- Fits Mercedes 2011-2016

AX-AM-MB92

- Fits Mercedes 2014-2015

AX-AM-VW91

- Fits Volkswagen 2014-2017

AX-AM-FD91

- Fits Ford 2015-2018

PRODUCT OVERVIEW

Axxess has added a new product line that allows for the addition of front and rear cameras to be added to the factory screen through LVDS. The interface also allows for the addition of an HDMI® input for smart device mirroring.

- Front and rear camera inputs to the OEM screen via LVDS, triggered via CANBUS
- Optional HDMI® input for smart device mirroring (mirror capabilities dependent on smart device limitations)
- Multiple mounting options for HDMI® housing
