Arkon Sticky Suction Windshield or Dash Tablet Mount for iPad Pro iPad Air Samsung Galaxy Tablets Retail Black

DESCRIPTION:

The TAB179 Sticky Suction Universal Windshield or Dash Tablet Mount fits all large tablets with 7"-18.4" screen size, including Apple iPad Pro, iPad Air 2 and iPad Air, iPad 4, 3, and 2, Samsung Galaxy View, Galaxy Note 10.1, Galaxy Note Pro 12.2, Galaxy Tab 4 10.1, Galaxy Tab Pro 10.1, Galaxy Tab Pro 12.2, Galaxy Tab S 10.5, Google Pixel C, Nexus 10, and Nexus 9, and LG G Pad 10.1. This mount includes Arkon's Slim-Grip Universal Tablet Holder, the Sticky Suction Mounting Pedestal with 3" Articulating Arm and one-touch lever, and an optional 3M adhesive mounting disk. The mount is ideal for car dashboards, windshields, and other flat or slightly textured surfaces. The sticky suction base uses a powerful combination of polyurethane gel and suction to provide a maximum surface bond. Use the included 3M adhesive mounting disk to prevent permanent indentation marks on soft vinyl, leather, or similar dashboard surfaces. While incredibly strong and durable, the sticky suction mount is also easily removable and reusable. If it has a drop in suction, just wash the pad with a mild liquid soap and warm water then air dry to restore the suction. The Slim-Grip tablet holder fits tablets 7 to 18.4 inches in screen size. The holder features a spring-loaded design that makes it easy to insert or remove the tablet by pushing down on the lower legs of the holder with one hand. Included with the holder are 10 support legs (4 short, 2 medium and 4 long versions). Choose the 4 legs that provide the best fit for your tablet. These insert at the top and bottom of the holder and can be adjusted in order to keep any side buttons and ports unobstructed. For most large tablets, the best mount holder configuration is to attach 2 short support legs on top and the 2 long support legs on the bottom of the holder. For smaller tablets, use all 4 short support legs on the holder. For larger tablets including iPad Pro, use all 4 long legs. For vertical viewing, adjust the 360-degree swivel.
