Mustang II 3-Piece Spindles

Three-piece Mustang II style spindle is a forged and heat treated option for cars that would like the benefits of Mustang II spindle with the convenience of a replaceable steering arm and metric brake caliper bracket. Complete spindle includes a spindle body with an 8-degree pin inclination, bolt-on steering arm, bolt-on brake bracket and a hardware kit. Spindle accepts stock taper tie rod end, a ALL56204 (K6024) bolt-in or a ALL56214 (K772) screw-in style upper ball joint and stock 1979-88 G-body lower ball joint, brake rotor, caliper and bearing kit. IMCA approved for IMCA modifieds and sport mod divisions. Replacement components are also available for quick, easy and affordable repairs.
