

GPHD006

Arkon Heavy Duty Adjustable Wall Mount for GoPro HERO Action Cameras Retail Black

DESCRIPTION:

Arkon's GPHD006 Heavy-Duty Aluminum Wall Mount for GoPro is compatible with all models of the GoPro HERO action camera, including the HERO5, HERO Session, HERO4, HERO3+, HERO3, HERO2, and HERO. This mount is also compatible with the Garmin VIRB XE and the 360fly, a 360-degree panoramic camera. HPHD006 includes an 8" Multi-Angle Arm and 4-Hole AMPS Drill Base, which is designed for installations where mounting a GoPro to a wall or other surface (including car dashboards) is desired. The GoPro mount base uses a 4-Hole AMPS pattern to attach to the wall (screws are included) or other surface. (Formerly an industry standard, the 4-Hole AMPS pattern consists of four holes located in a rectangular pattern spaced at 1.188" by 1.813".) The GPHD006 includes a mounting bolt for attaching the GoPro HERO. This sturdy 8" mount features three adjustment knobs at 2.5" intervals on the mount arm for easy positioning. Two additional 180° adjustment points at the top and bottom of the mount provide additional flexibility in positioning the GoPro. This versatile wall mount can be used with your GoPro for live streaming on Periscope (GoPro HERO4 Black or Silver only) as well as for easily capturing photos or video.

FEATURES:
