

SM617

Arkon Windshield Dash Car Mount for iPad mini Galaxy Tab 4 3 Note Tab S Tab Pro 8.4 Retail Black

**DESCRIPTION:**

The SM617 robust windshield and dashboard car mount holds midsize (7" or 8" screen size) tablets, including iPad mini, Galaxy Tab S 8.4, Galaxy Note 8.0, Galaxy Tab 4 or 3 7.0 and 8.0, Galaxy Tab Pro 8.4, and Google Nexus 7. It also holds large smartphones up to 6.75" tall (8" screen size), including iPhone X, iPhone 8 and 8 Plus, iPhone 7 and 7 Plus, iPhone 6S and 6S Plus, iPhone 6 and 6 Plus, Samsung Galaxy S8, S7 edge, S7, S6 edge+, S6, and S5, Galaxy Note Edge, Note 8, Note 5, and Note 4, LG G6, G5, and G4, Nexus 6 and Nexus 5, HTC One M9, One M8, and One Max, Nokia Lumia 1520, 1020, Motorola Moto G and Moto X. This mount includes Arkon's Slim-Grip Ultra Universal Holder, a large-sized windshield suction car mount base with one-touch lever, and a 3M adhesive mounting disk (for optional dash mounting). The Slim-Grip Ultra's patented spring-loaded holder makes it easy to insert or remove the tablet or smartphone from the holder with one hand, yet still holds the device securely, even with protective cases. The top and bottom adjustable-leg design of the Slim-Grip Ultra helps keep any side buttons and ports unobstructed, making it ideal for use with the side accessible buttons on the Samsung Galaxy S7 edge or Galaxy Note Edge. Included with the holder are 8 support legs (4 short and 4 longer versions) that can be customized to fit your device. The recommended configuration for midsize tablets is to use the 4 long support legs for best performance. For smaller devices, use all four short legs. The arm of the suction mount adjusts vertically and provides 360° rotation, giving you the ultimate flexibility in viewing the tablet or smartphone from any angle. The windshield mounting pedestal features DEHP-free PVC suction, which performs well in hot climates. The 5" tall robust suction car mount with Slim-Grip Ultra holder can also be used as a dash mount. It's a 2-in-1 car mounting solution.
