

RM40802T

Arkon Windshield Suction Phone Mount for iPhone X 8 7 6S Plus iPhone 8 7 6S Galaxy S7 S6 Note 8 5 Retail Black

DESCRIPTION:

The RM40802T windshield suction mount is part of Arkon's Robust Mount Series. It holds all smartphones up to 3.25" wide, including the iPhone X, iPhone 8 and 8 Plus, iPhone 7 and 7 Plus, iPhone 6S and 6S Plus, iPhone 6 and 6 Plus, Samsung Galaxy Note 8, Note 5, and Note 4, Galaxy S8, S7, and S6, LG G6, G5, and G4, Nexus 6, HTC One M9, One M8, and One Max, Nokia Lumia 1020, Motorola Moto G and Moto X. This mount includes a Heavy-Duty 80mm Suction Mounting Pedestal and Mega Grip Universal Smartphone Holder. The universal design of the holder accommodates any smartphone up to 3.25" wide with no height restrictions, making it compatible even when used with a large protective case or skin. Moreover, it doesn't block the phone's camera when secured in the holder. The holder's unique side-grip technology provides a strong grip that's easy to use. Just set your phone in the mount and close the arms to lock in place. A one-touch push of the holder's side button releases the phone. The tough, low-vibration mount pedestal measures approximately 6.5 inches high from the bottom of the suction base to the top of the pedestal (not including the holder) and is made of a combination of plastic and glass fiber. The 80mm TPU suction base works well in all climates. The arm of the pedestal swivels on both the top and the bottom, providing 360-degree rotation and the ultimate flexibility in positioning the smartphone at any angle.

FEATURES:
