Tools Needed: 7mm and 10mm socket wrenches

IMPORTANT: Clamp may not fit all headrest types. Please consult your vehicle's user manual for compatibility.

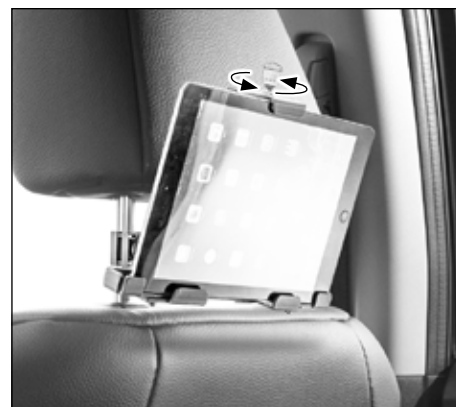

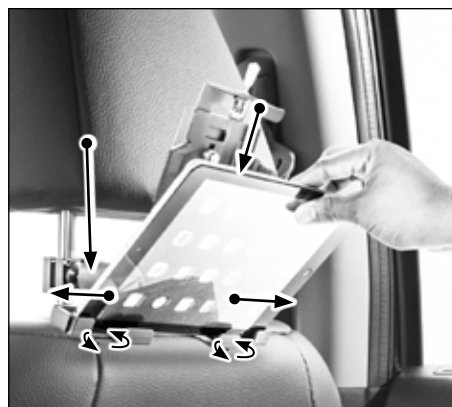

Mounting Base and Holder

- 1 Place clamp bracket on headrest post and use the included hex key to tighten the 4 hex screws to secure.
- 2 Loosen the adjustment knob on the mount shaft; attach AMPS adapter to one end and attach other end to mount's bracket ball. Retighten knob and set tablet holder to desired angle.
- 3 Attach tablet holder to adapter with included screws and bolts.

Inserting the Tablet

- 4 To size the tablet holder to your tablet, begin by unlocking the top of the tablet holder with the key and push up on the locking arm. Unscrew the three screws/washers at the back/center of the holder to adjust the tablet holder's height.
- 5 Unscrew the bolt at the bottom sides of the holder to adjust the tablet holder's width to the tablet. Retighten the screws/washers to secure. Insert tablet into holder. Close down on the locking arm on the top of the tablet.
- 6 Secure the tablet by locking the top of the holder with key (included).
