

Part No. ALL64204-64209

## Shock And Pull Bar Covers

Neoprene covers help protect from rock damage and keep components clean while preventing the competition from knowing your secrets. Hook and loop material allows easy cover removal for adjustments. 3" covers are often used for 2.5" and 3" coil-over shocks and small diameter upper links. 6" covers work well on 5" springs and pull bar applications.

Part No:	Description
ALL64204.....	3" x 14" Cover
ALL64205.....	3" x 16" Cover
ALL64206.....	6" x 7" Cover
ALL64207.....	6" x 14" Cover
ALL64208.....	6" x 16" Cover
