Software Update and Delete

1

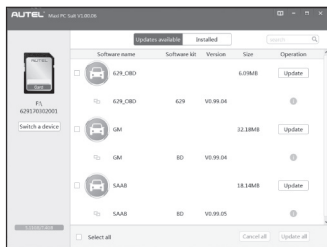

- Connect the device with the computer using the included USB cable.
- Run the Maxi PC Suite. Wait for the Log In window to pop up.

2

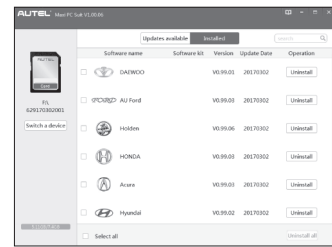

- Enter your Autel ID and password and wait for the Update window to display. If you forget your password, click **[Forgot Password?]** to link to our website and find your password back. Or you may click **Sign up** to create a new Autel ID to continue.
- Select the product type and serial number, click **OK** to continue.

3

- In the Update window, select the items you want to install. Usually, all available updates should be installed.

4

- Click on the **Installed** tag and the page will show the list of programs installed.
- Select the items you want to delete.

Data Printing

- Connect the device to the computer with the USB cable supplied.
- Run Autel Printer on the computer which is installed after the installation of Maxi PC Suite.
- Select Playback function in the Main Screen of the tool. In the data menu screen, use the UP/DOWN scroll button to select the data you want to print. Wait for the reviewing window to display, and then select Print function.
- The selected data will display on the textbox of the Autel Printer. By selecting the function keys on the right, you could execute the following operations:
 - Print – print all data in the textbox. (A printer should be connected to the computer.)
 - Edit – once clicked, the software will automatically open a NOTEPAD window with all recorded data showing on.
 - Copy – copy all data in the textbox to the clipboard.
 - Clear – delete all data in the textbox.
 - Exit – quit the operation.
