Screws x4
(98023)

Tools Required

Car Wash Supplies

Clean Towel

Phillips Screwdriver

Tape

Preparation Before Painting / Installation

- A trial fit is recommended to ensure proper positioning and fit.
- Check fit of parts before painting as we will not accept the return of modified or painted parts.
- Wash and dry your vehicle to remove any debris and/or dirt from the installation area.

Installation Steps

NOTE: Actual application may vary slightly from illustrations.

Open hood.

1

Locate (4) square holes and (2) round holes on underside of hood.

2

Installation Steps

NOTE: Actual application may vary slightly from illustrations.

Note the location of the (4) square holes.

3

4

Press (4) hood inserts into the (4) square holes. If necessary use tape to hold them firmly in place.

Align pre-drilled holes in hood shield with holes in hood. Place hood shield on hood, ensuring protective film is between the hood shield flange and hood edge.

5

6

Using a phillips screwdriver install (4) screws with (4) washers at the locations noted in Step 3.

DO NOT OVER TIGHTEN

Note the location of the (2) remaining holes.

7

8

Insert (1) fastener and push firmly through hole in hood shield and into hood to secure. Repeat for remaining hole location.

DO NOT OVER TIGHTEN

Close hood, and install bump ons at pre-cleaned locations on the painted hood surface.

9

Care and Cleaning

- Wash only with mild soap & dry with a clean cloth.

Congratulations!

You have purchased one of the many quality Auto Ventshade™ branded products offered by Lund International, Inc. We take the utmost pride in our products and want you to enjoy years of satisfaction from your investment. We have made every effort to ensure that your product is top quality in terms of fit, durability, finish and ease of installation.

When it comes to quality stone and bug deflectors, AVS is the brand you can depend on.
