Car Wash Supplies

Clean Towel

Phillips Screwdriver

Preparation Before Painting / Installation

- A trial fit is recommended to ensure proper positioning and fit.
- Check fit of parts before painting as we will not accept the return of modified or painted parts.
- Wash and dry your vehicle to remove any debris and/or dirt from the installation area.

Installation Steps **NOTE:** Actual application may vary slightly from illustrations.

Raise hood.

1

Locate 4 holes on underside of hood that align with the holes in hood shield and clean to remove any dust or debris.

2

Installation Steps

NOTE: Actual application may vary slightly from drawings.

Align holes in hood shield with holes in underside of hood and position in place.

3

Install fasteners by either pushing or screwing.

4

Do not overtighten

Close hood.

5

Install (4) bumpers on painted hood/fender surface.

6

Care and Cleaning

- Wash only with mild soap & dry with a clean cloth.
