Power Steering Products - Benefits & Features
Steering Pumps

1

Feature:
All critical components are inspected and gauged.

Benefit:
Detects worn components needing to be replaced to prevent leaks and ensure proper performance.

2

Feature:
Cleaned and inspected at multiple stages in the manufacturing process.

Benefit:
Eliminates corrosion and rust prior to component assembly ensuring long service life.

3

Feature:
Seals and O-rings are replaced with new, OE-equivalent parts.

Benefit:
Extended life and reliability of the pump.

4

Feature:
Sealing surfaces are polished, restored and checked for smoothness.

Benefit:
Maximum sealing to eliminate leaks and ensure long service life of the pump.

5

Feature:
Assembled units 100% functionally tested for leaks and performance prior to packaging.

Benefit:
Guarantees unit performance that meets OE specifications.
