

RM2X802T

Arkon Robust Double Windshield Suction Mount – Dual-T Compatible Retail Black

**DESCRIPTION:**

The RM2X802T double windshield suction mount is part of Arkon's Robust Mount Series. This mount includes a Dual-T compatible Robust Mount shaft with two 80mm windshield suction bases. This heavy-duty mount is ideal for truck or car windshields. The suction bases lock into place on the windshield with one-touch levers. The 80mm windshield suction bases work well in all climates. The Robust Mount shaft provides double adjustment points for positioning of the mount and your Dual-T-compatible device.

**FEATURES:**

- Arkon's Robust Mount shaft with double windshield suction bases
- Ideal for mounting Dual-T compatible devices to truck windshields
- Double windshield suction bases perform well in all climates
- 2 year limited warranty
