

## FLTAB406

### Arkon Forklift Locking Tablet Mount Retail Black

#### DESCRIPTION:

FLTAB406 is a locking tablet mount specifically designed for use on a forklift, pallet jack, or other warehouse vehicle. Consisting of two steel plates with black powdercoat finish and accompanying mounting hardware, FLTAB406 is made with heavy gauge steel construction to last in tough environments, such as construction sites, factories, and warehouses. This mount also includes an 8" heavy-duty multi-angle pedestal and a Metal Universal Locking Tablet Holder, which features a key lock (keys included) that keeps the tablet securely in place. The tablet holder is made of aluminum and includes multiple horizontal and vertical adjustment points along both sides, making it compatible with tablets as small as the G Pad 7.0, or as large as the Nexus 10. Use a 7mm and 10mm socket wrench to adjust the tablet holder to your tablet's size specifications. Security hardware is also included. Each of the mount's steel plates weighs just over 3 pounds and measures 10" x 7" x 1/8". Multiple size holes (4.9mm, 5.7mm, and 8.5mm) as well as hole patterns are pre-drilled into the plate, including 4-Hole AMPS, VESA 75, VESA 100, and Gamber-Johnson 2" x 4.09" for mounting multiple types of devices. Installation is quick and easy with no drilling required.

#### FEATURES:

- Locking tablet mount for forklift, pallet jack, or other warehouse vehicle
- Includes locking universal tablet holder with keys and security hardware
- Features multiple pre-drilled holes, including 4-Hole AMPS, VESA 75, VESA 100
