

## TABPB088

Arkon Tablet Seat Rail or Floor Car or Truck Tablet Mount for iPad Pro iPad Air iPad 2 Retail Black

### DESCRIPTION:

The TABPB088 seat rail or floor mount for cars or trucks can be used to mount all large tablets 9 to 12 inches in screen size, including Apple iPad Pro, iPad Air 2, iPad Air, iPad 4, 3, and 2, Samsung Galaxy Note 10.1, Galaxy Note Pro 12.2, Galaxy Tab Pro 10.1, and Galaxy Tab Pro 12.2, Google Nexus 10, and Sony Xperia Tablet Z. This mount package includes Arkon's Universal Tablet Push Button Holder and a seat rail floor mount with 18" flexible aluminum gooseneck. The car seat rail or floor mount is made of strong aluminum, and is ideal for those who need easy access to their tablets but prefer mounting them somewhere other than the windshield or dashboard. Use a socket wrench to install the mount to the car's seat rail. Loosen the passenger seat track bolt, insert the included seat track bolt bracket, and then retighten the bolt. Bend the 18" gooseneck and rotate the swivel ball adapter head for 360° rotation for exact positioning of the cell phone. Optional floor brackets are included for screwing the car dock directly into the floor of the vehicle. (Warning: Drilling into the vehicle's floor may damage the vehicle. Use caution and consult a mobile install professional to avoid drilling into any sensitive vehicle components.) Arkon's Universal Push-Button Tablet Holder features a simple one-touch release push-button on the side of the holder. The holder measures 6.5 inches high by 4.6 inches wide, and opens as wide as 9" to securely grip any large (9" to 12" screen size) tablet. Insert your tablet horizontally into the holder and push down on the grip arm to lock the tablet into the holder. Adjust the 360° swivel to view the tablet in the vertical position. To remove the tablet from the holder, simply press the button on the side of the holder to release the holder's grip arm. For a car seat rail or floor tablet mount featuring a 22" gooseneck, Arkon recommends Model TAB188L22.

### FEATURES:

- Recommended for fleets and service vehicles
- Holds tablets 9 to 12 inches in screen size including iPad
- One touch push button releases the holder's grip arm
- Gooseneck and swivel ball provide flexibility in positioning tablet
- 2 year limited warranty
