

Installation Instructions

5621010, LED Load Equalizer

To optimize performance, use (1) LED Load Equalizer for each of the (4) turn signals (driver and passenger side front and driver and passenger side rear).

WIRING DIAGRAM

RED: Turn Signal
BLACK: Running Light
WHITE: Ground

⚠ WARNING

Do not mount the LED Load Equalizer on plastic parts. The LED Load Equalizer will get hot during operation. Because of this, it should be securely mounted on a metal part of the chassis.

Do not let the LED Load Equalizer housing come in direct contact with wiring. Sever damage to the wires insulative coating may occur.

Do not use plastic loom or tape to cover the LED Load Equalizer body. Sever damage to the LED Load Equalizer may occur.

Warranty

Buyers Products Co. warrants all truck/trailer hardware manufactured or distributed by it, to be free from defects in material and workmanship for a period of one year from date of shipment. Parts must be properly installed and used under normal conditions. Any product which has been altered, including modification, misuse, accident or lack of maintenance will not be considered under warranty. Normal wear is excluded. The sole responsibility of Buyers Products Co. under this warranty is limited to repairing or replacing any part or parts which are returned, prepaid, and are found to be defective by Buyers Products Co. Authorization from Buyers Products Co. must be obtained before returning any part. No charges for transportation or labor performed on Buyers' products will be allowed under this warranty.
