Installation Steps

NOTE: Actual application may vary slightly from illustrations.

Peel back 2" of tape liner and fold away from the bumper protector to create free ends.
If applicable, completely remove and discard the tape liner on the ends.

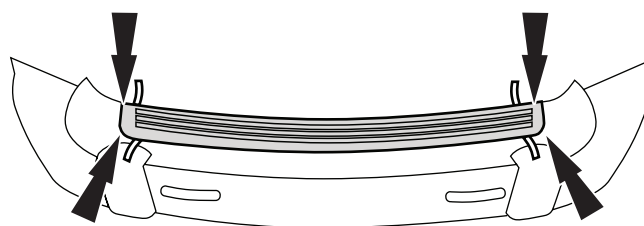

3

Carefully align and center the bumper protector over the mounting location and set in place.

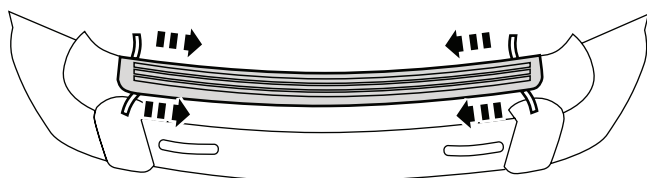

4

Check the location of the part and adjust if necessary.
Apply pressure to areas of exposed tape.

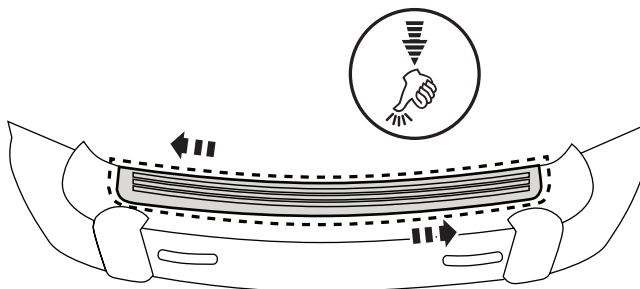

5

With the bumper protector in its final position, pull on the free ends to remove the remaining tape liner.

6

Press **FIRMLY** on areas of exposed tape to ensure proper adhesion.

7

Care and Cleaning
