Install Notes: Overlay  Replacement  Drill  Cut

Step	Description	illustration
1	Identify the grille & hardware with parts list.	
2	Pop hood, make sure the heads can access to the rear of the grille shell. (If necessary, remove the OEM grille shell & grille from vehicle. that will make it easy to install.)	
3	Secure the stud to the threaded holes on the rear of the grille.	
4	Center the grille onto the factory grille. Be sure the studs are through the OEM grille from the gap between the horizontal bars.	
5	Secure grille using the "U" tabs and lock nuts from the back side of the OEM grille shell.	

The instruction here is for your reference only. You may need to bend the grille a little bit to adjust to fit. We strongly recommend the professional installer for best result. We are not responsible for any damage caused by the installation. Thank you for choosing our product!
