

Part Number: ALL78220

Fogging Oil

Spray aerosol lubricant with special additives into the intake and spark plug holes to coat and lubricate the cylinders, valves and valve seats, preventing horsepower-robbing corrosion and eliminating scuffing at start-up after periods of storage. May be used in all 2- or 4-cycle, carbureted or fuel injected gasoline engines in cars, trucks, motorhomes, ATV's, etc. Sold in 12 oz. cans

Rely only on high-grade oils, fluids, lubricants on our virtual shelves.
