--------------	--------------	--------------------	--

Parts List	Item	Part Name	QTY	Description	Item	Part Name	QTY	Description
	1	Mesh Grille	2	Stainless Steel	4	Studs	6	6-32X 1"
	2	Kep Nuts	6	6-32	5	Washers	6	
	3	Flange Brackets	2	2"				

Install Notes: Overlay Replacement Drill Cut

Step	Description	illustration
1	Identify the grille & hardware with parts list.	
2	Remove the retaining bolts below the front bumper holding the engine splash shield in place. This will allow access to the rear of the bumper openings.	
3	Center one of the grilles over the opening. They will fit only one way.	
4	Thread a stud in each nut welded to the grille. From the rear of the bumper, secure a flange bracket on the stud closest to the license plate. Secure the remaining studs using the remaining nuts and washers. Snug the hardware up; Do not over tighten.	
5	Repeat the process on the other bumper insert. If needed, loosen the hardware and adjust the inserts.	
6	Re-install the hardware retaining the engine splash shield in place.	
7	Installation completed!!!	

The instruction here is for your reference only. You may need to bend the billet grille bars or tabs a little bit to adjust to fit. We strongly recommend the professional installer for best result. Please use masking tape and tape the OEM grille shell along the edge to protect your vehicle during installation. We are not responsible for any damage caused by the installation. Thank you for choosing our product!
