

FLBK38TAB4

Arkon 38mm Robust Forklift Pillar Locking Tablet Mount Retail Black

DESCRIPTION:

FLBK38TAB4 is a locking tablet mount specifically designed for use on a forklift, pallet jack, or other warehouse vehicle. Consisting of two steel plates with black powdercoat finish and accompanying mounting hardware, FLBK38TAB4 is made with heavy gauge steel construction to last in tough environments, such as construction sites, factories, and warehouses. This mount also includes a 38mm (1.5 inch) compatible metal 5" Robust Mount shaft with double ball adjustment points and a Metal Universal Locking Tablet Holder, which features a key lock (keys included) that keeps the tablet securely in place. The tablet holder is made of aluminum and includes multiple horizontal and vertical adjustment points along both sides, making it compatible with tablets as small as the G Pad 7.0, or as large as the Nexus 10. Use a 7mm and 10mm socket wrench to adjust the tablet holder to your tablet's size specifications. Security hardware is also included. Each of the mount's steel plates weighs just under half a pound and measures 4" x 2.75" x 1/8". Holes are pre-drilled into the plate so installation is quick and easy.

FEATURES:

- Locking tablet mount for forklift, pallet jack, or other warehouse vehicle
- Includes locking universal tablet holder with keys and security hardware
- Easy installation with pre-drilled holes
- 2 year limited warranty
