

ANCRA'S CARGO STA® II

SECURING AFFORDABILITY

Ancra's NEW Cargo Sta® II features a recessed gear rack, which helps prevent a pinch point while providing a smooth exterior surface for less potential cargo damage. The release latch is easier to operate as it is located on the handle vs. the housing.

FEATURES

- Standard Steel Cargo Sta® II
- Extension Range: 89.7" to 104.5"
- Weight: 10.23 lbs.
- Recessed Gear Rack
- Easy to Operate Release Latch is located on the handle
- Handle and Housing are Black Powder Coated

P/N: 50441-10

CAUTION: Due to the wall construction of a trailer, the Cargo Sta® II does not have a working load limit.
