

Part No. ALL87010

Intake Manifold Bolt Kit

Grade 8, 12-point flange clear zinc bolts are 3/8" x 1-1/8" long to fit small block Chevys and Chrysler "A" and "B" engines where clearance is insufficient for standard hex head bolts. Sets of 12 include stainless washers.

REV111715

Accept no compromises, choose only quality performance engine parts.
