

Part No. ALL34180-34183

## Exhaust Shields

Aluminum shields protect body panels from exhaust exiting thru the passenger door and provide a clean, finished look from the outside simplifying exhaust routing. Round shield I.D. is 6", commonly used for exiting one 5" diameter exhaust pipe. Oval shield I.D. is 5" x 9", commonly used for exiting two 3-1/2" diameter exhaust pipes.

Part No:	Flange	Description
ALL34180	Round	Single Exhaust - Exits 55 Degrees To Door
ALL34181	Round	Single Exhaust - Exits 90 Degrees To Door
ALL34182	Oval	Dual Exhaust - Exits 55 Degrees To Door
ALL34183	Oval	Dual Exhaust - Exits 90 Degrees To Door
