

2018

We're obsessed with the power of great design. With innovations that make life easier, better and more fun. And with products that anticipate what customers need before they even realize it.

— IT'S WHAT'S NEXT.

# THE EARTH ELEMENTS MOUNT SERIES

A powerful new magnetic mounting solution.

- Powerful magnets safely and securely hold your mobile device with or without a case
- Easy, one-handed operation with full access to all device controls
- Patent pending design includes hidden magnets for a cleaner look

Interactive packaging presents a creative way to highlight product features and benefits.

## Si Smartphone Dash Mount

- Temporbond technology mounts to most hard or textured surfaces
- Includes cord management

BT1-635-2

## O<sub>2</sub> Smartphone Vent Mount

- Compatible with most horizontal, vertical and round air vent louvers
- Includes cord management

BT1-636-2

## Ti Smartphone Power Dock

- Flexible gooseneck design for precise angle adjustments and positioning
- 2.1A charge for faster charging

BT1-656-2

## Fe Replacement Metal Plates

BT1-637-2

This 3 pack of metal plates is for people with new phones, or those that want to have the ability to use more than one device with our Ee Mount Series.

## TekGrip Mounts

The perfect mounting solution for your smartphone, GPS or other portable device. The TekGrip Mounts feature “one-click” arm expansion and convenient portrait or landscape viewing when you’re on the go. The mounts compact size makes for easy portability from car to car or when traveling.

- 360° rotation for portrait or landscape viewing
- Folding support legs for added support when needed
- All grips are universal and allow for one-handed use

Interactive packaging allows customers to test phones of all sizes in the mounts.
