ATEQ

VT56 OBDII TPMS DIAGNOSTIC TOOL

TPMS Solutions

We turn this 🚗 OFF !

▶ **INTELLIGENT, INTUITIVE AND TOTALLY RE-INVENTED**

▶ **HIGH RESOLUTION 4.3" COLOR DISPLAY**

▶ **THE MOST ADVANCED TPMS TOOL ON THE MARKET**

The ATEQ VT56 has built on the features and user-friendliness of the ATEQ VT55 TPMS tool in a completely re-thought package.

Technicians who have grown to love the ATEQ TPMS experience will continue to enjoy the easy tool navigation and trouble free updates they expect with the VT56.

VT56, MORE THAN JUST A TPMS TOOL!

OBDII LOCATION

Do you know the location of every car's OBDII connector? The VT56 does and displays the exact location for you.

SENSORS ON ONE SCREEN

The VT56 displays al the sensor information on a single screen. Transfer to OBDII or PRINT the sensor details right away.

INTEGRATED HELP

All the information you need at your fingertips: help, tool training, vehicle reset procedures and aftermarket sensor part numbers.

HIGHLIGHTS

FOR THE VT56

- The best TPMS tool with color screen and icon based navigation
