

18x18x24 Inch Black Poly Underbody Truck Box

Buyers Part Number: 1717100

Buyers Products Black Poly Underbody Truck Box provides strength and durability with lightweight and dent-resistant construction.

- Lightweight and dent-resistant high-density polyethylene body and double-wall door design.
- Box contents stay safe and secure behind a molded double-wall lid design.
- Easy-access drop door with solid stainless steel hinge pin.
- Can be mounted on either a flat surface or under-bed (under-bed installation requires mounting brackets, sold separately).
- Shut out weather and theft with the recessed 3-point locking, stainless steel compression latch system.
- Built for long life with aircraft grade cables and an automotive bulb door seal.
- Made in the USA.
