

**Read complete instructions before installation!  
Improper installation may void warranty**

Tools Needed: Phillips Screwdriver

Step 1: Open the tail gate and locate the two phillips screw and remove them.

Step 2: Pull the tail light off from the vehicle.

Step 3: Unplug the tail light wire harness.

Step 4: Take out the new Anzo tail light from the box.

Step 5: Plug in the tail light wire harness into the new Anzo tail light.

Step 6: Test all functions to make sure of proper installation before driving.
