

**Part No. ALL22997
ALL22999**

Aluminum Adjustable Spoilers

Designed for Dirt Late Models, choose from plain or black powder coated finish. Each spoiler consists of two unequal length laser cut sections, one 16" wide and the other 56" wide. Unequal length design blades provide more down force on the right rear of the car and allow more spoiler area in case of right side damage. Assembled spoilers measure 72" wide x 8" tall with a 1" reinforcing lip. Three vertical supports have 2" of adjustment. Mounting hinges included.

ALL22997.....8" x 72" Plain Aluminum

ALL22999.....8" x 72" Black Powder Coated Aluminum
