

FLBKTSM4

Arkon Robust Forklift Bracket Phone Mount Retail Black

DESCRIPTION:

FLBKTSM4 is a phone mount specifically designed for use on a forklift, pallet jack, or other warehouse vehicle. Consisting of two steel plates with black powdercoat finish and accompanying mounting hardware, FLBKTSM4 is made with heavy gauge steel construction to last in tough environments, such as construction sites, factories, and warehouses. This mount also includes a 3.75" Robust Mount Shaft with double ball adjustment points and a Mega Grip Universal Phone Holder that holds smartphones up to 3.25" wide with no height restrictions, including iPhone X, iPhone 8 and 8 Plus, iPhone 7 and 7 Plus, iPhone 6S Plus and 6S Plus, iPhone 6 and 6 Plus, Samsung Galaxy Note 8 and Note 5, Galaxy S8, S7, and S6, LG G6, G5, and G4. The phone holder's unique spring-loaded side-arm mechanism provides a strong grip that's easy to use, yet makes it easy to insert or remove the smartphone. Just set your phone in the holder and close the arms to lock in place. A push of the holder's side button releases the phone. Each of the mount's steel plates weighs just under half a pound and measures 4" x 2.75" x 1/8". Holes are pre-drilled into the plates so installation is quick and easy.

FEATURES:

- Phone mount for forklift, pallet jack, or other warehouse vehicle
- Includes spring-loaded universal phone holder
- Easy installation with pre-drilled holes
- 2 year limited warranty
