

2.0 PERFORMANCE SERIES SHOCK

DIRECT REPLACEMENT HIGH-PERFORMANCE 2" SHOCK ENGINEERED SPECIFICALLY FOR YOUR BDS SUSPENSION SYSTEM

APPLICATION SPECIFIC VALVING

- Fox and BDS joined forces to custom valve each application to work perfectly with each BDS Suspension system. The basic shock design is based on Fox Racing Shox race products, but re-designed to turn your BDS equipped truck or Jeep into an offroad machine.

HEAT-REDUCING DESIGN

- Cold-forged, metalimpacted 6061 T6 aluminum shock body dissipates heat three times faster than a conventional steel body shock. The 2.0 Performance Series shock runs as cool as a 2.5 diameter shock on the same application.
- FOX Racing Shox formulated race shock oil developed for ultimate performance at variable temperatures.

TOUGH FINISH

- CNC machined aluminum components are Type II hard anodized to a scratch- and fade-free black finish.
- Heavy-duty 5/8" chrome shafts are induction case hardened to over 55 Rockwell C, virtually eliminating scratches caused by roost and debris.

FADE-FREE PERFORMANCE

- The Internal Floating Piston (IFP) design separates shock oil from the high pressure nitrogen charged gas chamber, eliminating oil aeration and cavitation, while providing a predictable ride — capable of handling the roughest conditions with fade-free performance.
