

FLTAB106

Arkon Forklift Tablet Mount Retail Black

DESCRIPTION:

FLTAB106 is a tablet mount specifically designed for use on a forklift, pallet jack, or other warehouse vehicle. Consisting of two steel plates with black powdercoat finish and accompanying mounting hardware, FLTAB106 is made with heavy gauge steel construction to last in tough environments, such as construction sites, factories, and warehouses. This mount also includes an 8" heavy-duty multi-angle pedestal and a Slim-Grip Universal Tablet Holder, which fits tablets 7 to 18.4 inches in screen size. The holder features a spring-loaded design that makes it easy to insert or remove the tablet with one hand. Included with the holder are 10 support legs (4 short, 2 medium and 4 long versions). Choose the 4 legs that provide the best fit for your tablet. These insert at the top and bottom of the holder and can be easily adjusted in order to keep any buttons and ports unobstructed. Each of the mount's steel plates weighs just over 3 pounds and measures 10" x 7" x 1/8". Multiple size holes (4.9mm, 5.7mm, and 8.5mm) as well as hole patterns are pre-drilled into the plate, including 4-Hole AMPS, VESA 75, VESA 100, and Gamber-Johnson 2" x 4.09" for mounting multiple types of devices. Installation is quick and easy with no drilling required.

FEATURES:

- Tablet mount for forklift, pallet jack, or other warehouse vehicle
- Fits tablets 7 to 18.4 inches in screen size
- Includes universal tablet holder with customizable support legs
- Installation is easy with no drilling required
