

AMP RESEARCH TECHNICAL SUPPORT UPDATE

DATE: February 8, 2012

PRODUCT: AMP Research BEDXTENDER HD™

VEHICLE APPLICATION: Ford F-150 and Super Duty trucks equipped with factory Tailgate Step

INSTALLATION NOTE:

Due to the raised and irregular surface of the optional factory tailgate with the integrated Tailgate Step found on some 2008 and newer Ford F-150 and Super Duty trucks, the BEDXTENDER HD™ will sit at a slight angle on the open tailgate.

NOTE: THIS DOES NOT COMPROMISE THE FUNCTION OR UTILITY OF THE BEDXTENDER HD™.

BEDXTENDER HD™ shown on a **Ford F-150** equipped with the optional factory tailgate with integrated Tailgate Step.
