

2018 - PREMIUM BILLET ALUMINUM ACCESSORIES

PRECISION CRAFTED AMERICAN MADE BILLET ACCESSORIES

Why We Are The Best!

AMI Styling's mission is to provide vehicle owners a versatile marketplace for customization. Your vehicle is an extension of who you are, and AMI Styling gives you the tools to set yourself apart from the crowd. Our wide range of high quality products — recovery hooks, grille emblems, fuel doors, antennas and more — enables AMI Styling customers to break the stock look without breaking the bank. AMI Styling (AllSales Manufacturing Inc.) was founded in 1994 to manufacture quality billet aluminum products for the automotive aftermarket. It all started with a billet rear view mirror in the shape of GM's famous Bowtie and for the past twenty years AMI has succeeded by developing many of the innovative products that enthusiasts believe are a must-have for their vehicles. The AMI Styling line offers products like full replacement grille emblems, locking and non-locking fuel doors, antennas in a variety of lengths and styles, ornamental hitch covers and much more. If it should be made from billet Aluminum, AMI Styling likely offers it for your truck, SUV or Jeep. Everything is made in the USA from top quality raw materials like aerospace-grade 6061-T6 Aluminum or stainless steel. AMI Styling prides itself in giving the consumer choice when it comes to styles and finishes including polished, chrome, black and brushed. For design leadership, look no further than AMI Styling.

Innovation and Capabilities

AMI Styling consists of a large group of talented and dedicated people that design, develop and produce more than 2,100 plus products in its portfolio. With the help of 14 CNC machines, 3 lathes, 2 CNC saws, 2 robotic welding cells, 1 giant laser cutter, 2 of the first 5-axis polishing machines in the US and in-house powder coating, AMI Styling controls all the necessary steps to assure quality products are manufactured and tested to meet the rigorous demands of vehicle exteriors/interiors while delivering the supreme styling demands of the automotive enthusiasts.

ANTENNAS - .50 & .308 CAL

Our .50 Caliber are an exact 5.5" replica of a real BMG .50 caliber bullet. CNC machined from solid billet aluminum, these antennas are a direct replacement for your factory antenna and include 5 stainless steel adapters for easy installation onto most makes and models of car, Jeep and trucks. Available as just a bullet antenna or with either a 3.5", 6.5" or 9.5" - 7/16" diameter solid billet aluminum mast. Best reception will be achieved when using the 6.5" or 9.5" masts.

STUBBIE ANTENNAS

AVAILABLE LENGTHS: 3", 6", 9", 12", 15" or 21"

ALL ANTENNAS COME WITH 6MM FEMALE THREADS

CHOOSE FROM POLISHED OR BLACK POWDER COAT

Our Stubbie antennas are engineered for exceptional reception. Made from 1/4" stainless steel or 3/16" stainless steel. If size is your thing, be sure to check out our 7/16" "Big Stick" antennas. All antennas come with 6mm female threads.

CHOOSE A STYLE

Polished or Black Powder Coat

Choose from the following lengths:
3", 6", 9", 12", 15" or 21"

Our antennas fit most vehicles.

Antennas include 5 adapters:
5MM to 6MM male
7MM female to 6MM male
10-24 male to 6MM male
1/4-20 male to 6MM male
5/16" - 18MM male to 6MM male

For additional adapters see chart below for your make/model.

BIG STICK SOLID SHAFT ANTENNA

AMI Styling's "BIG STICK" 7/16" solid shaft custom antenna is designed for excellent reception with a bold billet look. Choose from 5 lengths and either a polished or black powder coat finish.

FUEL DOORS

It's no coincidence that these are the best-selling fuel doors on the market. Known for their quality constructions (these aren't stick on doors) smooth operation, and quality finish. Choose between our "sleek" Striker Style fuel doors or our Race Style doors. Our doors offer a push to open feature or a locked door for added security. All doors are available in several finishes. Crafted from solid 6061-T6 aircraft aluminum. Installation is simple and no drilling is required for most applications.

SHOW HOOKS

4902P-2

5901P-2

Dress up your front valance with our bumper inserts and show hooks. Crafted from 6061-T6 aircraft aluminum and polished to a high luster. Add a cover plate to some late models and get rid of that unsightly black hole. Show hooks are not rated or intended for recovery - use at your own risk.

DEMON RECOVERY

DEMON HOOKS

D-RINGS

These CNC machined billet aluminum recovery D-ring hooks are made from top quality 6061-T6 aluminum and are functional with pulling capacity over 15,000 lb/ft (2-1 ratio) and they look awesome.

Available in Red, Blue, Black, Polished, Anthracite Metallic, Desert Tan, OD Green, Tactical Black and paintable, Demon Hooks add style and function to any truck or Jeep. Demon Hooks are designed to fit bumper mounts on most any aftermarket bumper and can be mounted to AMI's 2" hitch receiver insert.

AMI D-rings, are available in square or round designs and are reversible for either an aggressive rivet look or a smooth finish.

Demon Hooks V2 feature a locking pin for added theft protection and large radius opening for smooth recovery.

HAWSE-FAIRLEADS

AMI Demon Hook Series Hawse-Fairleads offer the same color and finish choices as our Demon Hook D-rings for a uniform styling package. AMI Demon billet aluminum Fairleads are made from top quality 6061-T6 aluminum and are functional with all winch bumpers. Available in both riveted and smooth face.

MOUNTING SOLUTIONS

AMI has two great mounting solutions in our Demon Hook Series that allow our Demon Hooks to be attached to the hitch using our 2" Receiver Mount or use our billet ring mounts that can be attached to your bumper.

SWING STEP

The Swing Step from AMI features classic off road styling but combines it with utility by becoming a step ladder to reach into the engine compartment for maintenance. Just release the latches and the Center bar swings down and becomes a handy Step ladder. Perfect for lifted and HD trucks. Made in the USA and available in Flat Black, Gloss Black or Gloss White risers with either stainless steel or black center cross bars. The Swing Step is the perfect addition to any truck and an ideal place for an LED light bar (sold separately).

Swing Step's program consists of two part numbers (prefix 19285) for the push bumper and vehicle specific bracket kits. First you select the vehicle specific mounting bracket part number, then select the Riser (the Swing Step).

CNC MACHINED BILLET RISERS
STAINLESS STEEL CROSS BARS
SPRING LOADED STEP LOCK

LED LIGHT BAR BRACKETS

Billet light bar brackets for use with LED light bars. Designed specifically to fit brush guards, push bumpers and grill guards. These machined billet brackets are available in 1-3/4", 2", 2.5". Offered in polished or flat black, they match perfectly on chrome and black powder coated bars.

SWING STEP

SWING STEP MOUNTING BRACKETS

The Swing Step from AMI uses two part numbers. One for the Swing Step "Risers" and one for the "Mounting Brackets". The Swing Step Risers are universal. The mounting brackets are specific to vehicle make and model.
