

TONGUE JACKS

BAL's tongue jacks are used for lifting and lowering the tongue of a trailer when connecting or disconnecting it from the tow vehicle. It can also be used for leveling the trailer while camping. Made in America with quality components, you can be assured that your BAL jack will offer you years of dependability.

ADD-ONS:

FOOT PADS

Keep your jack leg from sinking into soft ground & increase stability. All three models fit 2,000 lb size jack with 2 in I.D. leg using retaining pin. Foot pad measures 8 x 4 inches. Made in the USA.

29055B Tall Foot Pad
(adds 7" height)

29056B Short Foot Pad
(only 1/2" extra height)

29054

Extended Height
Foot Pad
(adds 15" height)

CASTER WHEELS

Maneuver your trailer easier with our heavy duty 6 in swivel caster. Rated up to 1,000 lbs & secures to jack leg with retaining pin. Made in the USA.

29036B

Fits 1,000 lb (1-5/8" O.D.)

29041B

Fits 2,000 lb (2" O.D.)

TONGUE TWISTER

Help eliminate the frustration of aligning your trailer's coupler to your truck's hitch ball. Position your tongue jack leg on the Tongue Twister & ratchet it into position by turning the drive screw. Offers up to inches of movement.
