

Part No. ALL10572

Tire Perforator Tool Adapter For High Torque Tire Prep Stand

Tire tool perforator adapter is designed for use as an accessory to Allstar's (high torque) electric tire prep stand ALL10575. The adapters arm features cushioned handles and slides side to side allowing perforator tool access to the entire width of tire. A retractable leg helps support and stabilize the tire tool adapter and unit. Adapter also has mounting holes to accept the ALL10574 Tire Wrapper Attachment (sold separately) to wrap tires after prepping.
