemented windshields.

HANG-UP CARD

"The Jiggler" Window Clip Removal Tools

Removes all adhesive and rear window reveal moldings in automobiles. Made of spring steel.

HANG-UP CARD

AES-8503 For GM Vehicles

AES-8504 For Ford Vehicles

Double-Sided Molding Release Tool

AES-8512

Assists in releasing windshield and rear window molding clips on both GM and Ford vehicles without damage to the molding. Work either side of the blade under the molding and roll to release the retaining clip.

HANG-UP CARD

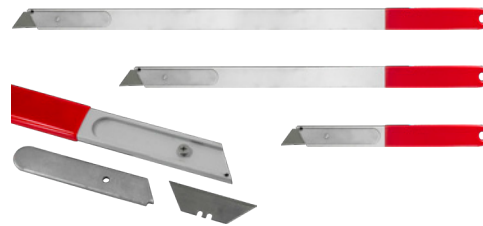

24" Heavy Duty Windshield Urethane Cutting Knife

AES-12-K-281

Uses standard utility knife blades.

HANG-UP CARD

Windshield Urethane Cutting Knives

Made of lightweight aluminum. Uses a standard utility knife blade. One blade is included.

INDIVIDUALLY BAGGED

AES-771 9" Length

AES-773 18" Length

AES-775 24" Length

Windshield Locking Strip Tool

AES-772

Includes two double-ended tips to fit most vehicles. Designed to swivel 90° in either direction. Select the tip with the opening that most closely fits the locking strip and feed the locking strip into the eyelet while working the tool around the windshield.

HANG-UP CARD

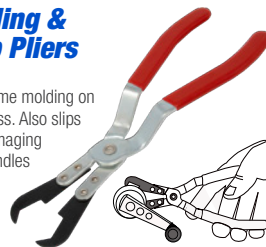

Windshield Molding & Door Handle Clip Pliers

AES-8509

Releases clips to remove chrome molding on most windshields and rear glass. Also slips under door handle without damaging door panel material. Offset handles allow easy access.

HANG-UP CARD

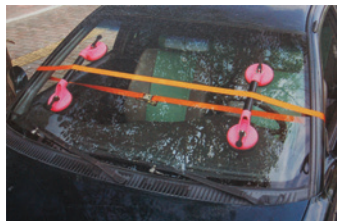

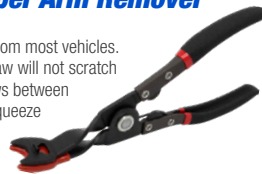

Windshield Wiper Arm Remover

AES-8525

Tool removes wiper arms from most vehicles. Protective pad on bottom jaw will not scratch painted surfaces. Place jaws between wiper arm and shaft and squeeze handles to remove.

HANG-UP CARD

Windshield Suction Cup Kit

AES-77139

Each suction cup moves up and down permitting use on contoured surfaces as well as flat. 4-5/8" suction cups. Kit includes: 2x double suction cups and 1x ratcheting tie down.

INDIVIDUALLY BOXED

2pc Door Holder Set

AES-33850

2pc Set designed to hold doors, trunks and hoods open during body work. Supporters adjust to fit 90% of all vehicles both foreign and domestic. Short arm extends from 9" up to 12". Long arm extends from 20" to 32". Easily installed in seconds.

HANG-UP CARD

GM Door Spring Compressor Tool

AES-2190

Safely removes and installs door springs on General Motors cars and trucks. Center tightening screw can be adjusted with a 1/2" open end or ratcheting box wrench.

HANG-UP CARD

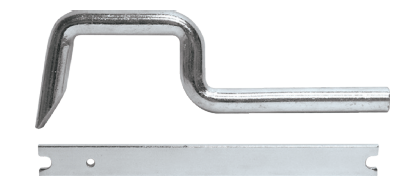

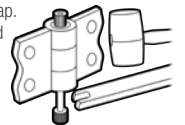

Door Hinge Pin Extractor

AES-6011

For easy removal and replacement of door hinge pins. Choose the correct punch size for the door hinge and remove its threaded end cap; slide the punch upward through the hinge and reattach end cap.

Next, fit the slotted end of the cranked handle onto the punch and tap gently with a mallet to extract hinge pin.

HANG-UP CARD

Door Hinge Popper

AES-6014

Drives out stubborn hinge pins. Provides clearance for door panels. Works on all GM cars with removable hinge pins. Includes pin puller to remove loosened pins.

HANG-UP CARD

8pc Door Hinge Remover Set

AES-6028

Set includes one each: M8, M10, M12 spline bits and T-30, T-40, T-45, T-50 star bits. Internal ratchet with 45° head.

INDIVIDUALLY BOXED

3/8" Golden Alloy Utility Grab Hooks AES-1622

Use for chain shortening, power pulling and chain connecting. For use with 3/8" golden alloy chain.

- SYS-7-breaking point 26,400 LBS

INDIVIDUALLY BOXED

3/8" Golden Alloy Utility Grab/Slip Hooks AES-1623

Handy for hooking into clamp plate pull rings, hooking onto a chain between two floor anchors and many other uses. For use with 3/8" golden alloy chain.

- SYS-7-breaking point 26,400 LBS

INDIVIDUALLY BOXED

3/8" Golden Alloy Clevis Grab Hook AES-1204

For use with 3/8" chain.

- SYS-7-breaking point 26,400lb

INDIVIDUALLY BAGGED

3/8" Golden Alloy Clevis Grab Hook AES-1404

For use with 3/8" chain.

- SYS-7-breaking point 26,400lb

INDIVIDUALLY BAGGED

Alloy Double Clevis Links

These double clevis links allow attachment of chain or end fittings.

- SYS-7-breaking point 26,400 LBS

INDIVIDUALLY BAGGED

AES-1438	For use with 3/8" chain
AES-1456	For use with 5/16" chain

3/8" Golden Alloy Pre-Cut Chain with Single Grab Hook

Heavy duty golden alloy chain available in popular pre-cut lengths. Includes a single grab hook securely attached and ready to go right out of the box.

- SYS-7-breaking point 26,400lb

INDIVIDUALLY BOXED

AES-1701	5' Length
AES-1703	7' Length
AES-1704	9' Length
AES-1706	12' Length

3/8" Golden Alloy Pre-Cut Chain with Dual Grab Hooks

Heavy duty golden alloy chain available in popular pre-cut lengths. Includes two grab hooks securely attached on each end and ready to go right out of the box.

- SYS-7-breaking point 26,400lb

INDIVIDUALLY BOXED

AES-1702	5' Length
AES-1705	9' Length

63' Pail of 3/8" Golden Alloy Chain AES-1725

No matter what the required length of chain is, our pail of chain can provide it.

- SYS-7-breaking point 26,400 LBS

PAIL

3-in-1 Heavy Duty Bolt Cutters

Designed for cutting rod, wire mesh, cable, and bolts. Slim head permits cutting close to surface. Quick, easy adjustment through use of a cam/bolt mechanism. Jaws are made of hardened alloy steel.

INDIVIDUALLY BOXED

AES-C-301V-18	18" Length
AES-C-301V-24	24" Length

**1 Ton Compact
Come-A-Long
AES-HP101P2**

- 10' Cable Length
- INDIVIDUALLY BOXED

**Lever Load Binder with Dual
Swiveling Chain Grabbers
AES-620-3605**

- For 5/16" to 3/8" chain
- Load binders are sold as tie-downs only. Not recommended for frame straightening.

INDIVIDUALLY BOXED

**4 Ton Come-A-Long
AES-3801**

Used for pulling, lifting, lowering and stretching. Constructed of a special high-strength steel frame, unbendable sure-grip handle and 1/4" diameter aircraft test cable that has been galvanized to prevent rust and corrosion.

- 10' Single Length Puller
- 5' with Pulley Setup
- Blow mold case

INDIVIDUALLY BOXED

**Ratchet Load Binder
AES-620-7805**

- For 5/16" to 3/8" chain
- Load binders are sold as tie-downs only. Not recommended for frame straightening.

INDIVIDUALLY BOXED

**Come-A-Long Extension Strap Set
AES-4320**

Straps are made of durable, long lasting, pliable, heavy duty webbing. These fender straps are extra strong yet lightweight for easy handling. Set includes two straps.

INDIVIDUALLY BOXED

Pulling Clamps

Pulling Clamps

The "Ultimate" Sheet Metal Pulling Clamps

These clamps feature 360° self-tightening pull rings, specially designed non-slip teeth and multi-directional pulling brackets. Pulling clamps are gold anodized and fully warranted.

AES-4460

1-5/8" wide mouth, 182 individual teeth. Great for working in tight areas.

INDIVIDUALLY BOXED

CAPACITY
5 Ton

AES-4461

1-5/8" wide mouth, 182 individual teeth. Removable multi-directional pulling bracket.

INDIVIDUALLY BOXED

CAPACITY
5 Ton

AES-4462

1-1/4" wide mouth, 2-3/8" extra deep throat. Fits over or around most vehicle flange.

INDIVIDUALLY BOXED

CAPACITY
3 Ton

AES-4463

1-1/4" wide mouth, 2" deep throat. Fits over or around most vehicle flange. Most popular and most versatile design.

INDIVIDUALLY BOXED

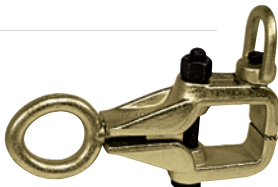

CAPACITY
3 Ton

AES-4464

Same clamp as the AES-4463 (above) with a removable multi-directional pulling bracket.

INDIVIDUALLY BOXED

CAPACITY
3 Ton

AES-4465

1-3/4" wide mouth, reduces tearing stress on metal. Designed for really tough pulling jobs.

INDIVIDUALLY BOXED

CAPACITY
5 Ton

AES-4466

Our "Duck-Bill Clamp" is a small, narrow self-tightening clamp for use in tight areas on the new compact vehicles.

INDIVIDUALLY BOXED

CAPACITY
1 Ton

Multi-Directional Pull Clamp AES-C-602

Special design will pull from up to three directions at once. Features dual self-tightening serrated jaws for a positive grip. 7" Overall length, 4-3/4" width.

INDIVIDUALLY BOXED

CAPACITY
3 Ton

Pull-Link Clamp AES-18302

Jaw width 3-3/4".

INDIVIDUALLY BOXED

CAPACITY
3 Ton

Self-Tightening Clamp AES-18304

Jaw width 1-3/4".

INDIVIDUALLY BOXED

CAPACITY
3 Ton

Self-Tightening 10-1/2" Clamp AES-T-402

The harder it's pulled, the tighter it clamps. Serrated jaws open up to 1-1/2".

6 Ton

**Mini Quarter Panel Puller
AES-4482**

For tailing openings and radiator supports. Fits small openings in the frame.

INDIVIDUALLY BOXED

**Quarter Panel Puller
AES-4484**

Pulls rear quarter and wheel well. Hooks above the lip of the wheel opening. Two curvatures (one on each side) will fit almost all cars. Eliminates the tearing of thin sheet metal.

INDIVIDUALLY BOXED

**Super Pulling
G-Clamps with
Heavy Duty
Shackle**

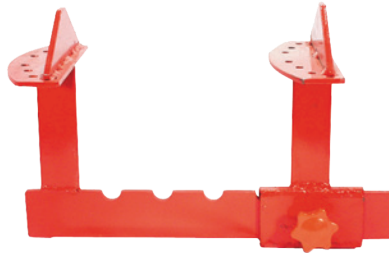

Heavy duty G-Clamps have a 1" diameter threaded rod with serrated jaws for a sure grip. Strategically positioned pulling holes are helpful in difficult angular pulling.

**Pull Hook Set
AES-18540**

INDIVIDUALLY BOXED

CAPACITY
5 Ton

**Headlight Aperture Puller
AES-18544**

Pulls rear quarter and wheel well. Hooks above the lip of the wheel opening. Two curvatures (one on each side) will fit almost all cars. Eliminates the tearing of thin sheet metal.

INDIVIDUALLY BOXED

AES-C-503

• 7-1/2" Clamp, 2-1/2" Jaw.

INDIVIDUALLY BOXED

CAPACITY
5 Ton

**Multi-Hole Pull Plate
AES-1923**

Fits onto any bumper bracket mounting hole for frame straightening. Large hole for pulling chain hooks.

• 12" x 3-1/2"

INDIVIDUALLY BOXED

CAPACITY
2 Ton

AES-C-506

• 10-1/2" Clamp, 4-1/4" Jaw.

Hydraulic Body & Frame Ram Kit AES-80499

This kit contains 7 of the most needed rams used in today's shops. Carbon steel construction. Red enamel coating for durability. Packed in sturdy metal storage case.

Kit Contents:

- 1pc x 2 Ton Ram, Stroke: 73mm, Min. Height: 126mm
- 1pc x 4 Ton Ram, Stroke: 18mm, Min. Height: 40mm
- 1pc x 4 Ton Ram, Stroke: 125mm, Min. Height: 270mm
- 1pc x 10 Ton Ram, Stroke: 58mm, Min. Height: 118mm
- 1pc x 10 Ton Ram, Stroke: 135mm, Min. Height: 358mm
- 1pc x 2 Ton Tie Bar, Stroke: 120mm, Max. Length: 575mm
- 1pc x 2 Ton Tie Bar, Stroke: 130mm, Max. Length: 665mm

INDIVIDUALLY BOXED

4 Ton Hydraulic Power Kit AES-804

A highly efficient, 4 ton assortment of work-saving tools all packed in a metal carrying case. Push with the popular standard ram that has a 6" stroke. Use the spreader toes for spreading damaged sections. Equipped with "Super Speed" snap-together fittings. Includes a PVC storage case with wheels.

HANG-UP CARD

Sizes Included:

T-27, T-30, T-40, T-45, T-50, T-55, T-60, T-70

Internal & External Puller Kit AES-YC-1000

Includes carbon steel T-bar and hammer, 2 internal 3-leg pullers (sizes 15mm – 30mm and 30mm – 80mm), and an external 3 leg puller (size 15mm – 80mm). Includes tough molded PVC storage case.

INDIVIDUALLY BOXED

Coil Spring Compressor Set AES-YC-601

Quickly remove coil springs, repair or replace shock absorbers, spring sets, struts, etc. Can be used with 5/16" hand tool or impact wrench.

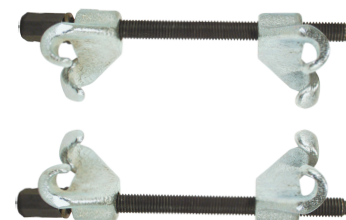

INDIVIDUALLY BOXED

Bearing Separator Kit AES-YC-706

Includes 2 bearing separator/bolt assemblies (sizes 30mm to 50mm & 50mm to 75mm) with 4 main rods, 4 extension rods, 1 beam and 1 center bolt. Includes sturdy PVC storage box.

INDIVIDUALLY BOXED

Coil Spring Compressor Set for MacPherson Struts AES-YC-602

Can be used with a 13/16" wrench or 1/2" impact wrench.

INDIVIDUALLY BOXED

Instant Belt Tightener AES-77450

INDIVIDUALLY BOXED

3/8" & 1/4" Dual Head Stubby Ratchet AES-78262

Reversing dual head 3/8" and 1/4" stubby ratchet.

HANG-UP CARD

3/8" Ratchet with Quick Release AES-78264

HANG-UP CARD

Coil Spring Compressor AES-YC-603

Quickly and safely remove internal coil springs from most cars and pickups. 12" overall length, 9-1/2" length adjustment, 6-1/2" grip capacity.

INDIVIDUALLY BOXED

27pc 3/8" & 1/2" Drive Star Socket Bit Set & "E" Socket Set with Metal Case AES-37427

- 5pc x 3/8" Dr. "E" sockets: E-10, E-12, E-14, E-16, E-18
- 3pc x 1/2" Dr. "E" sockets: E-20, E-22, E-24
- 5pc x 3/8" Dr. star sockets bits: T-20, T-25, T-27, T-30, T-40
- 5pc x 1/2" Dr. star socket bits: T-45, T-50, T-55, T-60, T-70
- 8pc x 25mm bits: T-8, T-10, T-15, T-20, T-25, T-27, T-30, T-40
- 1pc x 1/4" x 3/8" adapter

INDIVIDUALLY BOXED

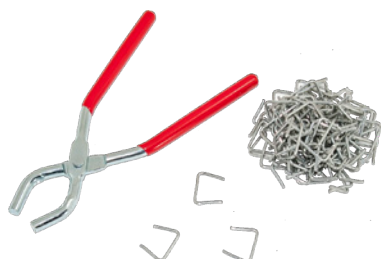

Heavy Duty Hog Ring Pliers Set AES-55222

Set contains one straight and one 45° angle hog ring pliers. Spring loaded to hold hog ring in place during installation. Opens to hold 1" hog rings.

HANG-UP CARD

Hog Ring Plier Set AES-55112

Used for upholstery work on most domestic and foreign cars. Also useful for fence repair, traps, cages and more. Comes with 100pc hog rings to get you started.

HANG-UP CARD

Specifications	
Pliers Length:	5-1/4"
Jaws Open:	1-1/2"
Hog Ring Width:	3/4"

100pc Hog Rings AES-55112-R

Used for upholstery work on most domestic and foreign cars. Also useful for fence repair, traps, cages and more.

HEADER CARD

Specifications	
Hog Ring Width:	3/4"

2pc Hose Remover Set AES-604202

Two hook styles (V and U) useful for various hose and seal removal applications. Sharp pointed tip makes for easy removal of automotive and industrial seals and hoses. Ergonomic handle provides good grip and positive leverage to pry stuck hoses and seals.

HANG-UP CARD

Specifications	
Overall Length:	7.5"

Surgical Steel Hemostats

Surgical-grade stainless steel hemostats make excellent clamping tools for automotive repair. Our hemostats feature a 3-step locking mechanism to adjust clamping force. High fulcrum point reduces fatigue when clamping. Jaws are finely-serrated and provide a secure, non-slip grip.

Not for medical use.

INDIVIDUALLY BAGGED

A.

B.

SKU	Letter	Size
AES-1762	A.	5" Straight Jaw Forceps
AES-1770	B.	7" Straight Jaw Forceps

9" Safety Wire Twisting Pliers AES-52245

Use for twisting wire up to .060 gauge into a braid that won't unravel. Works with a simple one-pull action with automatic return.

HANG-UP CARD

10-1/2" Heavy Duty Locking Plier with Swivel Shackle AES-CL-335LPS

Pull-end ring is designed to use for pulling. Chrome vanadium steel drop forged jaws, heat treated. Fixed handle chrome molybdenum steel.

HANG-UP CARD

3-Size Tube Bender AES-2581

For accurately bending 1/4", 5/16" and 3/8" tubing. Quality 8" aluminum body has calibrated markings up to 180°. Use on copper, brass, steel, aluminum, stainless steel and more.

HANG-UP CARD

10-1/2" Flexible Hose Clamp Screw Driver AES-417

For easy removal and installation of most hose clamps. Flexible shaft allows access to difficult locations. High torque grip for positive tensioning of clamps.

HANG-UP CARD

Specifications	
Size:	7mm

Multi-Purpose Strap Wrenches

Strap wrenches are a great tool for removing oil filters, fuel filters, faucets and even jar caps. The large wrench can fit items up to 6-3/8 inches in diameter while the smaller wrench fits items up to 4 inches in diameter. Heavy duty straps won't snap and are made of reinforced rubber. Cushioned plastic handles help provide grip and leverage.

INDIVIDUALLY BAGGED

SKU	Letter	Size
AES-78194	A.	Small Strap Wrench (fits items up to 4")
AES-78199	B.	Large Strap Wrench (fits items up to 6-3/8")

1 Ton Scissor Jack AES-34200

Designed to allow the jack to fit in low clearance applications. The standard in the industry for the common lifting needs.

INDIVIDUALLY BOXED

Deluxe Lock-Out Tool Kit AES-32600

Includes everything a professional needs to enter a locked vehicle. 16 Piece complete vehicle lockout kit. Tri-fold case keeps tools together and conveniently organized. Detailed instruction manual included. Slim case design allows for convenient storage. Labeled pockets make finding the right tool for the job quick and easy. **For professional and lawful use only.**

INDIVIDUALLY BAGGED

Door Buzzer Depress Tool AES-77200

Stop annoying door buzzers without disconnecting the battery when working on the interior of a vehicle. Fits most cars with the buzzer switch located by the door hinges. Tool pushes against door jamb switch; high-tension spring design keeps consistent pressure on buzzer switch.

HANG-UP CARD

Universal Lift Support Clamp AES-33285

Avoid the danger and inconvenience of faulty gas shocks on hoods, trunks and hatches of SUV's, vans, trucks and automobiles. Adjust to fit any size shock in seconds, providing a positive lock for safe access to engine compartment or luggage area.

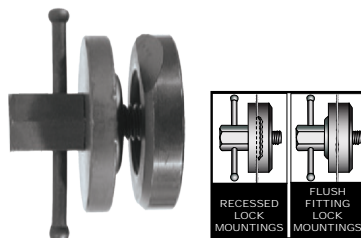

HANG-UP CARD

Master Lock-Out Tool Kit AES-32500

Unlocks most foreign domestic vehicles. Kit includes a sturdy vinyl carrying case and illustrated instruction booklet for specific models of automobiles. **For professional and lawful use only.**

INDIVIDUALLY BAGGED

Door Lock Hole Reformer AES-6012-A

Repair damaged door lock apertures with recessed or flush fitting lock holes.

HANG-UP CARD

Panel Crimper AES-478

Assists in patching sheet metal by forming a "step" around the area to be repaired. The patch then sits in the indent of the step, flush with the original panel surface. Handle allows safe and easy operation.

HANG-UP CARD

Emergency Lock-Out Tool AES-77257

Universal tool used to unlock doors without damage to locks or car finish. **For professional and lawful use only.**

HANG-UP CARD

Adjustable Wheel Step

Create an instant platform or step by placing on any 14" to 20" tire. Step can be adjusted to 3 different heights in 4" increments. Greatly extends reach to engines and roofs of vans and trucks. Heavy duty all-metal construction. Folds flat for easy storage.

INDIVIDUALLY BOXED

Specifications

Weight Capacity: 400 LBS

GM Lock Pick Set AES-36215

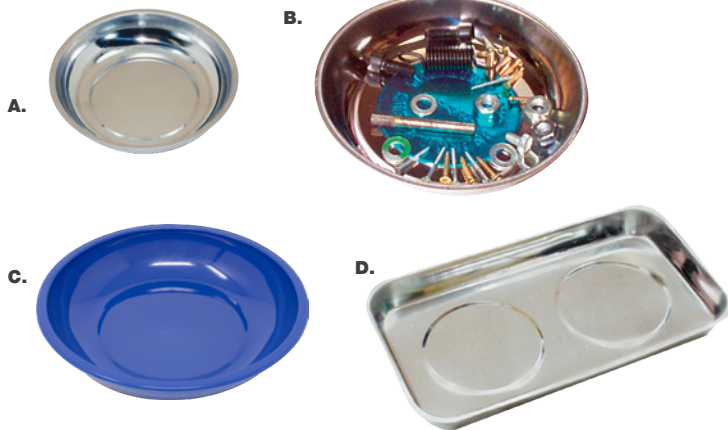

GM lock pick set includes 12 double-ended rocker picks. Compatible with most GM vehicle steering column, door and trunk locks. Not for use with GM keys with a built-in microchip. **For professional and lawful use only.**

HANG-UP CARD

AES-185 For use with standard car tires

AES-185-T For use with large truck tires

Magnetic Parts Dishes

Can be placed upright, vertical or upside-down on doors, hoods, oil pans, paint booths, tool boxes, etc. Conveniently keeps track of nuts, bolts, sockets, tools, parts molding clips and more. The magnet bases are rubber lines to prevent marring finishes.

INDIVIDUALLY BOXED

SKU	Letter	Size
AES-3404	A.	4" Round
AES-3405	B.	6" Round
AES-3406	C.	6" Round
AES-3408	D.	9-3/8" x 5-3/8" Rectangle

24" Magnetic Tool Holder Strip AES-59100

The 24" magnetic tool holder features powerful magnets to hold tools and other ferrous objects in place. Includes installation hardware. Powerful magnets hold hammers, wrenches, pliers, screwdrivers and more. No more clutter! Keep every day use tools in plain sight and out of the bottom of your tool box.

INDIVIDUALLY BOXED

3pc Aluminum Case Set AES-A-10

Three aluminum cases with locks and detachable shoulder strap.

- Small Case Dimensions: 10-1/2" x 15-1/2" x 4-1/2"
- Medium Case Dimensions: 12" x 17" x 5-1/2"
- Large Case Dimensions: 13-1/2" x 18-1/2" x 7"

INDIVIDUALLY BOXED

Pegboard Hooks

Stainless steel pegboard hooks available in different sizes. Great for shop and garage organization. Packed 100pc per box.

INDIVIDUALLY BOXED

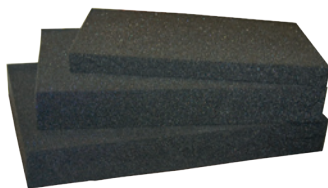

AES-1222	2" Length x 1/8"
AES-1224	4" Length x 1/8"

4pc Padlock Set AES-55052

4pc padlock set with keys.

HANG-UP CARD

Waffle Foam Liner Set AES-A-9F

- Small Foam Insert Dimensions: 5" x 10-1/2" x 15-1/2"
- Medium Foam Insert Dimensions: 5-1/2" x 12" x 17"
- Small Foam Insert Dimensions: 7" x 13-1/2" x 18-1/2"

INDIVIDUALLY BOXED

Foam Padded Aluminum Case AES-A-9

One piece aluminum case with waffle foam liner.

- Case Dimensions: 12" x 12" x 5"

INDIVIDUALLY BOXED

Welder's Flint Striker AES-2001

Handy size flint lighter with shielded spark cup.
 HANG-UP CARD

Welder's Flint Striker with 5pc Extra Flints AES-2002

Handy size flint lighter with shielded spark cup. Includes a 5 pack of extra replacement flints.
 HANG-UP CARD

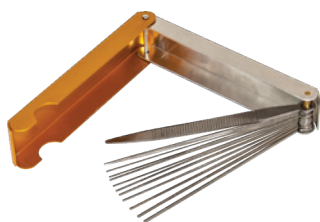

5pc Replacement Striker Flints AES-2003

HANG-UP CARD

Welders Chip Hammer AES-376

Used to remove slag from welds. Head has a chisel side and a pick side. Coiled handle absorbs shock.
 HANG-UP CARD

Welding Tip Cleaner AES-2501

Welding tip cleaner set with stainless steel reamers for welder tip cleaning. Also great for filing and cleaning out any small holes that can clog with debris. Welding tip drill sizes 51.49, 53.52, 55.54, 56, 57, 59.58, 61.60, 64.62, 67.65, 70.68, 73.71 and 75.74.
 HANG-UP CARD

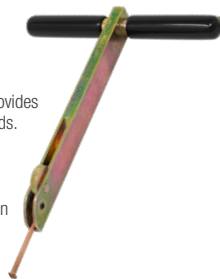

250pc Welding Studs

Copper coated welding studs available in 2.0mm and 2.5mm diameters. Overall length of individual stud is 2".
 INDIVIDUALLY BOXED

AES-2200	2.0mm Diameter
AES-2250	2.5mm Diameter

Mini Welding Stud Puller AES-2300

The AES-2300 mini puller provides a secure hold on welding studs. Compact and lightweight tool for pulling small dents such as dings, hail dents and light damage. Allows the technician to "feel the pull" reducing overpull on light damage. The quick release cam allows one handed operation. Use with any welding studs 1.9mm - 2.8mm.
 HANG-UP CARD

5pc Mini Panel Clamps AES-20410

Use clamps to hold panels in place for welding. Door can be closed for alignment checks before welding due to small profile. Compact size allows for a multitude of uses.
 HANG-UP CARD

5pc Mini Panel Clamps with Non-Scratch Contact Tips AES-20411

Solid brass core contact tips prevent damage and improve slip resistance. Use clamps to hold panels in place for welding. Door can be closed for alignment checks before welding due to small profile. Compact size allows for a multitude of uses.
 HANG-UP CARD

Welder's Cup Goggles AES-500

Shade #5 polycarbonate filter lenses are suitable for gas welding, burning, brazing and cutting. Ultraviolet/infrared protection; adjustable elastic headband.
 HEADER CARD

AES-500-1	Clear Lenses, 1 Pair
AES-500-2	Shade #5 ANSI Standard Z87.1 Lenses, 1 Pair
AES-500-5	Shade #5 Lenses, 1 Pair

Flip-Up Welding Goggles AES-510

Featherweight durable frame fits over any Rx glasses. Flip-front for use when grinding. Polycarbonate lens; shade #5. For replacement lenses, use AES-500-1, 500-2 and 500-5.
 HEADER CARD

Flip-Up Welding Goggles AES-520

2" x 4-1/4" green poly-carbonate lens, shade #5. Ultraviolet/infrared protection; can be worn over any corrective eyewear.
 HEADER CARD

AES-520-1	Clear Lens
AES-520-5	Shade #5 Lens
AES-520-10	Shade #10 Lens

Welder's Helmet AES-91277

This tough welder's helmet has a flip-front plate holder that comes with 2" x 4-1/2" cover plate and shade #10 filter plate. For replacement lenses, use AES-520-1, 520-5 and 520-10.
