AX-FDUSBAUX REPLACEMENT KNOCKOUT FOR USB HUB

FITS FORD VEHICLES

FEATURES

- Replaces entire factory USB hub
- 3' in length

HUB COMPONENTS

- 2 USB slots
- 13.5mm auxiliary jack
- 1 HDMI® port

PRODUCT OVERVIEW

The Replacement Knockout for Ford Vehicles is the perfect solution for when the factory USB Hub (AUX & USB) cannot be retained when replacing the factory radio in Ford vehicles. This solution replaces the entire hub with a new spacer/knockout that includes 2 USBs, a 3.5mm auxiliary jack, and an HDMI® port. Comes in 3' length.
