

HD5VESA20

Arkon Heavy Duty VESA 75/VESA 100 Compatible Drill Base Mounting Pedestal with 10 inch Arm

DESCRIPTION:

The HD5VESA20 mounting pedestal is compatible with devices having a VESA 75 or VESA 100 mounting pattern (sold separately), such as televisions or monitors. This mount includes Arkon's Heavy-Duty Aluminum Drill-Base Mounting Pedestal with 10" Adjustable Arm featuring a VESA 75/VESA 100 Compatible Head. The 4-hole drill base mount is made of strong aluminum, and is ideal for environments where a more permanent solution is desirable, such as in a workshop, in retail, or on the dash or console of a truck or car. (Warning: Drilling into the vehicle's floor or console may damage the vehicle. Use caution and consult a mobile install professional to avoid drilling into any sensitive vehicle components.) Screws are included. Bend the 10" adjustable arm and rotate the swivel ball adapter head for 360° rotation for exact positioning of the device.

FEATURES:

- Compatible with devices and holders having a VESA 75 / VESA 100 mounting pattern
- 4 hole drill base recommended for permanent installations
- Adjustable arm and swivel ball provide flexibility in viewing device
- 2 year limited warranty
