Windshield Suction Car Mount with 8.5 inch Arm for iPhone 6 Plus 6 5S Galaxy Note 5 4 S7 S6 LG G5 G4 HTC One M9

DESCRIPTION:

Arkon's SM620 windshield suction car mount holds large smartphones up to 6.75" tall, including the iPhone 6 Plus, iPhone 6, 5, 5S, 5C, and 4S, Samsung Galaxy Note Edge, Note 5, Note 4, and Note 3, Galaxy S7 edge, S7, S6 edge+, S6, S5, and S4, LG G5, G4, and G3, Nexus 6 and Nexus 5, HTC One M9, One M8, and One Max, Nokia Lumia 1520 and 1020, and Motorola Moto G and Moto X. It also holds midsize (7" or 8" screen size) tablets, including the iPad mini, Galaxy Tab S 8.4, Galaxy Note 8.0, Galaxy Tab 3 7.0 and 8.0, Galaxy Tab Pro 8.4, Kindle Fire HD, and Google Nexus 7. This mount package includes Arkon's Slim-Grip Ultra spring-loaded universal holder, a windshield suction pedestal with 8.5" flexible gooseneck, and an adhesive disk for optional dashboard mounting. The smartphone or tablet is held securely in place with the patented spring-loaded holder, but can be inserted or removed from the mount with one hand. The top and bottom adjustable-leg design of the Slim-Grip Ultra helps keep any side buttons and ports unobstructed, making it ideal for use with the side accessible buttons on the Samsung Galaxy S7 edge or Galaxy Note Edge. Included with the holder are 8 support legs (4 short and 4 longer versions) that can be customized based on device size. The recommended configuration for most smartphones and midsize tablets is to have 2 short legs on the top of the holder and 2 of the longer legs on the bottom of the holder. For phones with height larger than 5.25", use the 4 long support legs for best performance. The PVC suction mount can be attached to the dashboard, windshield, or other flat or slightly textured surface with an easy-to-use one-touch lever. The windshield mount's swivel ball adapter head rotates 360° and works in conjunction with the 8.5" gooseneck to provide the ultimate flexibility in positioning the phone at any angle.
