BUILD YOUR DREAM.

A torn leather seat, chipped paint and a touch of rust never looked so good. Beneath a layer of dust is a beauty that just needs a little (perhaps a lot of) tender care to bring back to life. Maybe you have been searching for her for a while or maybe you stumbled upon the find, but BikeMaster knows that feeling of love at first sight and the tender care and attention that you will put into getting her back on the road.

From the triumph of the engine turning over to all the cussing that likely went on to get there, we'll be along for the ride. Our tools and parts are made for this adventure and we've lived it as well, so let us help you build your dream. Whether it's rebuilt practically from the ground up, basic maintenance or adding a little personal customization, we have what you need.

BikeMaster[®]

1973 Kawasaki H1 500 D

About the bike:

When the H1 first came out in 1969, it was a true giant killer-500cc, three cylinder and a two stroke. This bike is only just beginning restoration, but the owner has already put in a lot of time on the project. "I learned my neighbor had this simply sitting in his garage collecting dust. I wanted this bike in my collection in a very bad way. However, I knew it would not be easy to obtain. The owner did not feel comfortable letting her go. It was only the reassurance that the H1 was going to a great home that allowed the transaction to finally come to fruition. It took a year and a half before she was in my shop. This will always be her home now. As long as I'm around that is."

2005 Kawasaki® ZX-10R

About the bike:
The ZX-RR, with its massive aluminum frame, signaled Kawasaki's return to MotoGP® racing. When spy photos of their 2004 ZX-10R surfaced with a similar frame, the owner of this bike knew he had to have it. This bike set a new standard for power-to-weight ratio that others still have a difficult time achieving. The 2004-05 ZX-10R is still one of the lightest liter class production bikes ever produced.

POWER-TOOL BATTERY

LITHIUM ION

Lithium-Ion Batteries

The most advanced high-power Lithium-Iron Phosphate battery technology available for your bike.

BikeMaster® Lithium Iron Phosphate batteries will provide you with ultra-high cranking amps and twice the service life of a conventional battery. At 1/3 the weight of a lead acid battery, these batteries contain no corrosive liquids and no heavy metals, making them environmentally friendly. All BikeMaster® Lithium Ion Phosphate batteries come with a two-year warranty.

- Cylindrical cell with energy storage welding technology for higher output
- Built-in charge and equalizing protection board, preventing battery from over charging
- Remarkably low self-discharge for extended storage periods
- Superior vibration-resistant construction allows multidirectional installation without damage
- Suitable for low-temperature environments
- Temperature range -10°C ~ 55°C (14°F ~ 131°F)

ALL OTHER BATTERIES ARE

TruGel Battery

Even if the case cracks, the TruGel battery won't leak like a wet battery.

The TruGel Battery by BikeMaster® is a gel electrolyte powersports battery with a life span twice that of a wet battery. Able to resist vibration and impacts that damage regular wet batteries, it can be installed on your bike at any angle. The TruGel Battery comes with a two-year manufacturer's warranty.

- Longer storage life on the shelf and in the bike
- Works better at lower and higher temperatures than a wet battery
- Will not sulfate like a wet battery
- Requires charging during prolonged storage periods

AGM Platinum II Battery

If you're looking for a maintenance free and non-spillable battery for your bike, the AGM Platinum II battery by BikeMaster® is for you.

Manufactured from absorbed glass mat that captures electrolytes, these batteries have a longer storage life and higher performance than standard wet batteries. They are permanently sealed so that you do not need to check levels or add water. The AGM Platinum II battery by BikeMaster® comes with a one-year warranty.

- Greater cold cranking amps
- Longer service life
- Resists sulfating
- Requires charging during prolonged storage periods

Factory Activated High-Performance Maintenance Free Battery

The simplest battery for the dealer that never needs refilling.

The BikeMaster® Factory Activated High-Performance Maintenance Free Battery comes filled, sealed and charged right from the factory. It is ready to install as soon as you take it out of the box. This battery comes with a one-year manufacturer's warranty.

- Requires charging during prolonged storage periods

High-Performance Maintenance Free Battery

High level of cranking amps for today's big bikes.

The BikeMaster® High-Performance Maintenance Free Battery offers you up to 30% more cranking amps than a conventional battery thanks to additional plates located inside the battery. The battery will never need refilling, but will require charging during prolonged storage after the battery has been activated. The battery comes with a one-year manufacturer's warranty.

- Must fill the battery from included acid tubes to create a sealed, spillproof battery

Maintenance Free Battery

A maintenance free battery means more time on your bike and less time in the garage.

The BikeMaster® Maintenance Free Battery never needs to be refilled but may need to be charged on a periodic basis, especially if it will be stored for a prolonged period after activation. The battery will be filled by the dealer who will create a sealed, spillproof battery for you upon activation. The battery comes with a one-year manufacturer's warranty.

- Must fill the battery from included acid tubes to create a sealed, spillproof battery

Conventional Battery

6- and 12-volts of power for all of your newer applications.

The BikeMaster® Conventional Battery is designed with all of the new applications you'll be using with your bike in mind. The battery comes with an acid pack and a one-year manufacturer's warranty.

- Must add acid and charge before installation
- May need periodic refilling and charging

¹Some modification to battery tray may be necessary

²With sensor

³Factory activated

⁴Umicon CX

⁵May be used as an upgrade, but some modification to the hold down may be necessary

⁶KTM offers a larger battery box for a higher capacity battery

⁷4-Stroke

⁸Additional product options for this model

Lithium-Ion Batteries For Watercraft

The most advanced high-power Lithium Ion Phosphate battery technology for all your watercrafts.

With ultra-high cranking amps from a super-lightweight battery, this Lithium-Ion Phosphate battery is only 1/3 the weight of a lead acid battery. It has cylindrical cells with energy storage welding technology for higher output and well as a built-in charge and equalizing protection board, preventing battery from overcharging. It has remarkably low self-discharge for extended storage periods and is suitable for low-temperature environments. It comes with a two-year warranty.

- More than twice the service life of conventional lead acid batteries
- Superior vibration-resistant construction allows multidirectional installation without damage
- No corrosive liquids, no toxic heavy metals make the BikeMaster Lithium-Ion batteries environmentally friendly
- Temperature range: 10°C~55°C (14°F~131°F)

Lithium-Ion Battery Charger/Maintainer

The perfect companion to keep your BikeMaster® Lithium-Ion batteries fully charged and ready to ride.

Manufactured with over 11 feet of reach, the BikeMaster Lithium-Ion Battery Charger/Maintainer is fully automatic with built-in circuit protection to keep from overcharging, short circuiting or reversing polarity. It features easy-to-read LED lights that indicate when power is on, in charge in process, reverse polarity and fully charged. The charger/maintainer comes with a five-year warranty.

- Input: AC 120-Volts, 60Hz Output: DC 12-Volts, 2-Amps
- SAE quick disconnect with large alligator style clips and ring terminals for charger hook up
- High-quality, shock-resistant ABS construction

Description	P/N
Battery Charger	150906
Quick Connect Rings	150912
Alligator Clips	150913

COME WITH ALLIGATOR CLIPS
AND QUICK-CONNECT RINGS.
YOU CAN ALSO ORDER THESE
AS REPLACEMENTS.

NEW!

Jump Starter and Charger Kit

Jump start your motorcycle, ATV, UTV, even your car or truck.

The perfect addition to any traveler or emergency kit. You get jump starting, digital products charging and emergency lighting all-in-one. It also features a built-in LED flash light that comes with solid and strobe mode.

- Starting current of 250-Amps and peak current of 500-Amps
- 12000mAh capacity lithium battery

781345

- All this power in a compact size 6-1/2" x 2-7/8" x 1-1/4"
- Includes: 110-Volt wall charger, 12-Volt DC charger adaptor and jump start clamps
- Dual USB ports (5-Volt, 2.1-Amp output) with 4-into-1 USB cord adaptor for USB port charging of smart phones, etc.
- LED battery capacity indicator
- Heavy-duty carry case keeps all accessories organized in one convenient place

Intelligent Battery Charger/Maintainer

This 1-Amp charger has it all with 6- and 12-Volt capabilities, 2- or 4-Amp charge rates.

- The BikeMaster® Intelligent Charger/Maintainer is ideal for charging/maintaining 6- and 12-Volt lead acid batteries, including conventional acid batteries (Wet), factory activated maintenance-free batteries (FA), absorbed glass mat maintenance-free batteries (AGM) and gel batteries (Gel Electrolyte). This fully automatic battery charger detects 6- or 12-Volt, reverse polarity, overcharge and short circuit protection in addition to testing if the battery is good or bad. It has easy-to-read LED lights that indicate power on, 6- or 12-Volt selection, 2-Amp or 4-Amp charge rates and the status of the battery charge. This charger/maintainer comes with a five-year warranty.
- Color-coded alligator clip leads and color-coded quick disconnect battery terminals
 - 6-Volt mode has a bulk charge rate of 2-Amps; 12-Volt mode has a charge rate of 2-Amps and 4-Amps selections
 - A float charge of 1.5-Amps is used for absorption: a constant high-current for extended periods of time can damage a battery; to rectify this issue, constant 1.5-Amps low charging current is given until the battery is fully charged (13.6-Volts)
 - The charger monitors the battery voltage: if a 12-Volt battery voltage falls below 12.8-Volts (6-Volt battery falls below 6.2-Volts) the charger automatically restarts the charging cycle; the maintenance charging cycle is repeated indefinitely, thus, allowing the charger to stay connected worry free
 - Recovery mode is used to revive batteries that are not completely dead but have fallen below 8-Volts; the recovery mode charges at a constant 1.5-Amps; the recovery process automatically switches to the regular charging mode when the voltage reaches

10.5-Volts; the charger will then automatically switch from charge mode to maintenance mode when the battery is fully charged

- Sleek, durable composite housing for long service life
- Power on indicator (red LED light)
- Battery voltage indicator: 6- or 12-Volt automatic selection; solid red LED light will indicate battery voltage, if the battery is bad the light will flash
- Reverse polarity indicator (red LED light will warn if the battery connections are reversed)
- Charge current indicator (use the MODE button to select between 2-Amps or 4-Amps)
- Charge indicator (red LED light indicates the battery is charging – green LED light indicates fully charged battery)

750MA Battery Charger/Maintainer

Keep all of your 12-Volt lead acid batteries charged and running with this 750mA Battery Charger/Maintainer.

The BikeMaster Charger/Maintainer 750mA is perfect for keeping all of your 12-Volt lead acid batteries in top condition, including conventional acid batteries (wet), factory activated maintenance-free batteries (FA), absorbed glass mat maintenance-free batteries (AGM) and gel batteries (gel electrolyte). The charger is fully automatic with reverse polarity, overcharge and short circuit protection. It will bulk charge at a constant 750mA rated current output until the battery is fully charged (13.6-Volts \pm 0.2-Volts) and then the charger automatically switches to maintenance mode. When in maintenance mode, the battery is constantly monitored. If the battery voltage falls below 12.8-Volts \pm 0.2-Volts, the bulk charge mode will restart to charge the battery at a constant 750mA until fully charged, then the charger automatically switches back to maintenance mode, which repeats indefinitely allowing the charger to stay connected worry free. The charger/maintainer comes with a five-year warranty.

- Red LED light indicates when charging; green indicates when fully charged
- Sleek, durable composite housing for long service life
- Includes color-coded alligator clip leads and color-coded fuse-protected quick disconnect battery terminal leads for your safety

Auto Sensing Charger/Maintainer

This little 1-Amp charger packs a punch with 6- and 12-Volt capabilities.

The BikeMaster® Auto Sensing Charger/Maintainer is a 1-Amp charger with 6- and 12-Volt capabilities. Utilizing a three-stage charging process and built-in microprocessor to maximize a safe charge input, you can safely and fully charge all of your lead acid batteries, including AGM and Gel without the worry of overcharging. This charger/maintainer has been approved by the California Energy Commission and comes with a five-year warranty.

- Charge pulse and recovery modes help to revive sulfated batteries without battery damage
- Initial test qualifies battery's condition
- Reverse polarity and short circuit protection
- High-impact housing is corrosion- and shock-resistant
- Three LED user interface for easy process identification

Multi-Tester

Bike won't start... is it the battery? Or the starter? Or the charging system? Find out with this easy-to-use Multi-Tester.

With the BikeMaster® Multi-Tester, you can test the battery voltage, starter and charging system quickly and easily all with one tool. As soon as you hook it up to your bike, you will know what the voltage and charge percentage of your battery. When you fire up the engine, you will get a read out of the cranking capacity of the battery as well as the charging system voltage.

152141

Battery Tester

The BikeMaster® Battery Tester is designed with your motorcycle battery in mind.

Test your battery voltage and load. Unlike most battery load testers, this battery tester has the correct load for motorcycle batteries with two load settings, one for up to 6-Amps; and another for above 6-Amps. Visual LED timing lights indicate the perfect five second load test.

Provides immediate results with LED indicators for good charge, needs charge and no charge.

151962

Polarity Tester

Never wonder what your battery's polarity is with this Polarity Tester in your toolbox.

The Polarity Tester probes using fine needle tips for decisive testing results. It is perfect for testing close or fine connectors that clip-style testers cannot be used on. It comes with 10 in. lead wires with quick disconnect as 1-1/2 in. long needle probes. It features a green LED indicator for polarity and a red LED indicator for reverse polarity.

152284

NEW!

SAE Wire With Fuse

These simple harnesses stay on your bike via connection to your battery at one end to allow for quick connection to a battery maintainer or any other accessory that connects with a SAE connector.

- 15-Amp fused connectors
- 18AWG wire/14 in. long

152492

Multi-Meter

Track down that electrical problem with this Multi-Meter.

This Multi-Meter has all the relevant tests and scales you need to properly diagnose problems with your motorcycle's or ATV's electrical system. It measures volts in both DC and AC, Amps, Ohms and continuity. It is accurate, fused, protected and all wrapped in an impact-resistant case.

151961

Kill Switch

Ensure that your engine is switched off if you and your machine part company.

This safety feature could save your motor or keep you from injuring someone else. It works with any type of ignition circuit and is available in both normally closed and normally open modes. It features high-quality, heavy-duty and durable construction. Mandatory for many racing bodies and just a plain good idea for everyone else.

Description	P/N
Normally Open	266181
Normally Closed	266182

O.E.M. Replacement Kill Button

With the exact stock appearance and mounting options as your bike's original kill button, the O.E.M. Replacement Kill Button plugs right into your wiring harness. There is no need for splicing, unlike other replacement kill switches.

Kill/Horn Button

The BikeMaster® Kill/Horn Button gives you options.

This button fits Fits 7/8 in. handlebars.

- Sold individually

201080

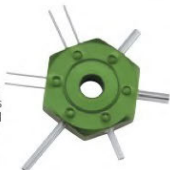

Terminal Tool

Every toolbox should have one.

Compact design for convenient storage, the Terminal Tool allows easy wire removal from terminal blocks and connectors. It helps prevent damage to wires and terminal blocks during use and can fit most common sizes of terminal blocks.

152283

ELECTRICAL CONNECTORS

MADE FOR YEARS OF USE,
AND SPECIFICALLY WITH
MOTORCYCLES IN MIND,
THE HIGH QUALITY,
HARD-TO-FIND
ACCESSORIES YOU NEED.

12-Volt/10-Amp Power Adaptor Center

Run your GPS, MP3, iPhone, CB and more with the BikeMaster® 12-Volt/10-Amp Power Adaptor Center.

Get ready to ride with all your favorite electronics. This adaptor center features three US cigarette lighter outlets and one USB port. The adaptor center comes with a quick disconnect pigtail, which also fits all the standard US battery charger hard wire kits. The adaptor comes with a hard wire charger kit in addition to a US cigarette lighter plug-in. It features an LED light indicator that lets you know you are getting power.

151669

SAE Plug to Cigarette Plug Lead

Power your devices with the BikeMaster® SAE Plug to Cigarette Plug Lead.

The quick and easy-to-use SAE connector will allow you to power your devices easily when you go for that ride. The power port plug can be used with the BikeMaster® Cigarette Power Sockets. It features an extra long 65 in. long cord with polarized SAE plug and is rated at 7.5-Amps.

150926

SAE Plug to Cigarette Socket Lead

Another quick and easy way to power devices while you ride.

Featuring a 17 in. cord length with polarized SAE plug, this power port socket has a rubber moisture/dust cover and a rating of 7.5-Amp.

150927

12-Volt Power Adaptor with Mount

**No power source for your 12-volt devices?
Problem solved.**

The BikeMaster® 12-Volt Power Adaptor with Mount gives you access to 12-Volt accessories where no power source currently exists. The waterproof adaptor is fused to protect the internal wiring but comes with plenty of cable, fitted ring connectors and a mount.

266184

12-Volt/15-Amp Standard Cigarette Lighter Socket for Power Supply

A hard-to-find item, this power supply is perfect for vehicles that don't come with factory power outlets and is especially configured for motorcycles.

The BikeMaster® 15-Amp Standard Cigarette Lighter Socket for Power Supply can be mounted either through a hole drilled into the body of your bike or with a bracket (not included). The power supply does come with a ground wire, so it does not need to be mounted to anything if you don't want to mar the body of your ride. Water-resistant, the power-in cables have rubber grommets while the power-out has a tight fitting rubber cap.

151668

Jumper Cables

Because you never know when you may need to jump your ride.

Jumper Cables by BikeMaster® are designed for your bike. They feature smaller alligator clips for motorcycle terminals and come packaged in a storage pouch for easy care. The cables measure 8 feet in length.

150914

12-Volt/10-Amp Twin Accessories 4-socket Adaptor

Need USB and cigarette socket power?

The 12-Volt/10-Amp Twin Accessories 4-socket Adaptor allows you to power two accessories with US cigarette lighter male ends and USB powered devices. This adaptor is fused and features an on/off switch, ensuring that your devices are not draining your bike's battery when they aren't in use.

151667

12-Volt/15-Amp Male Plug Cigarette Adaptor

Use your US cigarette lighter on your European bike to power your devices.

The BikeMaster® 12-Volt/15-Amp Male Plug Cigarette Adaptor features a male DIN plug, popular on European motorcycles, to a US female cigarette lighter outlet, allowing you to use your US cigarette male plugs on any European bike you may ride.

151666

Dual USB Port/Plug Charger

Keep your smartphone, GPS and/or MP3 charged while enjoying your ride.

Water- and weather-resistant, the BikeMaster® Dual USB Port/Plug Charger offers you 5-Volt/2-Amp dual USB ports that have an in-line fuse for protection. It comes with 38 in. of wire and 12 in. long battery quick connect rings. The mounting bracket that is included fits 7/8 in. and 1 in. bars.

152232

USB Charger Kit

Capable of charging just about any cellphone, tablet, GPS or camera.

The BikeMaster® USB Charger Kit can be mounted to almost any surface with tape, zip ties or screw (mounting hardware not included). The charger kit includes SAE quick connectors to connect to existing battery charger lead with an input of 12 to 24-Volt DC, output of 5-Volt, 2.1-Amp (3-Amp max). The charger also has a quick disconnect to plug in whenever you need it.

- 7.5-Amp fused protection
- Weatherproof cover to protect internal circuit

150904

Digital Hour Meter

A must-have instrument to keep track of your engine's operating hours.

The BikeMaster® Digital Hour Meter has two resettable modes and a one-hour mode to keep track of multiple service durations on your ride. It is compact, making it easy to mount, and comes with an LCD screen with a backlight feature for use in low light.

- Measures 2-2/3" L x 1-3/8" W x 3/4" H

Digital Torque Wrench

Know exactly how much torque you are applying.

This torque wrench features an easy-to-read digital display with auto shut-off and a built-in memory log that tracks the last 50 torque values you achieved. With extremely accurate torque, the BikeMaster® Digital Torque Wrench has Peak and Track modes that give you the option to log highest torque achieved. It has an alarm and flashing red light when set torque value is reached. It comes with a heavy-duty protective carrying case.

- 1/4 in. and 3/8 in. wrenches are 9 in. length and measures in four units: in. lbs., ft. lbs., Nm and kg/m
- 1/2 in. and 19 in. wrench length and measures in four units: in. lbs., ft. lbs., Nm and kg/m
- Available in 1/4 in. drive with 2.2-22.1 ft. lbs. range, 3/8 in. drive with 19.9-99.6 ft. lbs. range and 1/2 in. drive with 29.5-147.5 ft. lbs. range

Great for the installation of swingarm bearings without damaging the bearing races.

Made from industrial-quality steel for long service life, the Swingarm Bearing Installation Tool from BikeMaster® provides you with three necessary drivers to fit the main swingarm needle bearings easily by simply pushing it in. It features a manufacturer's lifetime warranty.

- Driver sizes: 20mm/26mm, 21mm/26mm and 22mm/26.8mm

152204

LIFETIME WARRANTY

Standard Banding Tool
The economical version of our heavy-duty banding tool.

Make CV boot bands easy-to-install with our standard banding tool. The integrated band cutter allows trimming of the clamp in one action and the non-slip grip provides precise control for proper banding. It works on most ATV and UTV boot kits and comes with a manufacturer's lifetime warranty.

152191

LIFETIME WARRANTY

Heavy-Duty Banding Tool
Comfort grip makes the BikeMaster® Heavy-Duty Banding Tool even easier to use than other brands.

With professional-quality construction for dependability, this banding tool easily provides the clamping force needed for securing ATV and UTV CV boots as well as applying the correct tension. Integrated band cutter allows trimming of the clamp in one action. It comes with a manufacturer's lifetime warranty.

152192

LIFETIME WARRANTY

Seal Puller

Remove oil and grease seals without damaging the housing or bearing.

Our tool has two sizes of hooked tips to allow removal of hard-to-get-at seals. It has a long, ergonomic handle that provides the leverage you need to remove stubborn oil seals. It comes with a manufacturer's lifetime warranty.

152213

LIFETIME WARRANTY

O-Ring and Oil Seal Puller

This specially designed tool allows you to quickly and easily remove seals. Made from quality steel, it comes with a manufacturer's lifetime warranty.

151863

NEW!

Seal Puller Kit

- Designed to remove oil seals without damaging the seal housing
- Puller base applies even pressure to pull the seal evenly
- Kit comes with two sets of pulling arms: 2-3/4 in. and 4-1/2 in.
- Convenient protective storage case included

152506

LIFETIME WARRANTY

ATV Axle Wrench Sets

Easy removal and installation of ATV axle retaining nuts.

Made from heat-treated steel and zinc coated to resist corrosion, this tool has a compact design for easy storage and comes with a manufacturer's lifetime warranty.

- Includes a 1/2 in. drive slot for use with a torque wrench or breaker bar

Description	P/N
41mm/46mm	152210
50mm	152211

EASILY CHANGE
ATV AXLE
RETAINING NUTS

LIFETIME WARRANTY

Bearing Removal Kit

This Bearing Removal Kit will help you remove troublesome bearings.

Remove a bearing while avoiding damage to your ride or loading the bearing too much on one side. This kit features a manufacturer's lifetime warranty.

- Includes: collets in the most popular sizes 8, 10, 12, 15, 17, 20, 25, 30mm

• Complete with a slide hammer and comes in a durable plastic storage and carrying case

Note: A bearing must be removed at 90° to its fitted surface and removed evenly all the way around.

151645

NEW!

Bearing Race and Seal Driver Set

Ideal for installing seals and bearing races.

- Applies even driving force to seal's edge to prevent damage to sealing surface
- A must-have tool to install seals and bearing races squarely
- Made from aircraft-quality aluminum
- Convenient durable carrying case keeps tools organized
- Includes 16-piece set of 10, 12, 14, 15, 16, 18, 19, 20, 22, 25, 26, 28 and 30mm with 3 sizes of drivers

152484

LIFETIME WARRANTY

Bearing/Bushing Tool

Our 22-piece bearing/bushing tool assortment will help you replace the most stubborn bearings and bushings.

The tools in this kit feature a corrosion-resistant black-oxide finish and heavy-duty steel construction. With a convenient blow-molded carrying case that keeps tools in place, it comes with a manufacturer's lifetime warranty.

- Includes most popular sizes from 8 to 64mm

152221

LIFETIME WARRANTY

Bearing Puller/Separator

Bar-type bearing puller/separator set makes bearing and gear removal easy.

Made of heavy-duty steel for long life, this set comes with a manufacturer's lifetime warranty.

- Includes two sets of hex push puller legs and a convenient foam filled carrying case

152222

LIFETIME WARRANTY**Fork Cap Nut Socket**

This handy socket helps prevent unsightly rounding of the fork nut caused by using the incorrect tool. It works with 1/2 in. drive ratchets and 1 in. wrench for superior leverage. Made with heavy-duty steel construction, it comes with a manufacturer's lifetime warranty.

Description	P/N
34mm	152160
35mm	152161
39mm	152162
41mm	152163
46mm	152164
50mm	152165

**LIFETIME WARRANTY****Aluminum Fork Cap Remover**

The right tool for removing aluminum fork caps on Showa BPF 43mm forks.

This cap remover fits 45mm fork cap hex with 17mm drive hex. It helps prevent marring and damage to your expensive fork caps. Made from aircraft-quality aluminum, it has a waffle pattern edge for a no-slip grip and comes with a manufacturer's lifetime warranty.

152209

**LIFETIME WARRANTY****Fork Cap Wrench**

Designed to prevent "rounding" the top of the fork cap, our fork cap wrench is ultra-tough with a durable finish. It comes with a manufacturer's lifetime warranty.

- 9-3/4 in. long for superior leverage

Description	P/N
45/50mm	152157
46/50mm	152158
49/50mm	152159

**LIFETIME WARRANTY****Offroad Damper Rod Inverted Fork Tool**

A must-have tool for suspension work.

Made from industrial-grade steel with solid T-handle the Offroad Damper Rod Inverted Fork Tool with BikeMaster® comes with a manufacturer's lifetime warranty.

- Measures 11-1/2 in. long and a total OD of 33mm
- Ideal tool to assemble and disassemble most 41, 43, 46 and 47mm Kayaba and Showa inverted forks

152208

**LIFETIME WARRANTY****27mm Damper Rod Fork Tool**

Designed to hold the damper rod during assembly and disassembly of forks, the 27mm Damper Rod Fork Tool is made from industrial-grade steel with a solid T-handle. It comes with a manufacturer's lifetime warranty.

- Two tools in one, spanner-type prongs on one end and 27mm hex on the other
- Measures 11-1/2 in. long and has a total OD of 33mm

152207

**NEW!****Fork Cap Wrench for Ohlins®**

- Designed to remove fork caps from Ohlins® style fork caps with 4mm recesses
- Prevents damage to your expensive and delicate fork caps
- Adjustable 7 in. long arms give you the right leverage
- Chrome vanadium steel for strength and corrosion resistance

152508

Damper Rod Holding Tool

Provides an easy way to hold the inner damper rod during removal of bottom fork leg bolt.

With a black-oxide finish for longer life the 3/8 in. drive will work with all 3/8 in. ratchets and extensions.

- 10-18mm used for Kawasaki
- 15-25mm used for Honda®, Suzuki and Yamaha

Description	Drive	P/N
15mm-25mm	1/2" Drive	152263
10mm-18mm	3/8" Drive	152264

Master Fork Seal Installer Set

Install fork seals with ease.

Precision-made from industrial-grade steel, the driver inserts are black-oxide coated with gearled, no-slip grip handles.

152418

LIFETIME WARRANTY

Fork Seal Installers

Evenly install the seal into its seat without damage to the seal or forks.

The two-piece fork seal installer features nylon inserts to ensure a frictionless sliding movement. Its variable diameter means it covers more sizes. It comes with a manufacturer's lifetime warranty.

Description	P/N
32-47mm	151641
47-48mm	151734
49-50mm	151642

LIFETIME WARRANTY

19mm Fork Compression Valve Removal Tool

Perfect for removing the compression valve from cartridge forks.

Made from 6061-T6 aluminum with a beautiful anodized finish, the 19mm Fork Compression Valve Removal Tool comes with a manufacturer's lifetime warranty.

- 19 and 36mm hex

152206

Fork Oil Level Gauge

Setting the correct fork oil level is a snap with this fully adjustable fork oil level gauge.

- Adjustable aluminum level plate can be set from 0 to 295mm in 5mm increments
- Fork oil reservoir has single milliliter markings up to 60ml

152408

NEW! Steering Stem Bearing Press Set

The ideal tool to install steering stem bearing races.

- Applies an even pressing force to prevent damage to bearing race
- Installs bearing races evenly allowing the race to seat squarely
- Quality steel construction with corrosion-resistant finish
- Seven bearing race drivers cover most steering stem bearing applications
- Convenient, durable carrying case keeps tools all in one place

152486

Adjustable Steering Stem Wrench

The only tool you need to turn steering nuts.

Made with a black-oxide coating for durability.

- Adjustable jaws range from 25–75mm
- 3/8 in. drive receiver
- 11-1/2 in. length

152271

LIFETIME WARRANTY

Steering Stem Bearing Removal Tool

Makes steering stem bearing removal easier.

No more fighting or regrettable damage to the steering stem.

The Steering Stem Bearing Removal Tool from BikeMaster® allows for simple installation and execution. It is made from hardened steel with black-oxide coating to prevent corrosion and comes with a manufacturer's lifetime warranty.

- Opening size 30-68mm

Description	P/N
30 - 68mm	152205
25 - 40mm	152507

Steering Stem Bearing Installer

Having the right tool for the job makes steering stem bearing installation easy.

Driver is constructed from heavy-duty steel with a corrosion-resistant coating for extended tool life and features a textured surface for secure grip to prevent slippage.

- 30, 32 and 35mm aluminum adaptors cover most steering stem bearing applications
- 14-1/2 in. driver for installing lower steering stem bearings

152258

LIFETIME WARRANTY

Shock Spanner Wrench Kit

The Shock Spanner Wrench Kit allows access to the shock collar from various angles. It is made of quality steel, with a corrosion-resistant finish and comes with a manufacturer's lifetime warranty.

- 152411**

LIFETIME WARRANTY

Flywheel and Clutch Universal Holder

Using a screwdriver can lead to damage of bearings and chipped gear teeth. This tool prevents that damage and comes with a manufacturer's lifetime warranty.

Description	P/N
Pin Style Flywheel Holder	151854
Slot Style Clutch Holder	151855

LIFETIME WARRANTY

Flywheel Puller

One compact tool for all your flywheel pulling needs.

Made of high-quality tool steel, the BikeMaster® Flywheel Puller has a manufacturer's lifetime warranty.

- Tool works with the following sizes: 10 x 1.25, 14 x 1.5, 16 x 1.5, 18 x 1.5, 24 x 1.0 and 27 x 1.0mm

151799

LIFETIME WARRANTY

Clutch and Primary Tool

For mini MX50cc racers, the BikeMaster® Clutch and Primary Tool can help with disassembly.

This seven-hole disc with 6mm bolts can be used to remove clutch bodies, flywheels and primary gears. It has a manufacturer's lifetime warranty.

150619

Clutch Lock Nut/Oil Filter Spanner Wrench

Two tools in one!

Made from heat-treated steel with a black-oxide finish for extra durability, this tool fits many Honda models.

- One side has a 20mm spanner and the other side has a 24mm spanner
- Uses a 1/2 in. drive ratchet extension

152216

Starter Gear Nut Wrench

Make removing the starter gear from the engine crankshaft easy.

Useful tool for disassembly, the four post spanner engages the nut without engaging the crankshaft. It is made from industrial-grade steel with black-oxide coating to prevent corrosion.

- 26mm ID, 40mm OD, 6mm spanner teeth
- Made to use with 1/2 in. drive ratchet

152217

Brake Bleeder Vacuum Test Kit

Makes bleeding your brakes a snap and finding vacuum leaks easy.

Multiple use tool for motorcycles, automotive and marine applications, this kit features extra-long (23.75 in.) hoses and a myriad of adaptors, which makes this the choice for the professional or for the serious home mechanic. It features an all-metal construction body, heavy-duty pump and protective rubber gauge cover for durability and impact absorption. Comes in a sturdy, protective carrying case.

- High-quality gauge with readings to -1.0 Bar (-30 in./Hg)

151717

1 Liter Pneumatic Brake Fluid Bleeder

The quick and easy way to bleed brake lines.

The BikeMaster® 1 Liter Pneumatic Brake Fluid Bleeder helps you take less time to extract air from the brake system. The dual attachment allows you to bleed dual disc applications.

- Catch bottle has 1 liter capacity
- Recommended PSI rating 70-110 psi.

152188

LIFETIME WARRANTY

Brake Bleeder Tool

Accomplish brake bleeding on your own.

This BikeMaster® Brake Bleeder Tool features a manufacturer's lifetime warranty.

151619

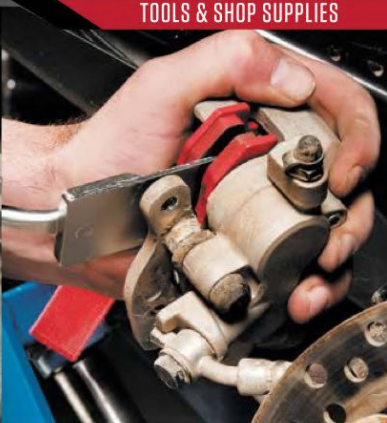

Brake Fluid Tester

Know when you need to replace your brake fluid with this easy-to-use tester.

Moisture is the enemy of your brake system as brake fluid absorbs moisture.

The BikeMaster® Brake Fluid Tester takes the guessing game out of determining how much moisture is in the system. This inexpensive tool for checking the brake fluid in all your vehicles determines if the fluid needs to be changed. With three LEDs, it is easy-to-use and takes only seconds to tell you if you need to add fluid.

151959

Caliper Piston/Brake Pad Spreader

Make servicing your brakes easier.

Constructed from heavy-duty steel, this tool gives you the leverage needed when installing new brake pads or reinstalling a brake caliper by easily spreading brake pads and caliper pistons apart. The comfortable no-slip grips help you keep control while the corrosion-resistant coating extends the tool life.

152257

Brake Piston Puller

Sometimes brake pistons can seize or stick in the calipers. You don't want to use vise grips, pliers or anything else that will ruin the surface to replace the pistons. The best way to remove brake pistons is by gripping the inside of the piston, since scratches in this area do no harm. The harder you grip, the harder the puller grips.

151960

Banjo Fitting Clamps

Remove your brake lines without draining them with the Banjo Fitting Clamps from BikeMaster®.

Ideal tool for servicing brake lines and calipers, these clamps are made from durable, high-impact plastic.

- Works on 10mm/12mm and 3/8 in. and 7/16 in. banjo fittings

- Comes in a pack of four clamps

152236

REMOVE BRAKE LINES WITHOUT DRAINING

Bead Breaker

You no longer have to fight to break the tire bead with the BikeMaster® Bead Breaker.

Constructed from heavy-duty steel, this 27 in. long tool gives you the leverage to easily break tire beads. The jaws open to 7-3/4 in. for larger tires and comfortable no-slip grips help you keep control.

152256

2-Piece Tire Mounting Wheel Rim Protector

Protect your wheels.

If you own tire irons, then you should own a set of these inexpensive protectors. Just slip them between the wheel and tire to avoid expensive and ugly damage to your wheels.

151591

LIFETIME WARRANTY

4-Piece Pry Bar Kit

A great addition to your tool box.

Manufactured from tempered-tool steel with high-impact handles, this kit offers you four sizes that can be used in the shop and around the house. They come with a manufacturer's lifetime warranty.

• Lengths are 23-1/2, 18, 11-1/2 and 7-3/4 in.

151798

Tire Tool

Makes tire removal and installation easier and faster.

A great auxiliary tool for tire irons when replacing the tires and also a must for installing tubes, the BikeMaster® Tire Tool provides an easy way to push the tire bead down into the drop center of the rim. Beautifully plated finish resists corrosion and it features heavy-duty steel construction for long life.

152223

LIFETIME WARRANTY

3-Piece Tire Iron Set

Make all of your tire work easier with the 3-Piece Tire Iron Set.

With an I-beam cross section for strength and bend resistance, these tire irons are made from forged-chrome vanadium steel (no stamped sheet metal) with a shot-peened surface for strength relief and nickel-plated for corrosion resistance. The rounded edges help avoid tube pinching and tire damage. It comes with a manufacturer's lifetime warranty.

- Three lengths 9-1/2, 11 and 15 in. tire irons

151552

LIFETIME WARRANTY

8" Tire Irons

Everyone knows just one tire iron won't do it.

8 in. Tire Irons by BikeMaster® are made of forged steel for lightweight and super strength unlike other brands, which are made from bendable sheet metal. With an ergonomic design and rounded corners with no sharp edges it is designed not to pinch tubes. It comes with a manufacturer's lifetime warranty.

- 8 in. length
- Sold in pairs

151551

LIFETIME WARRANTY

Steel Tire Iron

Quickly remove your tires from the rims with a Steel Tire Iron.

Made of heat-treated vanadium steel, this tire iron comes with a manufacturer's lifetime warranty.

Description	P/N
11"	151543
15-3/4"	151544

Steel Tire Iron with Handle

Our Steel Tire Iron with Handles is specially designed for every day use.

This tire iron features a handle with a high-grip surface for confident leverage. Its super-smooth chrome end eases beads on and off while preventing rim marring and tube pinching. Its tempered steel resists deformation and it has a cold formed end for strength. It comes with a manufacturer's lifetime warranty.

- 12 in. overall length

151549

LIFETIME WARRANTY

Tire Iron Spoon

Easily break beads with this tool.

Made of heat-treated vanadium steel, the BikeMaster® Tire Iron Spoon has a manufacturer's lifetime warranty.

- Overall length 10-1/4 in.

151542

LIFETIME WARRANTY

Heavy-Duty Tire Iron

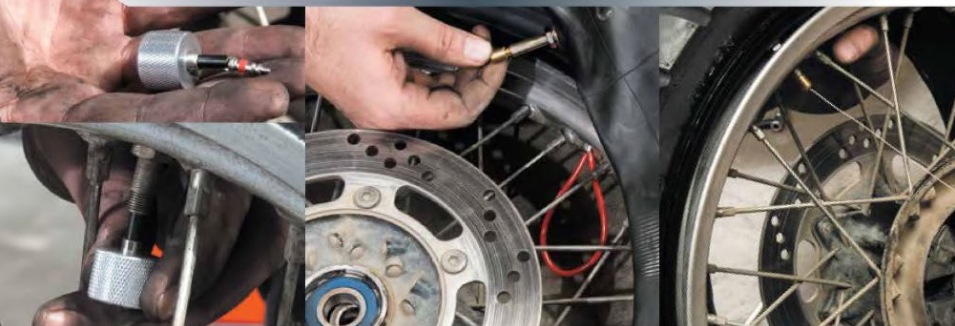

Specially designed for heavy-duty use.

Made from CNC-turned billet aluminum, the Heavy Duty Tire Iron features an ergonomic handle. Its plated shaft protects from corrosion. With a wide-splayed, rounded-forged spoon end for high-strength and to prevent pinching, you will get a confident grip without bead damage. It comes with a manufacturer's lifetime warranty.

- 17.5 in. overall length

151550

Tire Valve Puller

The BikeMaster® Tire Valve Puller makes it simple to do wheel work.

Description	P/N
Aluminum Handle	151618
Cable Loop Handle	151888

Stub Handle Tire Valve Removal Tool

Easily remove your tire valve stem cores.

The Stub Handle Tire Valve Removal Tool has an extra-short, non-slip handle that provides access on even the smallest rims. The aluminum alloy thumb handle features a machined steel tip for long service life.

- Measures under 1-1/4 in. tall

152403

LIFETIME WARRANTY

Tire Valve Repair Tool

Replace your tire valves with this tool from BikeMaster®.

The Tire Valve Repair Tool cleans internal and external valve stem threads and removes valve cores. It comes with a manufacturer's lifetime warranty.

151540

Valve Core Tool

A must-have tool for the shop or garage.

The Valve Core Tool easily removes and installs valve cores in tube or tubeless applications. It features a non-slip, durable handle.

152154

LIFETIME WARRANTY

Valve Stem Mounting Tool

The only way to go if you want a secure, undamaged valve stem.

The BikeMaster® Valve Stem Mounting Tool allows a straight pull on the stem where force is evenly distributed on the stem so it seats correctly and seals the first time. Made from forged-chrome vanadium for a lifetime of service it also has a durable non-marring plastic coating on the shaft. It comes with a manufacturer's lifetime warranty.

151569

**LIFETIME WARRANTY****10-Piece Spoke Wrench Set**

Makes sure your wheels are strong and true.

Made from chrome vanadium tool steel for long life and chrome-plated for corrosion resistance, these super-accurate wrench ends make spoke adjustment a snap. The size range covers from mini-bikes to full-bore race bikes and the set comes with a manufacturer's lifetime warranty.

- Includes, 5.2, 5.4, 5.6, 5.8, 6.0, 6.2, 6.4, 6.6, 6.8mm heads
- Comes with a carrying case

151589

**LIFETIME WARRANTY****Spoke Wrench**

Maintain the tension on your wheels with this handy tool from BikeMaster®.

Made of steel, the Spoke Wrench comes with a manufacturer's lifetime warranty.

- Fits six different sizes: 4.30, 5.00, 5.40, 5.60, 6.00 and 6.50mm

151521

**Wheel Balancer and Truing Stand**

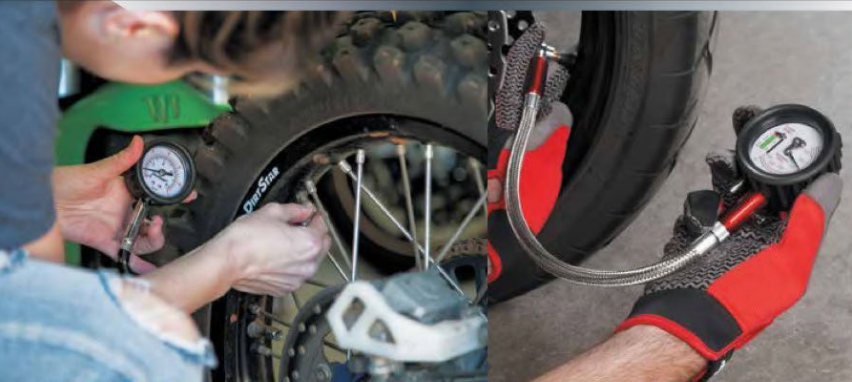

Keep your wheels in shape with the Wheel Balancer and Truing stand from BikeMaster®.

With steel-plate construction for durability and stability the stand features a bubble level to balance wheels correctly the first time.

- Includes shaft, cones and spacers to fit just about any wheel
- Fits wheels up to 30cm wide and 54cm tall
- Not for use with single-sided swingarms

151965

Portable Mini-Air Compressor

Compact, yet heavy-duty construction makes the BikeMaster® Mini-Air Compressor convenient to carry everywhere.

This handy air compressor has a 5 ft. long cord with SAE quick connectors and allows fast changes from alligator clip wire leads to cigarette plug leads. It features an easy-to-read, built-in air pressure gauge that reads in psi and bar.

- Includes a convenient carry tote
- Measures 5-1/4" L x 4-3/4" W x 2-1/4" D; alligator clips and cigarette plug leads are 13 in. long
- Maximum air pressure 100 psi.
- 14 in. flexible hose with easy lever valve stem connector

Dial Gauge

Easy-to-read, this Dial Gauge has a swivel angle chuck with an air release valve.

Description	P/N
15Psi	151505
60Psi	151506

151505

Dial Gauge with Hose

Check your tire pressure.

Featuring a swivel angle chuck with air release valve, this dial gauge also has a braided hose and extension bar angle chuck.

Description	P/N
15Psi	151503
60Psi	151504

2-in-1 Tire Gauge

The only tire gauge you will ever need.

The 2-in-1 Tire Gauge from BikeMaster® will accurately measure your tire pressure to 60 psi as well as measure wear across your tires. The sufficient depth of the "Sipes" (the tread or grooves in your tires) is essential for water clearance. Manufactured to exact specifications, this gauge has braided steel hose and an anodized collar.

151792

Pen-Type Tire Gauge

A tried and true classic. With a chrome-painted brass body, this gauge is easy-to-read.

- Graduates 0-20 psi in 1/2 lb. increments
- Sold as three pack, retail priced individually

151501

Digital Tire Gauge

Maintain your tire pressure with this easy-to-use Digital Tire Gauge.

With one-button operation, this gauge is easy-to-read and features digital accuracy. It has an automatic shut-off after 15 seconds.

- Battery included
- Range from 0-100 psi

151502

EXTEND THE LIFE OF
YOUR TIRES WITH
CORRECT INFLATION

Tire and Tube Flat Repair Kit

One kit that covers tubes and tubeless repair.

- Includes: patches, plugs, plug insertion tool, hole cleaner, glue, pressure wheel with surface preparation tool and knife for plug trimming four CO2 compressed air cylinders and an air valve, which can connect directly to the tire valve, or use the flexible air line included for hard to reach valves

Gear Leverage Oil Filter Wrench

One of the easiest to use adjustable oil filter wrenches on the market.

This oil filter wrench removes all oil filters from 2-1/2 to 4 in. diameter. Its unique design uses gear leverage to clamp the body of the oil filter so the gears can work forward and reverse for removal and installation. It can be used with 1/2 in. drive ratchets or 21mm wrenches and features quality steel construction with black-oxide finish for long tool life.

152262

LIFETIME WARRANTY

65-80mm Adjustable Filter Wrench

The more torque you apply, the tighter the wrench grips.

Heavy-duty, forged and machined steel parts make up the BikeMaster® 65-80mm Adjustable Filter Wrench. It fits all round filters from 2-3/8 to 3-1/4 in. and comes with a manufacturer's lifetime warranty.

151577

LIFETIME WARRANTY

Oil Filter Spanner Wrench

Replace even the toughest oil filter.

The Oil Filter Spanner Wrench from BikeMaster® can be used with 3/8 in. drive impact, air impact, torque ratchet or other drive tools. It features a compact 3/4" x 1-3/16" diameter design and has a manufacturer's lifetime warranty.

- 4-Stroke Honda singles 90 thru 350cc
- 4-Stroke Honda twins 160 thru 500cc

150600

1/2" Oil Filter Strap Wrench

A great tool to have on hand.

With its universal fit and high friction, this wrench will tackle just about any job. It is made from quality materials for years of use.

151883

Flexible Spout Funnel

Don't lose another drop of fluid with the Flexible Spout Funnel.

This "Big Mouth" large capacity funnel with built-in debris screen has a flexible spout that lets you pour fluids in tight spots; for example, inbetween fairings. Made from chemical-resistant plastic, it has a built-in handle that gives you a firm grip even when slick lubricants are present.

152238

Funnel with Flexible Hose and Tube

An essential tool for any shop.

With a narrow rigid tube for tight areas and a flexible tube for difficult areas, the BikeMaster® Funnel with Flexible Hose and Tube features an angled reservoir to insure no spills. The tubes are quick to change. It also comes with cap and lid to avoid drippy messes.

151558

Funnel with Flexible Fill Hose

The special plastic ensures flexibility and longevity in this Funnel with Flexible Fill Hose by BikeMaster®.

151557

Funnel with Visible Capacity

Finally a funnel with a visible hopper and capacity increments.

This funnel comes with a lid and cap to help keep things clean from drips and features a removable base grate to keep unwanted objects from entering your project.

- 1.1 liter capacity with 100ml increments
- 16 in. long, 45° angle filler neck allows easy reach for those hard to get to filler spots
- 45° elbow can be removed when a straight filler neck funnel is needed

152266

Oil Dispenser and Drain Pan

If you change your own oil, these are a must-have.

The dispenser and drain pan is resistant to chemicals with enough capacity for most machines.

Description	Size	P/N
Oil Dispenser	5 liter	151896
Drain Pan	8 liter	151897

151897

151896

Fluid Drain Pan

Keep your shop clean with the BikeMaster® Fluid Drain Pan.

With a super low-profile design perfect for bikes with clearance issues, this 2 liter capacity drain pan has a unique pour spout lip tunnel to reduce spills. It is made from durable, chemical-resistant plastic.

152414

55-Gallon Drum Drain Container Cover

Turns your 55-gallon drum into a multi-use drain container.

A must have for the serious shop, this cover is designed to fit over the top of standard 55-gallon drums. The cover has a built-in drain with large debris catcher that fits into the top bung hole for draining. With two tiered levels that help separate debris from fluid, its high capacity allows fast dumping while minimizing spills.

152268

FITS FLUSH AGAINST FLAT SURFACES

NEW!

5-Gallon Utility Jug

Capture all of your shop fluids with the 5-Gallon Utility Jug.

Featuring a squared-off design for flush fit against flat surfaces, there is less chance of rolling or spilling. The jug has double handles for easier lifting and steadier pouring and the spout extender creates a secure, leak-free seal. Made with HDPE (High Density Polyethylene) for toughness, strength, stiffness and resistance to chemicals and moisture, the 1/4 in. vent tube allows air to flow to the bottom of the container to release internal pressure that results in a smoother, quicker pour.

- Natural color for best visibility inside container
- Exceeds D.O.T. standards
- Recyclable
- Made in USA

Description	P/N

Fluid Extractor 1 Liter

- Large volume pump to extract or fill fluids in all of your vehicles
- 1/10th liter and quart increment scales
- Inline control valve allows you to stop flow at any time
- Transparent flexible hose with end-plug for no-mess services
- Perfect for hard-to-reach fluid fill holes

152488

Oil/Fluid Extractor

You won't realize how essential this tool is until you have one.

Extracts from anywhere you can insert the hose, it works great for oil changes without having to remove body work or drain plugs. It drains your tank for winter storage or to remove old brake fluid. It is made from chemically resistant, heavy-duty construction.

- 2.7 liter capacity
- Hose dimensions: 9.8mm OD/6.7mm ID

151892

Fluid Extractor

No more bad taste from manual siphoning.

- Includes over six ft. of clear hose for visual confirmation of fluid transfer

152166

SHAKE TO START SIPHON

Super Siphon

Siphon liquid from your ride easily with the Super Siphon from BikeMaster®.

Resistant to gasoline or any other hazardous chemicals, this siphon is simple and easy-to-use; simply shake to start Siphon.

- US patent #4,414,997
- Self-priming with 5.5 feet of hose
- 3/8 in. siphon moves 1.5 gallons per minute
- 1/2 in. siphon moves 4.5 gallons per minute

Description **P/N**

3/8" Plastic Tip **152245**

1/2" Brass Tip **152246**

Fluid Dispenser

Very handy tool for the shop or garage.

Featuring a transparent body for easy-to-read volume measurements, the BikeMaster® Fluid Dispenser has a removable, flexible funnel spout that allows no-mess pouring. It has a convenient grab handle.

- 5 liter dispenser with capacity increments

152267

Measuring Cup with Lid

Make sure it's right every time.

- Made from the tough, flexible materials, it is more stable when filled with oil.
- Includes lid to keep dust and dirt out
- Shows as percentage of mix with ratios from 8:1 all the way to 70:1
- Graduations in gallons, fluid ounces, liters and milliliters

Description **P/N**

Measuring Cup With Lid **151597**

Replacement Lid **151598**

Rubber Muffler Plugs

Keep your exhaust system protected.

Protect your exhaust system from water during pressure washing, keep humidity from entering the pipe as it cools down or prevent condensation inside the pipe during storage. Formulated to be stiff enough to not fall out but soft enough to be inserted into the pipe without causing damage.

- Small fits most 2-Stroke applications
- Large fits most 4-Stroke applications
- Display includes six small and six large plugs

Description	P/N
Small	151615
Large	151616
Display 12-Pack	151686

Bolt Caps

Cover those unsightly, weathered bolts and transform the ordinary to extraordinary!

A simple way to give your bike a cleaner look, the Bolt Caps from BikeMaster® come in a choice of deep gloss black or brilliant chrome finish.

- Available in 6, 8 and 10mm sizes
- Sold in pack of six

Size	Finish	P/N

Aluminum Mesh

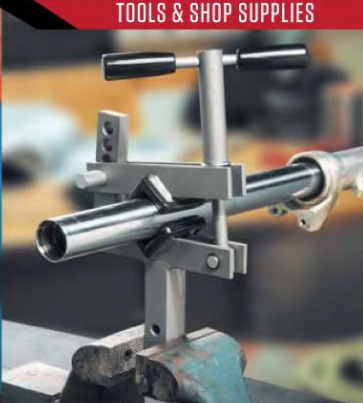

Give the air intakes in your fairing a professionally finished look.

This lightweight, flexible aluminum mesh is easy-to-cut and shape for your specific bike. It can be used for many custom applications, including keeping larger debris out of your air box, radiator protection, oil cooler protection and much more.

- 20cm x 33.5cm
- Includes metal installation clips with 3M™ adhesive

Description	P/N
Black	152125
Silver	152126

Magnetic Tray

This tray stays where you put it.

It features a powerful magnet that keeps nuts, screws and bolts where you put them.

151777

Shop Vise

Keep things in place with the Shop Vise from BikeMaster®.

Designed to hold round or oddly shaped items, this vise features unique V-shape jaws that are covered with thick pads to insure your item is held in place without leaving a mark. Four-position pin allows for a wide range of openings, which makes working on forks, shocks, pistons and other items easy. It is made from industrial-grade hardened steel with anodized finish.

152214

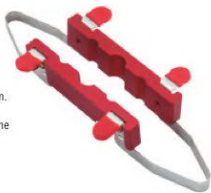

NEW!

Aluminum Vise Insert

Make your workbench vise more versatile.

- Made from 6061 aluminum to hold objects and minimize damage to your projects
- Three machined semicircles to hold 5/16 to 9/16 in. size arbors or other parts you need to grip
- Bridge spring keeps the jaws aligned and allows the insert to open precisely with the vise

151510

Spark Plug Protector

Keep your spark plugs ready to fire.

Safely transport ready-to-install, pre-gapped plugs, even the sometimes fragile plugs tipped with platinum and iridium with these protectors. They will protect bare plug from cracking porcelain, breaking the tip off or ruining the perfect gap when stored with tools and other items.

151614

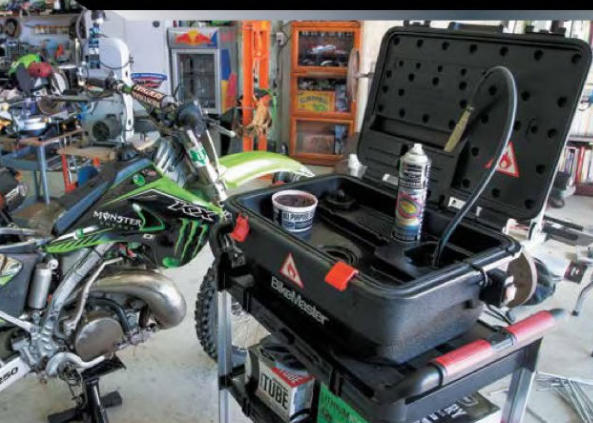

Exhaust Springs

Pull it together with high-quality steel spring.

Parts Washer

Better than the sink.

Lightweight, corrosion-proof, insulated, safe, cleaner and cost-effective, this is a better way to clean your parts. This light and portable washer is UL and SAA certified. It is recommended that you use it with a water-based solvent.

- Comes with a filter installed and has a flexible spout
- Includes 32 in. hose that holds five gallons of solvent

Description	P/N
Parts Washer	152134
Replacement Brush	152235
Replacement Pump/Switch	152499

Carry Case

This is the ultimate small parts and hardware caddy for the track or garage.

With 12 separate locking compartments in three different sizes, this case is perfect for small parts, hardware and tools as well as keeping carburetor replacement jetting organized. Each compartment has a handy belt clip for hands-free toting. The carrying case converts into two bench top tray racks.

Includes:

- Six 3-3/4" x 2-1/2" x 2-3/4" compartments
- Four 5-1/2" x 2-1/2" x 2-3/4" compartments
- Two 11-1/2" x 2-1/2" x 2-3/4" compartments
- Case also has a built-in, removable bit driver holder

152239

5-Gallon Bucket Parts Washer

- Economic parts washer designed to fit most 5-gallon buckets
- Tapered basin with cord and hose channels allow a snug fit
- Comes complete with nylon cleaning brush
- Bi-level basin keeps parts separated while cleaning
- Self-contained 4.5 gallon/minute submersible pump for strong, continuous cleaning power

152491

Professional Tool Cart

This ultimate tool cart for your shop.

This cart has smooth rubber tread, 4 in. wheels with ball bearing swivels that feature two super-strong wheel brakes that lock the swivel and keeps the cart planted. It also has two full-width handles.

- Overall dimensions: 29"W x 38.5"H x 18.5"D
- Three 24-1/2" x 16-1/2" levels of heavy-duty movable storage
- Each shelf has a load capacity of 130 lbs. for a total of 390 lbs.

152241

Multipurpose Work Cart

Ideal for any garage or shop.

Keep your parts, hardware and tools handy with this three level cart that is perfect for multiple project organization. Each level has removable dividers to accommodate different size projects and features screwdriver-type holders, trays for hardware or small parts and a divided main bin. It has 3 in. ball bearing casters with two locking wheels for easy mobility and stationary stability.

- Cart measures: 23" x 17-1/2" x 34-3/4"
- Each main bin is 2-3/4 in. deep

152189

Technician's Apron

Keep your clothes from getting stained.

Made from heavy-duty fabric for years of protection and service, this apron is extra long to provide protection to thighs and knees. It has perfectly placed pockets, designed with powersports technicians in mind as well as exclusive upper pockets, perfect for your cellphone, mp3, etc. It has lower hook and loop straps to keep knee protection in place and is fully adjustable to fit all builds and sizes.

151705

Small Parts Organizer

- The ultimate way to organize your small parts for all of your power sports needs
- 18 separated bins with customizable partitions allow an array of different sizes and configurations
- Clamp handles lock transparent lid into place and also allow multiple units to lock for secure stacking
- Great for organizing shelves in the garage for quick parts access
- Handy for weekend rides, track days and organizing required parts
- Outside measurements: 15"L x 10-1/4"W x 2-3/4"D

PowerPro®

FIT YOUR RIDE IN
THE TIGHTEST SPACES

Easy Lift and Lower Stand

Our stand allows easy and controlled lifting of your offroad motorcycle.

The damper shock controls the descent of the motorcycle so that there is no more "free fall" when lowering your motorcycle. It has a fully adjustable deck height that allows a perfect fit for most bikes, and a durable anti-slip pad that helps prevent bike slippage. The stand includes a lift lever lock for added security in the raised position.

- Lowest collapsed height 9-3/4 in., highest collapsed height 14-1/2 in.; lowest extended height 13 in. and highest extended height of 17-3/4 in. make this one of the most versatile stand around

152400

ADDED SECURITY OF A LIFT LEVER LOCK

Universal Rear Stand

"Quick-Adjust" mechanism puts pool support where you need it.

For most double-sided swingarm applications featuring a folding design for compact storage.

- Powder-coated black
- Sliding spool-type lift points
- Extra-strength wheels
- Rubber bumpers for easy pick-up
- Accommodates swingarm widths 12-15 in.

151571

Front/Rear Steel Stand

Stabilize your bike when doing maintenance.

In a beautiful black race finish, this stand features a heavy-duty steel construction with an ultra-comfort grip. You can easily change from front to rear stand by switching handles and adaptors. It has a quad wheel design with oversized wheels for superior stability with adjustable height and width options for a customized fit. The universal fork adaptor allows for easy lifting from bottom of forks. The fork and swingarm adaptors come with a protective coating.

152140

151891

Universal Aluminum Stands

The pro race team look without the pro team price.

Made from aircraft-grade, rust-free aluminum featuring high-spec wheels that are long enough to lift the heaviest sport bikes.

- Spool arms accommodate swingarm widths 10-1/4 to 14-1/4 in.
- Paddle arms accommodate swingarm widths 9-3/4 to 13-1/2 in.

Description	Color	P/N

Rear Stand	Polished	151891
Rear Stand	Black	152421

151890

Universal Roll-On Stand

Perfect for track or shop, the Universal Roll-On Stand fits all motorcycles.

With a tipping point design that ensures that the weight of the bike holds it firmly in the vertical position, the stand is adjustable for both height and wheel diameter. It has a durable and lightweight steel design with a powder-coated paint finish for long lasting good looks. It disassembles for compact storage.

151573

NEW!

Heavy-Duty Wheel Chock

A must-have item to help keep your bike upright while tying it down.

Perfect for the shop, trailer or truck bed, these chocks mount directly to your floor or truck bed with supplied hardware. It features heavy-duty steel construction for years of service and a four-position locking pin to prevent accidental roll backs. It is designed for one person operation.

- Adjustable self-locking chock works on tires up to 6-1/2 in. wide

152453

NEW!

Load and Lock Roll-On Wheel Chock

Whether you're storing, transporting or performing maintenance, you will know your bike is stable with the Load and Lock Wheel Chock.

Simply roll your bike onto the stand and lock it in place with the featured latch for maximum security. Latch features a 3/4 in. hole so that your padlock fits right in for additional theft deterrence. Heavy-duty steel construction with beautiful powder-coated finish in BikeMaster's signature black and red colors mean it will look great and last for years.

- 660 lbs. capacity
- Suitable for 17-21 in. / 90-130mm front tires
- 25"D x 21"W x 14"H

152320

Wheel Chocks

Add security when trailering or transporting your motorcycle.

With four-point mounting for improved stability, the chocks come in brilliant chrome or sleek black finish. Hardware not included.

* Available in 3-1/2" and 6-1/2" in. to fit most applications

10mm Left	600031
10mm Right	600030
10mm Yamaha Reverse Right	600038

GP Composite Mirror

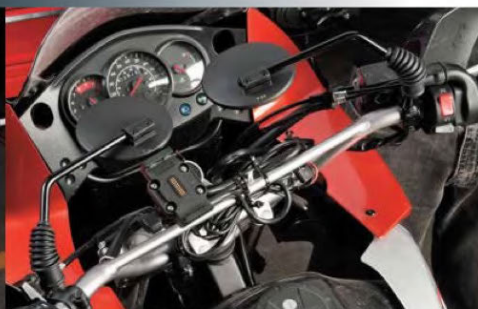

Stylish with a long metal stem and lightweight composite mirror case.

With a sturdy stem/mirror joint for superior adjustability, this convex mirror is available in right- and left-sides, 10mm.

- Dimensions: 5" L x 3-1/4" W x 1-1/4" D
- Stem Length: 6-1/2 in.

Description	P/N
10mm Left	601145
10mm Right	601146
10mm Yamaha Reverse Right	601168

FOLDING ACTION PROTECTS YOUR MIRRORS

Folding Mirror

The pivoting base protects the mirror from breaking in a fall and features a universal stem that fits the left- or right-side.

- Dimensions: 4-1/2" Dia. x 1/2"D
- Stem Length: 8 in. adjustable
- Sold individually

Description	P/N
10mm Universal	601117
10mm Yamaha Reverse Right	601118

Billet Folding Bar-End Mirrors

Made from solid-billet aluminum with CNC-machining that sets them apart.

These mirrors feature high-quality swivels for perfect placement without slipping. Mirror can be adjusted inboard or outboard of the bar end.

- Supplied with longer bolts so they can be fitted with hand protectors
- Dimensions: 3-5/16" Dia. x 1/2"D
- Stem Length: 1-1/2 in.
- Fits 7/8 in. handlebars only
- Sold in pairs

Description	P/N
Chrome	600380
Black	600381

Folding Bar End Mirrors

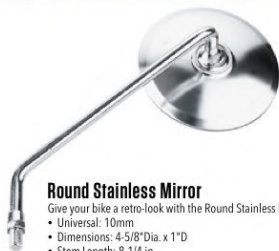

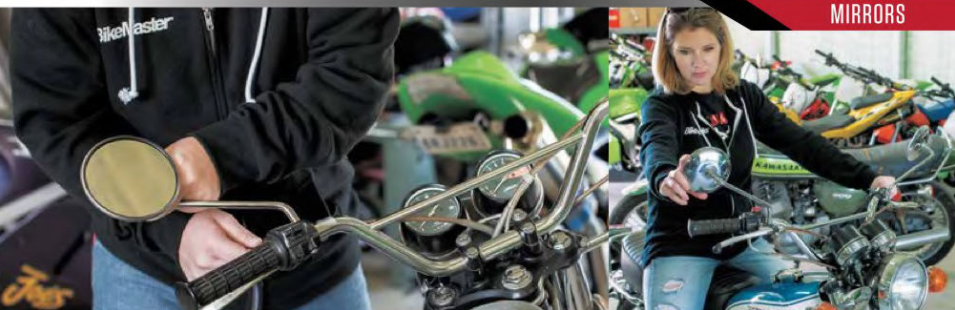

With a ball joint that allows them to quickly be folded in.

The Folding Bar End Mirror has a beautiful case mirror backing plate and the arms are one-piece, eliminating screws and mirrors vibrating loose. The nylon swivel allows just the right amount of tension to be maintained for easy adjustment.

- Dimensions: 3-5/16" Dia. x 9/16"D
- Stem Length: 2-1/2 in.
- Fits 7/8 in. handlebars only
- Sold in pairs

600300

Round Stainless Mirror

Give your bike a retro-look with the Round Stainless Mirror.

- Universal: 10mm
- Dimensions: 4-5/8" Dia. x 1"D
- Stem Length: 8-1/4 in.
- Sold individually

Description	P/N
10" Stem Right	600070
10" Stem Left	600071

¹ Except Yamaha

Eyeball Mirrors

The Eyeball Mirror is a convex, 1-1/4 in. auxiliary mirror with adhesive backing.

- Sold as a pack of two

600209

Universal Clamp-On Mirror

Add mirrors to your ride easily with the Universal Clamp-On Mirror by BikeMaster®.

- 4 in. Adjustable Stem Dimension: 4-1/8" Dia. x 7/8"D
- 8 in. Adjustable Stem Dimension: 4-1/16" Dia. x 7/8"D
- Sold individually

Description	P/N
4" Stem	600006
8" Stem	600005

Round Mirror

The Round Mirror is the perfect replacement in a right or left application.

- Universal: 10mm
- Dimensions: 4-5/16" Dia. x 1"D
- Stem Length: 4-3/8 in.
- 6 in. stem black
- Does not fit Yamaha right-side
- Sold individually

Cable Boot

The perfect replacement for that weathered cable boot.

- Helps keep dust, dirt and grime out of your cable for smoother operation
- Great idea for all of your restoration projects
- 4 in. long, but easily cuts to shorter length
- Sold individually

152475

Removable Heated Grip Covers

- Rapid heating allows grip covers to heat up quickly
- Easy installation and removal, simply cover existing grip with this face on cover
- Suitable for 7/8 and 1 in. grips

Note: 12-Volt DC applications only.

266281

101997

Heated Grips

The elegant, open-end design makes these heated grips both stylish and functional.

- Highly efficient design delivers warmth faster than traditional heated grips
- Five level temperature controller adjusts the grips accurately to avoid overheating
- Specially selected rubber material resists the outdoor environment and provides a secure and comfortable grip
- Even at high-temperatures, the grip remains resistant to damage
- Removable end caps allow for use as open-ended grips when needed
- For twist throttle applications

Note: 12-Volt DC applications only.

Description	Length	P/N
7/8"	120mm	101922
1"	130mm	101997

Heated Grips with LCD Voltage Display

Never let a cold day stop you from riding.

- LCD controller shows the five available heat levels at a glance
- Display also shows the vehicle's available battery voltage
- Improved rapid heating modes allow grips to heat up more quickly
- Thinner diameter design gives greater ergonomic comfort
- Simple plug-and-play wiring with locking connectors makes installation a breeze
- In-line fuse protection and sealed connectors allows for all weather riding
- Removable end caps allow for use as open-ended grips when needed
- Suitable for 7/8 in. bars

Note: 12-Volt DC applications only.

Description	Length	P/N
7/8"	120mm	266282

Adjustable Drink Holder

- A must-have for those extended rides
- Unique adjustable side slider accommodates an array of different size cups or bottles
- Gripper foam holds your drink firmly while you enjoy your ride
- Easy-to-install using included hardware for 7/8 and 1 in. bars
- Also includes a handy mirror post mount
- Heavy-duty composite and aluminum construction

152476

MAXIMUM GRIP MAXIMUM COMFORT

Handlebar Grips

- All of our grips have superior materials and construction
- High-quality compounds results in comfort and maximum grip
- High-tolerance manufacturing for accurate and secure fit
- High-spec materials for years of performance and functionality

Revolver Bar End Grips

Aluminum insert with Revolver CNC design in bar ends for a custom look.

- High-quality rubber for comfort and grip while riding your motorcycle
- Available in 7/8 and 1 in. sizes for most applications
- Overall length is 135mm
- Sold in pairs

Description	Color	P/N
7/8"	Black	101861
7/8"	Red	101862
7/8"	Blue	101863
7/8"	Silver	101865
1"	Black	101980
1"	Grey	101981
1"	Silver	101982

Wave Grips

- Ultra-comfort, dual-compound grip
- Custom Wave pattern adds a splash of color to accent your bike
- Soft top compound reduces vibration
- Fits 7/8 in. handlebars
- Grips measure 120mm long

Description	P/N
Black/Blue	105935
Black/Red	105936
Black/White	105937
Black/Yellow	105938
Black/Orange	105939

Arrow Grips

- Ultra-comfort, dual-compound grip
- Arrow pattern adds flair to any ride
- Soft top compound reduces vibration
- Top compound has micro-ridges for better grip
- Fits 7/8 in. handlebars
- Grips measure 120mm long

Description	P/N
Black/Blue	105930
Black/Red	105931
Black/White	105932

Tornado Bar End Grips

Aluminum insert with Tornado CNC design in bar ends for a custom look.

- High-quality rubber for comfort and grip while riding your motorcycle
- Fits 7/8 in. handlebars
- Sold in pairs

Description	P/N
Black	101866
Red	101867
Blue	101868

ATV Thick Grips

- For 7/8 in. ATV bars
- Grips measure 120mm long

Description	P/N
Black	101856
Red	101857
Blue	101858

PVC MX Grips

- Constructed of T20-grade PVC
- Supple and pliable grip
- For 7/8 in. bars

170600

Foam Grips

- Very soft, closed-cell foam
- Absorbs vibration
- Ozone- and UV-resistant
- For 7/8 in. bars
- 4-3/4 in. overall length

170500

Superbike Foam Grips

- Constructed of closed-cell foam for durability and comfort
- For 7/8 in. bars

170510

Custom Foam Sleeve Road Grips

- Very soft, closed-cell foam sleeve
- PVC plastic core
- Chrome-plated aluminum ends
- Absorbs vibration
- Ozone- and UV-resistant

Description	Length	P/N
7/8"	135mm	170580
7/8"	150mm	170570
7/8"	160mm	170590
1"	130mm	101892
1"	150mm	101891

ATV Foam Grips

- Soft, closed-cell foam
- Ribbed pattern, combined with foam material, provides excellent vibration damping
- For 7/8 in. bars
- 5 in. overall length

Description	P/N
Black	170520
Red	170530

7/8" Anti-Vibration Bar Ends

Variety of colors to accent any bike.

- Made from anodized aluminum
- Sold in pairs

Color	P/N

Gold	152131

Lever Boots

BikeMaster® Lever Boots give you the extra control you need.

- Made from durable silicone for outstanding comfort
- Raised bumps give excellent grip and feel to your stock levers
- 3 in. long

Color	P/N
Black	152472
Red	152473
Blue	152474

171212

171213

Engine Guard/Frame Rail Clamp Footpigs

- Gorgeous chrome and rubber inserts for a beautiful design
- Deep, high-quality chrome finish with durable rubber means many years of service
- 1 to 1-1/4 in. clamps allow you to install to frame rails or engine guards, which provides relief on long rides
- Sold in pairs

Description	Size	P/N
U-Clamp	1 to 1-1/4"	171212
3-Clamp	1-1/4 in.	171213

O-Ring Footpeg

- Machined grooves provide a custom look
- Features a folding O-ring peg
- For use with highway bars

Description	P/N
7/8" to 1" clamp	171200
1" to 1-1/4" clamp	171201

171211

171214

Rubber Inlay Footpeg

- Rubber insert
- Non-slip protection
- Fits 1 to 1-1/4 in. highway bars

Description	Size	P/N
U-Clamp	1" to 1-1/4"	171211
Aluminum Clamp	1"	171214

Engine Guard Footpeg

- Engine guard peg with 1 in. clamp
- Features folding rubber pegs with die-cast aluminum brackets

171300

Buddy Footpigs

- Attach with screw-in studs with lock nuts
- O.E.M. replacement

Description	P/N
10mm	171250
12mm	171260

Pillion Pegs for Honda

- Replacement pillion pegs
- Fits early Honda™ models
- Bolt-on brackets included

171270

Touring Rubber Footpad Sets

- Comfortable, quality footpads
- Universal bar fit
- 7/8 to 1 in. clamp mount

596568

Street Levers

- Made of tough, high-quality 6061-T6 aluminum
- Engineered to O.E.M. specifications

¹ Replacement Lever 071346

² Replacement Lever 071328

Clutch Perch Adjuster

- Made from high-quality aluminum
 - Fits most clutch perches with 8mm x 1.25 threads
 - Sold individually and comes with easy adjust lock nut
- 077214**

1984 Honda® CR-60R

About the bike:

Honda® did not stay in the 60cc 2-Stroke mini motocross market for long (only 1983 and 1984), but the CR-60R with its Pro-Link® single-shock suspension, scaled-down big bike frame and bodywork was a true David Bailey replica. If you could keep the light switch power band 'on the pipe,' it was a real ripper. For a true offroad enthusiast, the CR-60R is a great addition to any motocross collection. The hard part is finding one.

A close-up photograph of a motorcycle's front lighting assembly. The main headlight is a large, round, chrome-rimmed unit with a clear lens and a multi-faceted internal reflector. To its right is a smaller, round, orange-tinted turn signal. The background is blurred, showing what appears to be a workshop or garage setting with various items and colors.

LIGHTING

— YOUR WAY —

1973 Honda® CL350 Scrambler

About the bike:

Nostalgia is a powerful emotion connecting us to our childhood memories and to the people that shaped us into who we are today.

"When I was a very little boy, I vividly remember my father taking me for rides on his Honda 350. Even before I was big enough to sit on the back of the motorcycle, he would place me in front of him and I would hold on to the handlebars. It was like I was riding the bike by myself only I knew his arms were there to protect me. Fast forward 40 years. I was fortunate to come across this fine example of a 1973 Honda® CL350 Scrambler. After a thorough cleaning, polishing and complete rebuild of the carburetors, she woke from a long nap. When she fired up for the first time, I was immediately taken back to the time spent riding with Dad."

LED Conversion Headlight Kits

Upgrade your headlights into the 21st century with BikeMaster LED conversion headlight kits.

- Ultra-bright 2,200 to 2,400-Lumens, 6,500-Kelvin with a unique anti-glare design for a superior light pattern
- Less than half the power draw with twice the brightness of many halogen bulbs
- Extra-long 30,000 hour service life
- Built-in cooling fan for greater heat dissipation
- Easy-to-install; plug-and-play

Description	P/N
H4	266090
H7	266091

NEW!**7" Side Mount Headlight**

Restore your cruiser, rebuild a vintage bike, or build a cafe racer with one of our bucket-style complete headlight assemblies. Simply mount, wire and roll. Durable steel construction offered in chrome or glossy black bucket finishes, both with chrome trim rings.

- Clear lens
- High-beam indicator light
- D.O.T. approved
- H4 bulb included
- Outer diameter: 8 in.
- Depth: 6.2 in.

Description	P/N
Gloss Black	152455
Chrome	152456
Replacement Headlamp	152459

NEW!**7" Slim Side Mount Headlight**

Meet the slimmed down version of our traditional bucket-style headlight assemblies. This vintage headlight assembly comes wired and ready for simple installation. Durable steel construction offered in chrome or matte black bucket finishes, both with chrome trim rings.

- Clear lens
- High-beam indicator light
- D.O.T. approved
- H4 bulb included
- Outer diameter: 8 in.
- Depth: 5.4 in.

Description	P/N
Matte Black	152457
Chrome	152458
Replacement Headlamp	152459

**Angel Halo Headlight with CCFL**

- These units along with containing H4 60/55-Watt halogen headlights, also contain super-white halos
- Offered in chrome and black
- Mount a single unit, or double the effect by mounting two side-by-side
- You might even want to add one of our HID conversion kits at the same time, for an unbelievable look
- Dimensions: 5-3/4 in. diameter, 5-1/2 in. depth
- Mounting hardware not supplied

Universal Headlight Bracket

- Adjustable headlight bracket
- Ideal for your custom project or cafe racer
- Adjustable to fit 31-38mm fork tubes
- Bracket arms are 4 in. long, 3-1/2 in. to mounting hole

Color	P/N
Chrome	152405
Black	152409

Mini-LED Taillight with License Plate Light

- Super-compact, modern design
- Six ultra-bright red LED taillights and nine mini-LED white license plate lights
- Comes with two standard 10 gauge, 3/4 in. long studs built into light and hardware for mounting
- Measures 4"W x 1-1/4"H x 1-1/2"D

266262

LED License Plate Light

- Super-bright, lightweight and almost no draw on your electrical system
- Quality LEDs mean you don't have to worry about a blown bulb getting you a ticket
- Bright enough to meet plate illumination requirements with a nice super-white light
- Easy-to-wire
- Center-to-center mounting stud measurement of 45mm with a 17mm length
- Overall dimensions: 57mm L x 21mm H

266243

License Plate Light

- Three super-bright, white LED lights to keep authorities at bay
- Comes with clear housing, two studs and hardware for easy mounting
- Measures 1-3/4" W x 3/8" H x 3/4" D

Description	P/N
Clear	266263
Black	266264

LED License Plate Carrier

- Ultra-bright red LEDs will get your bike noticed
- Crystal-clear acrylic frame disperses 12 beautiful red LED lights in a halo effect around the frame
- Perfectly spaced LED lights spread a bright glow around your license plate that is truly awe inspiring
- Easy installation
- Dimensions: 7"L x 4"H

266268

Integrated and Sequential Taillights

- Ultra-bright LED taillight combines the turn signals and brake light into one trick unit
- Designed to replace the original stock taillight
- Gives your bike that fresh off-the-race-track look
- Amber LEDs blink when activated while the other side still functions as a brake/taillight
- Lightweight and easy-to-install
- Designed to heighten the effectiveness of your current turn signals and improve visibility
- May not be legal in all jurisdictions, please check with your local authority

BMOR Series Chain

- O-ring chain offers high durability
- Component designs, optimized with computer analysis, provide higher tensile strength
- Specially controlled heat treatment means tougher material
- Reinforced roller offers higher impact resistance and longer durability
- Made in Japan

520 BMOR Series Chain

- Average tensile strength of 8,500 lbs.
- Includes rivet master link and clip master link

BMXR Series Chain

- Ideal O.E.M. replacement offering 1.5 to 2x longer wear resistance than regular O-ring chains
- Each refined component, designed with computer analysis, provides higher tensile strength
- Specially controlled heat treatment means tougher material and more durability
- Q4 seal ring and reinforced pin and roller provide superior wear resistance, higher impact resistance and fatigue strength
- Q4 seal ring offers less friction, which minimizes power loss, almost half that of standard O-ring chain

LESS FRICTION, MORE POWER

520 BMXR Series Chain

- Average tensile strength of 9,000 lbs.
- Includes rivet master link and clip master link

BMZR Series Chain

- Specifically developed for today's 1000cc to 1400cc, high-performance sport machines
- High-quality components coupled with a factory-greased seal ring ensures superior rigidity
- High-tensile steels used throughout the chain components; larger pins mean loads spread out over wider area, resulting in longer life and more strength
- Specially controlled heat treatment means tougher material and more durability

HIGH TENSILE STEEL
LONGER LIFE
CONTROLLED HEAT TREATMENT

MADE IN JAPAN

Note: This chain must be correctly matched to the machine size and power output. Failure to do so could result in failure of the chain, causing damage to the machine or other property, serious injury to the rider or others, or even death of the rider or others. It is the responsibility of the installer to ensure that the chain selected is correctly matched to the machine and installed correctly. If you have any doubts, contact a professional before use.

Precision Roller Chain

Developed for performance, providing low friction for the most power transfer. Designed and constructed with high-strength steel and solid rollers for durability and longer life.

Natural

420 Precision Roller Chain

- Suitable for 125cc max street and 90cc offroad use
- Average tensile strength of 4,000 lbs.
- Includes clip master link

MADE IN MALAYSIA

Note: This chain must be correctly matched to the machine size and power output. Failure to do so could result in failure of the chain, causing damage to the machine or other property, serious injury to the rider or others or even death of the rider or others. It is the responsibility of the installer to ensure that the chain selected is correctly matched to the machine and installed correctly. If you have any doubts, contact a professional before use.

CHEMICAL

— KEEP IT CLEAN. INSIDE AND OUT. —

Performance Oil

- Highly refined mineral oil designed specifically for street and offroad motorcycles and ATVs
- Exceeds all O.E.M. requirements
- Specially formulated additives package produces smoother operation and less wear from the engine, clutch and transmission
- Meets or exceeds API SL and JASO MA2

Description	For Case Order	P/N
10W40 1 Quart	12	531801
10W40 1 Gallon	4	531803
10W40 55 Gallon Drum	-	531804
20W50 1 Quart	12	531805
20W50 1 Gallon	4	531807
20W50 55 Gallon Drum	-	531810

Full-Synthetic Oil

- Highest quality ester/PAO-based synthetic formula provides unsurpassed performance and protection
- Full-synthetic formula combined with the best additives available reduces engine, clutch and transmission noise and provides extremely smooth operation
- Provides superior detergency and deposit control to keep engines running clean
- Meets or exceeds API SL and JASO MA2

Description	For Case Order	P/N
10W40 1 Quart	12	531817
20W50 1 Quart	12	531819

2-Stroke Oil

- For use in premix or oil-injected lubrication systems
- Designed for all liquid and air cooled 2-Stroke motorcycles, ATVs and scooters
- Clean-burning formula reduces smoke, carbon build-up and varnish
- Superior lubrication paired with excellent rust and corrosion inhibitors provides outstanding engine life

Description	For Case Order	P/N
1 Quart	12	531821

Semi-Synthetic Oil

- Special blend of ester-based synthetic and highly refined mineral oil to create the perfect balance of performance and value
- Formulated to reduce temperatures, increase shear stability and provide excellent protection for the entire engine
- Reduced volatility and thermal breakdown results in longer service life
- Meets or exceeds API SL and JASO MA2

Description	For Case Order	P/N
10W40 1 Quart	12	531809
10W40 1 Gallon	4	531811
20W50 1 Quart	12	531813
20W50 1 Gallon	4	531815

Transmission Oil 80W85

- Designed for all 2- and 4-Stroke motorcycle and ATV transmissions
- Provides outstanding clutch engagement and operation
- Superior film strength and shear stability provides excellent performance and protection
- Specially formulated to cling to gear surfaces reducing wear, corrosion and pitting

Description	For Case Order	P/N
1 Quart	12	531823

55-Gallon Drum Pump

- A must have for any service department
- An efficient way to extract the oil from your cost-effective 55-gallon drum of oil
- High-volume, self-priming pump
- Non-slip grip with long leverage handle creates easy action
- All-metal construction for years of service

152404

Contact Cleaner

- Cuts through and removes dirt, grease and oil quickly
- Dries fast with no residue left behind
- Safe on most surfaces and finishes

Description	For Case Order	P/N
13 oz. Aerosol	12	531850

Multipurpose Lube

- Penetrating lubricant that leaves behind a superior lubricating film
- Displaces moisture, lubricates and has excellent solvent capabilities
- Great for lubing cables, pivot points and other areas without disassembly

Description	For Case Order	P/N
16 oz. Aerosol	12	531851

Chain Lube

- Clear formula lubricates and protects the chain from corrosion
- Will not attract dirt or fling off
- For O-ring and non O-ring chains

Description	For Case Order	P/N
13 oz. Aerosol	12	531853

Air Filter Cleaner

- Designed for both fiber and foam filters
- Easy spray-on and rinse-off formula
- Will not harm filters

Description	For Case Order	P/N
16 oz. Aerosol	12	531856

PROVIDES SUPERIOR AIRFLOW

Fiber Filter Oil

- Designed for fiber filters
- Special formula provides superior airflow while capturing more dirt
- Red color aides in application
- Oil stays in place until cleaned

Description	For Case Order	P/N
16 oz. Aerosol	12	531854

Foam Filter Oil

- Designed for foam filters
- Special formula provides superior airflow while capturing more dirt
- Red color aides in application
- Oil stays in place until cleaned

Description	For Case Order	P/N
13 oz. Aerosol	12	531855

All Purpose Grease

- 100% waterproof
- Excellent adhesion properties keeps the grease in place
- Provides maximum protection against heat and pressure

Description	For Case Order	P/N
16 oz.	12	531852

DOT 4 Brake Fluid

- Exceeds all O.E.M. specifications
- Safe for use in all DOT 3 and DOT 4 systems
- Formulated for superior performance and longevity

Description	For Case Order	P/N
8 oz.	24	531857

NEW! Quick Detailer

- Cleans and shines all surfaces safely and quickly without using water
- No need for scrubbing, rinsing or drying
- This great smelling formula contains no harsh solvents and is fortified with Polyease Protection to give your bike a deep, rich shine that protects from UV damage, acid rain and water spotting
- Its high-lubricating agents encapsulate dirt and grime so that it is safely and easily removed without scratching surfaces
- Just spray, wipe and you're done

Description	For Case Order	P/N
4 oz.	12	532302
22 oz.	12	532303

NEW! Bike Wash

- Formulated to remove grease, dirt and road grime, our Bike Wash will leave your bike shiny clean
- Simply spray-on and rinse-off, no scrubbing needed; safe for all bike surfaces when used as directed
- Non-corrosive and biodegradable
- Made in USA

Description	For Case Order	P/N

NEW! Bug Remover

- Formulated using advanced, clear-coat safe surfactants, BikeMaster® Bug Remover breaks down and dissolves acidic bug proteins before they can cause permanent damage
- Application as simple as spraying-on and wiping-off, no rinsing required
- Safe on paint, windshields, glass, chrome, aluminum, radiators, fork tube finishes and plastic trim

Description	For Case Order	P/N
22 oz.	12	532304

CLEANS AND SHINES.
SAFE FOR ALL BIKE SURFACES.

NEW! Paint Polish

- BikeMaster® Paint Polish is a buffered swirl mark reducer, color restorer and gloss enhancing polish
- Great for restoring full-gloss after compounding or to remove fine scratches, swirl marks or light oxidation
- For best results, follow with BikeMaster Poly Wax

Description	For Case Order	P/N
8 oz.	12	532305

NEW! Metal Polish

- Our thick, no-run formula cleans, polishes and preserves most metal surfaces, including chrome, aluminum, brass, nickel, stainless steel, bronze, copper, platinum and more
- This product makes billet aluminum shine like chrome and makes chrome shine like new

Description	For Case Order	P/N
8 oz.	12	532307

NEW! Poly Wax

- Provides long-lasting protection from dirt, road salts, detergents and oxidation
- This easy-to-use formula delivers a deep, wet-looking, high-gloss shine without the hard work of traditional waxing
- BikeMaster® Poly Wax can be used in full sunlight and leaves no white residue
- For best results, prep surface with BikeMaster Paint Polish

Description	For Case Order	P/N
8 oz.	12	532306

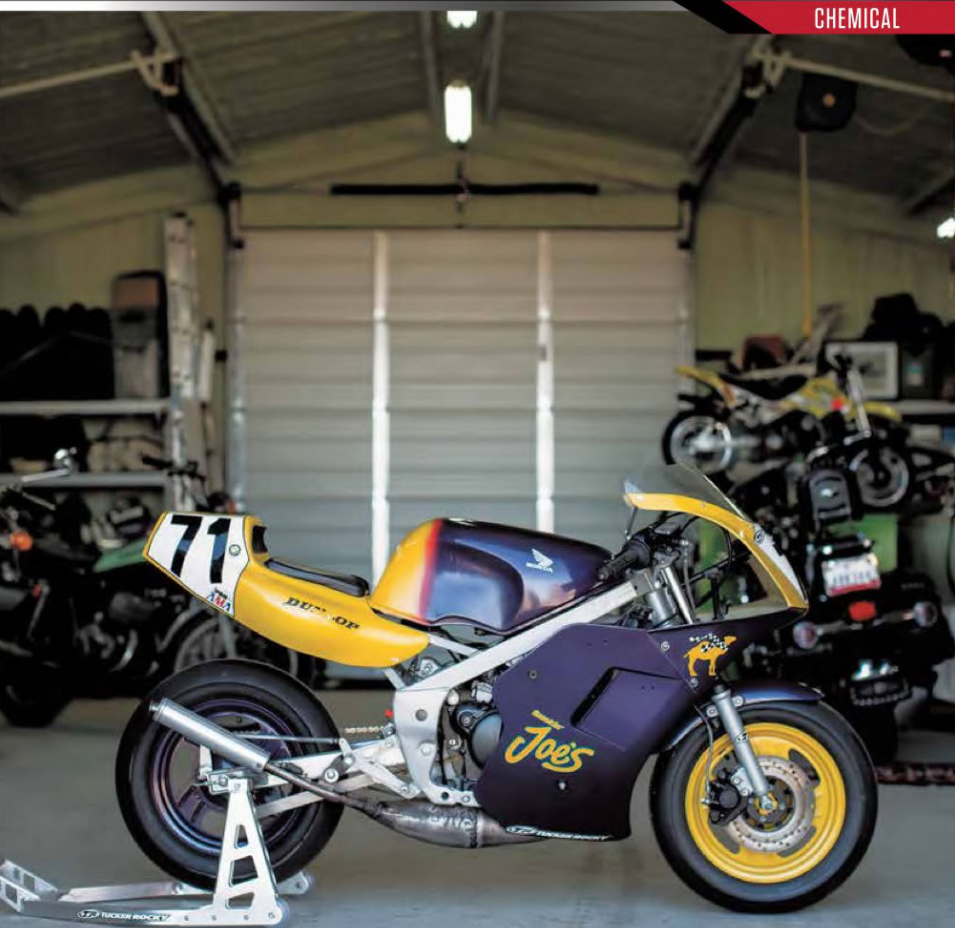

INCREASES FUEL MILEAGE AND HORSEPOWER

NEW! Fuel-Tek Fuel Treatment

- Complete fuel treatment that stops ethanol fuel problems, cleans and lubricates your fuel system and boosts octane up to 4 points
- Enjoy increased fuel mileage and horsepower; stabilizes fuel for up to 36 months
- Safe for use in all 2- and 4-Cycle gasoline engines
- Sold as a countertop display with (24) 1 oz. bottles

532308

1989 YSR-50/CR-80

About the bike:

Big things can come from small packages. Everyone knows how fun the Yamaha® YSR-50s were to ride. They handled just like their big brothers and, with a little work, were serious racing fun. Such is the case with the Smokin' Joe's 1989 YSR-50/CR-80 little rocket. A freshly rebuilt Honda® CR-80 liquid-cooled, 2-Stroke engine was custom graphed to the YSR-50 chassis. The swingarm was extended two inches to handle the increased power and, since the power plant was from a Honda®, a cool Honda® race team paint scheme was needed to finish the project.

Compressed Towellettes

- Manufactured from compressed fabric with 70,000 lbs. of pressure
- Add just a little bit of water to expand the towellettes back to their full size (23mm x 35mm, 9" x 10")
- Supplied with a 10-piece carrying tube
- Slip into your pocket or backpack and stay clean

Description **P/N**
50-Piece Pack with 10-Piece Carrying Tube **151600**

EXPANDS TO
9" x 10"

HOLDS 10X ITS
WEIGHT IN WATER

151603

151602

Super Soak Sponge

- Holds 10x its own weight in water
- Keeps the water inside the sponge until you are ready to squeeze it out, making it safe to use on your bike's finish
- Soft and durable
- Can be cut to custom sizes to suit your needs
- Dries out light so it is easy to carry around; simply wet the sponge to soften and get it ready for work

Size	Dimensions	P/N
Large	6-3/4"L x 3"W x 1-1/2"H	151602
Regular	4-1/4"L x 2"W x 1-1/2"H	151603

Microfiber Towel

Perfect for cleaning, polishing, wax removal and drying.

This towel is super-absorbent, washable, reusable and tough enough for the hard jobs. Made from split-combined polyester and polyamide fibers, the material is soft to the touch, but hard on dirt.

- Larger size makes it perfect for bigger jobs
- Wash in regular detergent, without softeners

Size	Dimensions	P/N
Large	22" x 22"	151604
Regular	8-1/2" x 8-1/2"	151605

151605

151604

AIR FILTERS

— TRIPLE-LAYER PROTECTION —

Street Air Filters

- Precision-woven, 304 stainless steel, outer-screen construction
 - Triple-layer protection
 - Increased air flow over stock filter, so may require re-jetting or re-mapping
 - Corrosion-resistant
 - Environmentally friendly
 - Washable and reusable
 - Will last the lifetime of your vehicle with proper care
- Note: Products may not be legal for sale or use in California or in other localities due to state and/or federal anti-tampering laws.*

Information about Anti-Tampering Laws

Federal and state "anti-tampering" laws regulate modifications that affect emissions from motor vehicles, including motorcycles. For example, California's anti-tampering laws prohibit the sale, installation and on-highway use of any add-on or modified emissions-related part (e.g., fuel injection systems, re-jetting of carburetors, aftermarket catalytic converters) on any pollution-controlled motorcycles unless the part has received an exemption from the California Air Resources Board ("CARB"). Non-exempt products may be legal for use on certain older model motorcycles or racing vehicles, which are never used upon a highway. For a list of CARB-exempted aftermarket critical emission control parts for highway motorcycles, see <http://www.arb.ca.gov/msprog/aftermkt/motorcycle1/exemphmc.pdf>. (See also CARB's web page on "Motorcycle Aftermarket Parts" at <http://www.arb.ca.gov/msprog/aftermkt/motorcycle1/motorcycle1.htm>.) The law authorizes CARB to pursue legal remedies, including substantial fines and penalties, against those who violate these anti-tampering laws. Modifications that increase emissions from motorcycles can be illegal in certain states in addition to California.

1993 YAMAHA® TZ-250

About the bike:

Few people have had the true pleasure of racing a proper grand prix bike. Those few know there is a big difference between a converted street bike and a purpose-built race bike direct from the factory. With the ability to outright embarrass large displacement sportbikes, cutting edge handling, unbelievable power-to-weight ratio and brakes that can launch a rider through the windscreen, the quarter-liter Yamaha® TZ-250 is one such machine that demands respect.

OIL & FUEL

— STAY CLEAN WHEN YOU GET DIRTY —

FILTERS

BikeMaster® Street Oil Filters

- Made in the same factory as many O.E.M. filters
- Exceeds O.E.M. standards for filtration and service life
- High-quality materials for use with standard and synthetic oils
- Low internal resistance allows for maximum oil flow
- Internal check valve prevents oil draining down and drying out
- Tough steel casing and base plate, with a durable seal

2001 KTM® 300MXC

About the bike:

The KTM 300 was the perfect choice for those that chose not to follow the masses. A true stand out from the 'dime a dozen' Japanese bikes, the 300cc two-stroke motor gave it more power than a 250cc, but without ripping your arms off like a 500cc. The happy medium. With top of the line components, the KTM 300MXC was ready to shred right out of the crate.

ATV Oil Filters

- Made in the same factory as many O.E.M. filters
- Filters exceed O.E.M. standards for filtration and service life
- High-quality materials allow for use with standard and synthetic oils
- Low internal resistance allows for maximum oil flow
- Internal check valve presents oil drain down and dry starts
- Tough steel casing and base plate, with high-quality seal

In-line Fuel Filter

- These quality fuel filters will make sure that your carburetor jets or fuel injection will not be blocked
 - An inexpensive way to protect your vehicle and a must for any older machines
 - Fits 1/4 in. ID fuel hose
 - Sold in card of six, retail priced individually
- 151794

Chrome Fuel Filter

- Rebuildable and constructed from metal and glass
- Show-quality chrome
- Fits 5/16 in. ID fuel line
- Sold in card of six, retail priced individually

Description	P/N
Fuel Filter	151797
Replacement Element	152138

Aluminum In-line Fuel Filters

- Made from aircraft-quality aluminum
- Removable, cleanable element for years of service
- O-ring seals body for no leaks
- 1-1/4 in. body length allows it to be mounted to almost any bike
- Fits 1/4 in. ID fuel hose
- Available in sleek black or cool titanium color

Description	P/N
Titanium	152401
Black	152402

90° Horizontal Fuel Filter

- Fits in spaces that top-to-bottom 180° filter will not
 - Installs in less space and directs fuel lines in the right direction
 - Fits 1/4 in. ID fuel line
 - Sold in card of six, retail priced individually
- 151796

Steel Magnetic Oil Drain Plugs

Protect your bike.

- Powerful magnets embedded in the plugs catch any ferrous metallic particles that might be scraped from cylinder walls or gears, etc.
- Simply clean metallic particles off next time you drain the oil
- Select by size

Note: Check to ensure that there is sufficient clearance for magnetic drain plugs prior to use. Install the plug and slowly turn the engine over by hand, making sure that there is no contact with any internal engine components.

Size	P/N
10mm x 1.25mm	151887
10mm/1.5	151627
12mm/1.5	151681
14mm/1.25	151682
14mm/1.5	151683
16mm/1.5mm	151943

BRAKE

Street Brake Pads and Shoes

Designed for the highest quality and a perfect fit, BikeMaster® Brake Pads and Shoes are intended to be a direct replacement for O.E.M. pads and shoes and meet or exceed O.E.M. performance.

- Brake Pads are formulated for high-performance stopping power and a long service life

- Brake Shoes come complete with new springs
- Sintered Brake Pads are manufactured from special metallics and other compounds, which are fused together with high-heat and pressure
- Sintered Brake Pads offer increased performance, higher heat resistance and longer life than our everyday pads

2006 Yamaha® YZF1000 R1 LE

About the bike:

The Limited Edition R-1, with its special 50th anniversary livery, truly separated itself from the standard version. The striking yellow race graphics paid homage to the early race days of Yamaha®. What really set the R-1LE apart was the Ohlins® suspension and Marchesini® wheels. A back torque-limiting slipper clutch and a lap timer rounded out the package, making the LE truly a street legal racer. Only 500 units were produced for the United States market.

Offroad Brake Pads And Shoes

Designed for the highest quality and a perfect fit, BikeMaster Brake Pads and Shoes are intended to be a direct replacement for O.E.M. pads and shoes and meet or exceed O.E.M. performance.

- Brake Pads are formulated for high-performance stopping power and a long service life
- Brake Shoes come complete with new springs
- Sintered Brake Pads are manufactured from special metallics and other compounds, which are fused together with high-heat and pressure
- Sintered Brake Pads offer increased performance, higher heat resistance and longer life than our everyday pads

ATV Brake Pads and Shoes

Designed for the highest quality and a perfect fit, BikeMaster Brake Pads and Shoes are intended to be a direct replacement for O.E.M. pads and shoes and meet or exceed O.E.M. performance.

- Brake Pads are formulated for high-performance stopping power and a long service life
- Brake Shoes come complete with new springs
- Sintered Brake Pads are manufactured from special metallics and other compounds, which are fused together with high-heat and pressure
- Sintered Brake Pads offer increased performance, higher heat resistance and longer life than our everyday pads

²Three sets required.

Street Brake Rotors

Manufactured by one of Europe's premier disc brake experts—an O.E.M. manufacturer to many well known brands. Totally integrated manufacturing with control over every aspect of the product, using the latest technology in materials, processes and finishes. The very latest in German Aerospace Materials and ISO Certified Quality Management.

- Laser-cut for accuracy to the ten thousandth of an inch
- Utilizes CNC billet-machined aluminum for accuracy, strength and lighter weight
- Designed and developed specifically for increased braking ability and longevity
- Computer aided design ensures maximum strength and minimum weight
- Specially ground to guarantee perfect concentricity and parallelism to prevent warping
- Maximized Area of Surface Technology
- Made in Spain

Offroad Brake Rotors

- Manufactured by one of Europe's premier disc brake experts; an O.E.M. manufacturer to many well known brands
- Totally integrated manufacturing with control over every aspect of the product, using the latest technology in materials, processes and finishes
- The very latest in German Aerospace Materials and ISO Certified Quality Management
- Laser-cut for accuracy to the ten thousandth of an inch
- Utilizes CNC billet-machined aluminum for accuracy, strength and lighter weight (where applicable)
- Designed and developed specifically for increased braking ability and longevity
- Computer aided design ensures maximum strength and minimum weight
- Specially ground to guarantee perfect concentricity and parallelism to prevent warping
- Maximized Area of Surface Technology
- Made in Spain

1978 Honda® CB750 K8

About the bike:

Currently nicknamed, The Landshark, this bike traveled from Japan to the USA by aircraft carrier, new and unassembled in a crate, but now sports 86K road miles. She's on her third owner and was purchased in 1998 "after six months of begging." The tank originally had the beautiful 1977-78 Excel black paint with gold and red trim. "I worked on it so much when I first got it that my wife would come into the garage and say, 'I knew you'd be out here with your mistress.'" Eventually, pinhole leaks corrupted the paint on the gas tank and it was repainted with the Flying Tiger shark face and became 'The Landshark'. The engine has recently been completely overhauled. All the mechanical work was done by the owner, "which is why it took almost a year to complete." The paint is by Pinstripe-Hall-of-Famer, Alton Gillespie. The bike has a lot of hard-to-see little custom touches because it has always been owned by someone in the motorcycle industry. Beside all the BikeMaster tools used to rebuild the engine, the bike is filled with BikeMaster parts and the entire engine top-end has been reinforced with BikeMaster threaded inserts.

Fork Seals and Dust Wipers Retail Pricing

Some fork seal dimensions listed are the actual size of the seals before installation and not the size of the forks. Example, 25.7, 29.5, 29.8, 31.7, 34.7, 38.5, 41.7 and 42mm are the seals actual relaxed ID and not the fork tube size that they are designed to fit.

• Please consult the application chart for the correct seal P/N for each model as it is listed

Information about Federal & State Noise & Emissions Laws

Federal and state noise and emissions laws regulate modifications that affect emissions from motor vehicles, including motorcycles. Before purchasing any emissions-related products for use in California, you should carefully review the information provided herein as California law prohibits the installation and use of many aftermarket emissions-related parts on California highways, and authorizes the recovery of substantial fines and penalties against those who violate California emissions laws. Modifications that increase vehicle emissions can be illegal in certain states in addition to California.

- The exhaust parts in this catalog are generally not legal for sale, or use in California, unless such parts are installed on vehicles that did not come originally equipped with a catalytic converter OR such parts either have received Executive Order ("EO") from CARB's Executive Officer or are installed on racing vehicles which are never used upon California highways. Do not purchase, sell, install or use any of the exhaust parts in this catalog in California unless you have determined that one or more of these conditions apply. End use customers should check with the manufacturers of their vehicles or CARB to determine whether such vehicles came originally equipped with catalytic converters.
- California law generally prohibits the removal of catalytic converters from motorcycles that are used in California.
- In California, it is generally illegal to replace an O.E.M. exhaust part that contains a catalytic converter with an aftermarket part that does not contain a catalytic converter.
- Aftermarket exhaust parts intended for installation on non-catalyst equipped motorcycles are generally presumed to be legal for sale, installation and use in California.
- Aftermarket slip-on mufflers that do not contain catalytic converters are generally legal for use in California unless the muffler being replaced contained a catalyst.
- Aftermarket exhaust parts that contain catalytic converters are generally illegal for sale, installation and use unless they have been exempted and certified by CARB's Executive Officer. Lists of exempted products are available on CARB's website and can be accessed via the hyperlinks provided below.
- California's air pollution control requirements do not generally apply to "racing vehicles," which are used in closed course competitions and are never used on California highways.

"Add-on" and "Modified" Parts

California emissions laws prohibit the installation, sale, advertising, and on- and off-highway use of any "add-on" or "modified" emissions-related part (e.g., exhaust parts or systems) on any pollution-controlled vehicle unless either (a) the part has received an exemption from the Executive Officer ("EO") of the California Air Resources Board ("CARB") or (b) the part is installed on a racing vehicle which is never used upon a highway. See California Vehicle Code §§ 27156 and 38391; see also 13 CCR §§ 2220-2225 ("aftermarket parts" regulations). An "emissions-related part" is defined to mean "any automotive part, which affects any regulated emissions from a motor vehicle which is subject to California or federal emissions standards." 13 CCR § 1900(3). A "modified part" is defined to mean "any aftermarket part intended to replace an original equipment emissions-related part and which is not functionally identical to the original equipment part in all respects which in any way affect emissions, excluding a consolidated part." 13 CCR § 1900(b)(14). An "add-on" part is defined to mean "any aftermarket part which is not a modified part or a replacement part." A "racing vehicle" is defined to mean "a competition vehicle not used on public highways." California Health & Safety Code § 43001.

STOP

Information about Federal & State Noise & Emissions Laws continued

A "replacement part" is defined to mean "any aftermarket part intended to replace an original equipment emission-related part and which is functionally identical to the original equipment part in all respects which in any way affect emissions." 13 CCR § 1900(b)(20). Replacement parts are presumed to be legal for use on pollution controlled vehicles and do not require CARB exemptions. See 13 CCR § 2221; see also CARB's "Replacement Parts Guidelines—Aftermarket, Performance and Add-On Parts Regulations."

In California, exhaust systems (headers or mufflers) intended for installation on non-catalyst equipped motorcycles are considered by CARB to be "replacement parts" and comply with emissions regulations enforced by CARB, provided that all emission controls originally connected to the exhaust manifold are reconnected to the exhaust system and are functioning properly. Similarly, "slip-on" mufflers are generally legal for use in California as "replacement parts" unless the muffler being replaced contained a catalyst. Before purchasing any exhaust products in this catalog, check with the vehicle manufacturer to determine whether the vehicle came originally equipped with a catalytic converter. Before purchasing any slip-on muffler products in this catalog, check with the vehicle manufacturer to determine whether the O.E.M. muffler contains a catalyst.

CARB Executive Orders

The manufacturers of aftermarket "add-on" and "modified" parts are responsible for obtaining exemptions from CARB. Any "add-on" or "modified" emissions-related parts contained in this catalog that are subject to noise or emissions laws may or may not have been evaluated and/or exempted by CARB or other applicable enforcement agencies.

Disclaimer

As a distributor, Tucker Rocky makes no representation or warranty with respect to whether the items in this catalog are legal for sale, installation or on-highway use in California or in any other state. Customers that purchase, install, and use the emissions-related products in this catalog must comply with all applicable laws. When purchasing, installing and using add-on or modified aftermarket parts, the purchaser is responsible for ensuring that such parts are "replacement parts," have received CARB exemptions or will be installed on racing vehicles which are never used upon California highways. Consult with the manufacturer as to any such exemptions before purchasing any add-on or modified emissions-related parts for use in California or elsewhere.

For additional information about the sale and use of aftermarket exhaust systems in California, see the Motorcycle Industry Council's responses to "Frequently Asked Questions about Aftermarket Exhaust Systems for Motorcycles and ATVs in California."

YOUR BIKEMASTER TEAM

BikeMaster believes in dedicated customer service, quality-driven products and building an ever expanding portfolio of the tools, parts and accessories you need. When you combine that with decades of experience among a group of life-long enthusiasts and riders, you have a brand you can rely on. Whether you're reviving a classic, enhancing performance, or maintaining what you have, the team at BikeMaster® has your back every single day.
