

## AMP Tires Limited Warranty

This warranty applies to the original purchaser of an AMP Tires Terrain Gripper A/T light truck tire (hereinafter AMP A/T) and is not transferable. Eligible tires must be purchased new and must be used on the vehicle which they were originally installed. Additionally, they must be an equivalent or greater load index to that specified by the vehicle manufacturer.

This limited warranty covers all AMP A/T tires purchased and used within the United States and Canada.

### Eligible tires

You are eligible for this limited warranty if:

- You are the original purchaser of the tire.
- The tires were used on the vehicle on which they were originally installed.
- The tires are of the correct size, load, and speed rating for the make and type of the vehicle.
- You properly maintained and used the tire.
- The tires are not subject to exclusion (see "Tires Not Covered" section).
- The total mileage travelled does not exceed 40,000 miles.

### Workmanship and materials

AMP Tires warrants all eligible tires against defects in workmanship and materials. Upon examination of an eligible tire, if AMP Tires determines that the tire(s) is not serviceable due to a condition covered by this workmanship and materials limited warranty, it will be replaced with a comparable new AMP A/T tire as follows:

1. First 1/32" worn: AMP Tires will replace any eligible tire that it determines to have uniformity issues (e.g., out-of-round, out-of-balance, or pulling) within the first 1/32" of tread use.
2. Any tire that does not deliver satisfactory service due to a balance, out of round or a ride complaint issue will be replaced within the first 2/32nds of the tire's tread life. After the first 2/32nds the tire is not warrantable for the aforementioned conditions.
3. AMP Tires will replace any eligible tire with a defect in materials and workmanship not covered by paragraph 1 or 2 (i.e. broken belts, tread separation, etc), when the original usable tread is worn by less than 25%, and within 60 months from the date of purchase.

The original usable tread is determined by measuring the depth on the tread of a new tire to the top of the tread wear indicator bars (note: the depth of the original usable tread will vary by tire size and model).

## **Tread wear**

Vehicles with staggered fitments (i.e., where the front and rear tires are of a different size) cannot be rotated. Therefore, AMP Tires warrants tires mounted on the rear axle of vehicles with staggered fitments only up to 50% of the warranted miles under the standard AMP Tires tread wear warranty.

To qualify for this tread wear limited warranty, the tire must meet all of the following conditions:

- Is driven no more than 40,000 miles
- Is properly serviced and maintained, with periodic rotation, all evidenced by acceptable service records
- Tread is evenly worn down to the top of the tread wear indicator bars.
- Was installed no more than 3 months from the date of purchase.
- Has been used on road surfaces for which the tire is designed.
- Has not been used for commercial service.

## **Tires not covered**

The limited warranty does not cover the following:

Replacement of tire pressure monitoring system (TPMS) parts or components.

Tire damage due to road hazards (not limited to cuts, snags, bruises, impact breaks, bulges, punctures, stone drills, chips, and scales), fire, theft, or collision.

Conditions arising from improper tire/vehicle maintenance or use, not limited to:

- Irregular or excessive tread wear due to: incorrect inflation; overloading; vehicle misalignment; tire mixing; failure to rotate tires; and poor or defective mechanical condition to brakes, shocks, and wheels; or other factors attributable to the vehicle or
- Any wheel tire which has been run with low air pressure or while flat.
- Tires submitted for a mileage adjustment that have worn out unevenly and/ or show a difference of 2/32" between major tread grooves or between the front and rear sets.
- Damage due to abuse; vandalism; tire alteration; tire spinning; extreme temperature exposure; police pursuit service; racing; or other competitive activities.
- Damage, corrosion, or deterioration from using oil-based chemicals, water-based sealers, balancing substances, or flammable gases.
- Damage from improper use of tire chains.
- Damage on studded tires from installation of studs of an improper size.
- Damage from improper storage, tires must be installed within 3 months of the date of purchase
- Tires with the DOT identification number removed or rendered illegible.
- Incorrect size, load and speed rating for the make and type of vehicle.
- Passenger tires used on pick-up trucks with slide-in camper

Improper mounting, balancing, or repair, not limited to:

- Improper tire mounting, tire/wheel assembly imbalance.
- Damage from incorrect mounting or dismounting of the tire, incorrect wheel size, water or other material trapped inside the tire during mounting, or failure to keep the tires balanced.
- Damage resulting from improper repair materials or procedures.
- Multiple repairs within a 90° repairable area of the tread;
- Tires with more than two repairs in the repairable area of the tread.
- Tires with any repair or puncture outside the repairable tread area, or on the sidewall of the tire. Failure to meet conditions of the limited warranty, not limited to:

- Any tire for which mileage and tire rotation records are not available or verifiable.
- Any tire not presented and available for AMP Tires inspection.
- Any tires worn beyond the tread wear indicators (less than 2/32" of remaining tread).
- Uniformity issues after the first 1/32" of tread wear.
- Claims of weather or ozone cracking after three years from the date of manufacture, and any claims of cosmetic weather or ozone cracking at any time.
- Tires supplied as original equipment on new vehicles and retreaded tires and tires purchased used.
- AMP Tires that are imported and sold through unauthorized channels or that are not marketed and sold by AMP Tires within the United States.

### **Your legal rights**

This limited warranty gives you specific legal rights; you may also have other rights, which vary from state to state.

### **Limitations and exclusions**

AMP Tires disclaims all other warranties, express or implied, including the implied warranty of merchantability, the implied warranty of fitness for a particular purpose, and liability for incidental and consequential damages (e.g., loss of time, loss of use of vehicle, etc.).

Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above exclusions may not apply to you.

No one has the authority to vary the terms of this limited warranty.

AMP Tires does not warrant any work performed by the dealer, including, but not limited to, their selection, fitment, mounting and balancing, inspection, or repair of any tire.

As part of the claim process under this warranty, the consumer must always make the subject tire available for physical inspection by AMP Tires.

AMP Tires reserves the right to the final inspection decision for all eligible tires under this limited warranty with regard to conditions listed in "Tires Not Covered".
