

Part#	GR14GFG94 T/H	Application	For 2009-2010 Infiniti FX35 / FX50
-------	---------------	-------------	------------------------------------

Parts List	Item	Part Name	QTY	Description	Item	Part Name	QTY	Description
	1	Mesh Grille	1	Stainless steel	2	T-10 Torx Pin Head Screws	4	#6-1/2"

Install Notes: Overlay Replacement Drill Cut

Step	Description	illustration
1	Identify the grille & hardware with parts list.	
2	Optional (for vehicles with black plastic cover under hood), Pop hood, remove the black plastic cover (on top of OEM grille / front panel) from vehicle. This will allow access to the rear of the grille shell. If you are still unable to access the rear, remove the grille shell and reattach after installation.	
3	Align the lower grille into place, then install the supplied #6×1/2" T-10 Torx Pin Head Screws allowing them to self tap into the bumper cover. Before you completely tighten the hardware, remove the masking tape so it does not get caught behind the grille.	
4	Align the lower grille into place, making sure it is perfectly centered. Install the supplied #6 × 1/2" T-10 Torx Pin Head Screws allowing them to self tap into the bumper cover.	
5	Make sure the grille is centered and tighten the fasteners.	
6	Reinstall the black plastic cover which was removed in step 2.	
7	Installation completed!!!	

The instruction here is for your reference only. You may need to bend the grille a little bit to adjust to fit. We strongly recommend the professional installer for best result. We are not responsible for any damage caused by the installation. Thank you for choosing our product!
