

TRACKMAT

ALL-PURPOSE UTILITY MAT

TrackMat is a new debut from the BedRug product line, and is the perfect addition to your garage, pit or trailer.

This knee-saving 2' X 4' foldable mat is a plush yet ultra-tough 3/4" thick foam pad fused with 100% polypropylene (essentially plastic) fibers. Stain, oil and chemical resistant, the TrackMat can withstand whatever you throw at it while effortlessly providing convenience and comfort. It's made of a similar material to that used in lifejackets, so it won't retain water and can't mold or mildew.

Use it as a pad to kneel on or as a lightweight and portable creeper to keep you comfortable and clean while you work. Fold it down to its portable 2' X 2' size, throw it in along with your gear and your track experience has never been better.

ULTRA
TOUGH
